11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

☐ The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers ☐ is extended, ☐ is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required)
See Section G

13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

[redacted]	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation data, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO THE AUTHORITY OF FAR 52.232-22 entitled "Limitation of Funds"
XX	D. OTHER (Specify type of modification and authority) Unilateral. FAR 52.232-22 entitled "Limitation of Funds."

E. IMPORTANT: Contractor X is not, is required to sign this document and return___copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

The purpose of this modification is to obligate funds in the amount of $4,696,766.99.

(Continued on Page 2)

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

AMENDMENT OF SOLICITATION/MODIFICATION OF CONTRACT	1. CONTRACT ID CODE	PAGE OF PAGES 1 | 2

2. AMENDMENT/MODIFICATION NO. A057	3. EFFECTIVE DATE See Block 16c	4. REQUISITION/PURCHASE REQ. NO. 13-99GJ87335.536, 537, 538, 539, 540, 541, 542	5. PROJECT NO. (If applicable) N/A

6. [redacted]Y CODE	7. ADMINISTERED BY (If other than Item 6) CODE
U.S. Department of Energy Grand Junction Office 2597 B3/4 Road Grand Junction, CO 81502-2567	Cheryl A. Thompson (970) 248-6043

8. NAME AND ADDRESS OF CONTRACTOR (No., street, country, State, and ZIP Code)	(✓)	9A. AMENDMENT OF SOLICITATION NO.
		9B. DATED (SEE ITEM 11)
MACTEC-ERS 2597 B3/4 Road Grand Junction, CO 81503	X	10A. MODIFICATION OF CONTRACT/ORDER NO. DE-AC13-96GJ87335
		10B. DATED (SEE ITEM 13) July 22, 1996
CODE FACILITY CODE		

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

☐ The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers ☐ is extended, ☐ is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required)
See Section G

13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

[redacted]	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation data, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
XX	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO THE AUTHORITY OF FAR 52.232-22 entitled "Limitation of Funds"
	D. OTHER (Specify type of modification and authority) Unilateral. FAR 52.232-22 entitled "Limitation of Funds."

E. IMPORTANT: Contractor is not, X is required to sign this document and return ___ copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

The purpose of this modification is to deobligate funds in the amount of ($263,577.45).

(Continued on Page 2)

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

15A. NAME AND TITLE OF SIGNER (Type or print)	16A. NAME AND TITLE OF CONTRACTING OFFICER (Type or print)
Skip Wood Deputy General Manager	Barbara E. Smith Contracting Officer
15B. [redacted]NTRACTOR/OFFEROR (Signature of person authorized to sign)	15C. DATE SIGNED 9/13/99

8. NAME AND ADDRESS OF CONTRACTOR (No., street, country, State, and ZIP Code)

MACTEC-ERS
2597 B3/4 Road
Grand Junction, CO 81503

CODE FACILITY CODE

(✓)	
	9A. AMENDMENT OF SOLICITATION NO.
	9B. DATED (SEE ITEM 11)
X	10A. MODIFICATION OF CONTRACT/ORDER NO. DE-AC13-96GJ87335
	10B. DATED (SEE ITEM 13) July 22, 1996

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

☐ The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers ☐ is extended, ☐ is not extended.

Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required)
See Section G

13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation data, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO THE AUTHORITY OF FAR 52.232-22 entitled "Limitation of Funds"
XX	D. OTHER (Specify type of modification and authority) Unilateral, FAR 52.232-22 entitled "Limitation of Funds."

E. IMPORTANT: Contractor X is not, is required to sign this document and return___copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

The purpose of this modification is to obligate funds in the amount of $4,258,398.06.

(Continued on Page 2)

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

15A. NAME AND TITLE OF SIGNER (Type or print)		16A. NAME AND TITLE OF CONTRACTING OFFICER (Type or print) Cheryl A. Thompson Contracting Officer	
15B. CONTRACTOR/OFFEROR _____ (Signature of person authorized to sign)	15C. DATE SIGNED	16B. UNITED STATES OF AMERICA BY Cheryl A. Thompson (Signature of Contracting Officer)	16C. DATE SIGNED 7/26/99

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

☐ The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers ☐ is extended, ☐ is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required)
See Section G

13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS, IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

[redacted] THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT NO. IN ITEM 10A.

