

**“Pantex/Y-12 National Security Complex and DOE Oak Ridge Office
Consolidated Protective Force Services”**

Summary of Agreements for DOE-OR

The purpose of this document is to provide industry with a summary of the various agreements the current DOE-OR Protective Force Service contractor has executed with the M&O and/or prime contractors operating within their defined scope of work.

Under the current DOE-OR Protective Force services contract, the incumbent contractor has executed Memoranda of Agreement (Agreement or Agreements) with UT/Battelle, LLC Oak Ridge National Laboratory, URS|CH2M Hill Oak Ridge LLC (UCOR), and Material and Chemistry Laboratory, Inc (MCLinc). The incumbent contractor has also executed a Coordination Agreement with Isotek Systems, LLC (Isotek) and a Counter Intelligence Support Site Plan with the DOE Oak Ridge Office of Counter Intelligence (OCI).

1. Agreement between UT/Battelle, LLC Oak Ridge National Laboratory and Wackenhut Services, Incorporated – Oak Ridge (WSI-OR) dated July 31, 2008.

The Agreement establishes the roles and responsibilities and a framework between WSI-OR and UT-Battelle for the execution of their contractual responsibilities to DOE-OR at the Oak Ridge National Laboratory (ORNL). The purpose of this Agreement is to ensure the full implementation of safeguards and security at ORNL in the most effective and efficient manner while meeting all of the legal and contractual requirements of WSI-OR and UT-Battelle to DOE-OR. Areas addressed in this Agreement are Safeguards and Security Responsibilities; Environment, Safety Health & Quality; and Administrative, Logistical and Technical Support.

2. Agreement between Bechtel Jacobs Company, LLC (BJC) and Wackenhut Services, Incorporated – Oak Ridge (WSI-OR) dated September 2009 w/ a Request for Assignment of the Memorandum of Agreement and the Service Agreements between Wackenhut Service, Incorporated – Oak Ridge and Bechtel Jacobs Company, LLC to URS|CH2M Hill Oak Ridge LLC (UCOR), dated July 1, 2011.

The Agreement establishes the roles and responsibilities and a framework between WSI-OR and UCOR for the execution of their contractual responsibilities to DOE-OR at East Tennessee Technology Park (ETTP). The purpose of this Agreement is to ensure the full implementation of safeguards and security at ETTP in the most effective and efficient manner while meeting all of the legal and contractual requirements of WSI-OR and UCOR to DOE-OR. Areas addressed in this Agreement are Safeguards and Security Responsibilities; Environment, Safety and Health; and Administrative, Logistical and Technical Support.

Agreement between Materials and Chemistry Laboratory, Inc. (MCLinc) and Wackenhut Services, Inc. – Oak Ridge (WSI-OR), dated 4/13/2011

This Agreement establishes the roles and responsibilities between MCLinc and WSI-OR for patrol and response services for Building K-1006 at ETPP.

3. Coordination Agreement between Isotek Systems, LLC (ISOTEK) and Wackenhut Services, Incorporated-Oak Ridge (WSI-OR), dated 1/21/10

This agreement establishes the roles and responsibilities in accordance with 10 CFR Part 851.11(a)(2)(ii), which requires contractors to “Coordinate with the contractors responsible for work at the covered workplaces to ensure that there are clear roles, responsibilities and procedures to ensure the safety and health of workers at multi-contractor workplaces.” The 3019 complex is a covered workplace as defined by 10 CFR Part 851.3.

4. Counterintelligence (CI) Support Site Plan for the Performance of Counterintelligence Services between Wackenhut Services, Inc.-Oak Ridge and the Oak Ridge Office of Counterintelligence (OR-OCI), dated 3/3/08.

The purpose of this plan is to document existing CI support, services and associated procedures being provided by OR-OCTI to WSI-OR regarding the conduct and coordination of CI activities and investigations.
