

SRS Interface Input

1. MOA's: The contractor has no MOA's in effect at the Tritium Operations (SRTO) level.
2. AIP's: The contractor has no AIP's in effect at the SRTO level.
3. Subcontracts/Small Business: Nothing at the SRTO level; miscellaneous support is provided via the M&O.
4. Permits: Permits are held at the site level; SRTO interface with the site will be required where applicable. No current permits are exclusive to SRTO.
5. Union Agreements: N/A for SRTO.
6. Leases: At the M&O level, SRTO is currently engaged in one lease agreement with Aiken County for space in the Hydrogen Technology Research Laboratory. This will continue until January 2016, when a decision will be made on continued need for the facility. The current cost of the lease is approximately \$900,000 per year, including utilities and miscellaneous expenses.