	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation data, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
XX	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO THE AUTHORITY OF FAR 52.232-22 entitled "Limitation of Funds"
	D. OTHER (Specify type of modification and authority) Unilateral, FAR 52.232-22 entitled "Limitation of Funds."

E. IMPORTANT: Contractor is not, X is required to sign this document and return 3 copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

The purpose of this modification is to deobligate funds in the amount of ($100,463.00).

(Continued on Page 2)

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

		10B. DATED *(SEE ITEM 13)* July 22, 1996
CODE FACILITY CODE		

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

☐ The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers ☐ is extended, ☐ is not extended.

Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA *(If required)*
See Section G

13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS, IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: *(Specify authority)* THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES *(such as changes in paying office, appropriation data, etc.)* SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO THE AUTHORITY OF
XX	D. OTHER *(Specify type of modification and authority)* **Unliateral, FAR 52.232-22 entitled "Limination of Funds."**

E. IMPORTANT: Contractor X is not, is required to sign this document and return____copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION *(Organized by UCF section headings, including solicitation/contract subject matter where feasible.)*

The purpose of this modification is to obligate funds in the amount of $20,431.00.

(Continued on Page 2)

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

☐ The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers ☐ is extended, ☐ is not extended.

Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA *(If required)*
See Section G

13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS, IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

[redacted]	THIS CHANGE ORDER IS ISSUED PURSUANT TO: *(Specify authority)* THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT NO. IN ITEM 10A.
XX	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES *(such as changes in paying office, appropriation data, etc.)* SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO THE AUTHORITY OF
	D. OTHER *(Specify type of modification and authority)*

E. **IMPORTANT:** Contractor X is not, is required to sign this document and return___copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION *(Organized by UCF section headings, including solicitation/contract subject matter where feasible.)*

This is an administrative modification to correct funding information.

(Continued on Page 2)

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

15A. NAME AND TITLE OF SIGNER *(Type or print)*		16A. NAME AND TITLE OF CONTRACTING OFFICER *(Type or print)* Cheryl A. Thompson Contracting Officer

1 **The purpose of this administrative modification is as follows:**

To combine duplicative entires that are the result of recast or incorrect funding sources.

To correct all allotment symbol prefixes from GJ to AL

To combine duplicative entries that are the result of updated allotment and/or appropriation symbols.

To add fund types for those entires without them.

To rearrange reconciling transfer entries by customer and by fund type.

To document and explain the revisions necessary to ensure that the obligations shown on GJO funding modifications match the obligations shown in the AL financial system. An ~~upward~~ downward adjustment of $13,328.80 to the GJO modification total is necessary to make the GJO modification total equal the AL obligation records for this contract.

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

☐ The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers ☐ is extended, ☐ is not extended.

Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA *(If required)*
See Section G

13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS, IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

☐ A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: *(Specify authority)* THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT NO. IN ITEM 10A.

☐ B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES *(such as changes in paying office, appropriation data, etc.)* SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).

☒ C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO THE AUTHORITY OF **FAR 52.217-9, Option to Extend the Term of the Contract**

☐ D. OTHER *(Specify type of modification and authority)*

E. **IMPORTANT:** Contractor is not, X is required to sign this document and return 3 copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION *(Organized by UCF section headings, including solicitation/contract subject matter where feasible.)*

The purpose of this modification is to exercise the first option period and update the contract to reflect the award fee available and the award fee paid to date.

(Continued on Page 2)

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

1. Clause F.02, **PERIOD OF PERFORMANCE**, is revised to delete 36 months and replace it with 48 months and delete two (2) additional one-year periods and replace it with one (1) additional one-year period.. The clause will now read as follows:

F.02 PERIOD OF PERFORMANCE

The final completion of this contract, including completion and submission of all reports required by Part III, Section J, Attachment B, shall be 48 months after the effective date of this contract. All services under the contract may be extended for one (1) additional one-year period in accordance with the Section B paragraph entitled "Option to Extend the Duration of the Contract Services." If the option period is exercised, the total contract term shall be completed 60 months after the effective date of the contract.

2. Clause H.20, **DISTRIBUTION OF AWARD FEE POOL**, paragraph a, is deleted in its entirety and replaced with the following. This revision adds the award fee available for the first option period and updates the award fee earned to date.

H.20 DISTRIBUTION OF AWARD FEE POOL

a. Award fee. For award fee determination purposes, the contract shall be divided into six-month periods. The Award Fee Pool attributable to each six-month award fee period is shown below.

Award Fee Period	Available Award Fee Pool	Award Fee Earned
10/1/96 - 3/31/97	$ 869,347	$ 186,040
4/1/97 - 9/30/97	869,347	682,437
10/1/97 - 3/31/98	651,113	506,666
4/1/98 - 9/30/98	651,113	
10/1/98 - 3/31/99	618,831	
4/1/99 - 9/30/99	618,831

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

☐ The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers ☐ is extended, ☐ is not extended.

ffers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods:

) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By eparate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGE-ENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF OUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter akes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

2. ACCOUNTING AND APPROPRIATION DATA *(If required)*
See Section G

3. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS, IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: *(Specify authority)* THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES *(such as changes in paying office, appropriation data, etc.)* SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
X	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO THE AUTHORITY OF **Mutual Agreement of Parties**
	D. OTHER *(Specify type of modification and authority)*

. **IMPORTANT:** Contractor is not, X is required to sign this document and return 3 copies to the issuing office.

4. DESCRIPTION OF AMENDMENT/MODIFICATION *(Organized by UCF section headings, including solicitation/contract subject matter where feasible.)*

he purpose of this modification is to delete the ceiling rate for the Corporate G&A, revise the allowable home ffice expenses, and incorporate the Cost Savings Incentive Clause in the contract.

(Continued on Page 2)

cept as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

15A. NAME AND TITLE OF SIGNER *(Type or print)*	16A. NAME AND TITLE OF CONTRACTING OFFICER *(Type or print)*
DEAN W. QUAMME · General Manager	Cheryl A. Thompson Contracting Officer

15B. CONTRACTOR/OFFEROR	15C. DATE SIGNED	16B. UNITED STATES OF AMERICA	16C. DATE SIGNED
(Signature of person authorized to sign)	4/24/98	BY *(Signature of Contracting Officer)* Cheryl A. Thompson	4/29/98

The purpose of this modification is to eliminate the ceiling Corporate G&A rate and in its place show a ceiling dollar amount for the actual Corporate Home Office expenses that can be charged to this contract. This modification also adds the Cost Savings Incentive clause to the contract.

1. Clause H.33, LIMITATION ON INDIRECT RATES, is deleted in its entirety and the replaced with the following.

"H.33 LIMITATION ON INDIRECT RATES

Notwithstanding any other clause(s) of this contract, the Government shall not reimburse the Contractor for any indirect costs in excess of the indirect expense dollars derived for each of the Contractor's fiscal years by the application of the following individual indirect cost ceiling rates to the appropriate base outlined below. All indirect costs in excess of said amount(s) shall be borne by the Contractor.

	Indirect Cost Ceiling Rates					
	FY 96	FY97	FY98	FY99	FY00	FY01
Fringe Benefit - Total Labor Dollars*	35.11	35.11	35.11	35.11	35.11	35.11

* Accepted contingent upon equitable adjustment should medical insurance costs rise at a rate greater than labor escalation.

The indirect cost limitation set forth above include provisions for all known increases that shall take place during the term of this contract resulting from statute, court decisions, and/or written ruling or regulation by the Internal Revenue Service or any other taxing authority. However, in the event that during the term of this contract any other statute, court decision, and/or written ruling or regulation affects the Contractor's indirect costs, the indirect cost limitations shall be adjusted to the extent the Contracting Officer determines the increase or decrease, if any, said statue, court decision, and/or ruling or regulation impacts the Contractor's indirect costs."

2. Clause H.32, CORPORATE HOME OFFICE EXPENSES, is deleted in its entirety and replaced with the following.

"H.32 CORPORATE HOME OFFICE EXPENSES

Corporate home office expenses charged to this contract shall not exceed the amount stated below without the prior approval of the Contracting Officer. The amount actually charged to this contract will be based on actual costs incurred by the corporate office for the expense categories included in the Best and Final Offer dated March 29, 1996.

Government Fiscal Year	Ceiling Amount
FY 1996	$ 225,548
FY 1997	$ 1,020,623
FY 1998	$ 1,009,516
FY 1999	$ 828,863 (through July 21, 1999)

Corporate Fiscal Year	Ceiling Amount
FY 1996	$ 322,642
FY 1997	$ 1,007,805
FY 1998	$ 1,009,671
FY 1999	$ 744,983 (through July 21, 1999)

The indirect cost limitation set forth above include provisions for all known increases that shall take place during the term of this contract resulting from statute, court decisions, and/or written ruling or regulation by the Internal Revenue Service or any other taxing authority. However, in the event that during the term of this contract any other statute, court decision, and/or written ruling or regulation affects the Contractor's indirect costs, the indirect cost limitations shall be adjusted to the extent the Contracting Officer determines the increase or decrease, if any, said statue, court decision, and/or ruling or regulation impacts the Contractor's indirect costs."

3. The following Clause H.42, Cost Savings Incentive, is added to the contract.

"H.42, COST SAVING INCENTIVE

It is the Department of Energy's intent to have its facilities operated in the most efficient and cost-effective manner possible. To this end the Contractor shall, in the performance of this contract, assess its operations and identify areas where cost reductions would bring cost efficiency to operations without adversely affecting the level of performance required by the contract. The Government and the Contractor shall share identified cost variances as a result of efficient and cost-effective performance of work scope under this contract.

The Government and the Contractor shall share identified cost variances on the basis of 25% to the Contractor for each dollar of overrun or underrun. Such cost variance should be measured by the difference between the budgeted cost of work performed (BCWP) and the actual cost of work performance (ACWP) for the fiscal year. The negotiated task order amount shall consist of the original task order amounts and any task order modifications that affect the task order scope of work. Net cost savings or cost increases will be payable to or by the Contractor on at least an annual basis, after verification of the savings by the Government."

3. All other terms and conditions of this contract remain unchanged.

	9A. AMENDMENT OF SOLICITATION NO.
	9B. DATED (SEE ITEM 11)
X	10A. MODIFICATION OF CONTRACT/ORDER NO. DE-AC13-96GJ87335
	10B. DATED (SEE ITEM 13) July 22, 1996

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

☐ The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers ☐ is extended, ☐ is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required)
See Section G

13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS, IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT NO. IN ITEM 10A.
XX	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation data, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO THE AUTHORITY OF
	D. OTHER (Specify type of modification and authority)

E. IMPORTANT: Contractor X is not, is required to sign this document and return__copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

See Page 2

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

15A. NAME AND TITLE OF SIGNER (Type or print)		16A. NAME AND TITLE OF CONTRACTING OFFICER (Type or print) Barbara E. Smith Contracting Officer

	10B. DATED *(SEE ITEM 13)* July 22, 1996

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

☐ The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers ☐ is extended, ☐ is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

☐ The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers ☐ is extended, ☐ is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA *(If required)*
See Section G

	ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS, IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.
—	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: *(Specify authority)* THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES *(such as changes in paying office, appropriation data, etc.)* SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).

	10B. DATED (SEE ITEM 13) July 22, 1996

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

☐ The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers ☐ is extended, ☐ is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required)
See Section G

13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS, IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation data, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO THE AUTHORITY OF
XX	D. OTHER (Specify type of modification and authority) FAR 52.232-22, entitled "Limitation of Funds"

E. IMPORTANT: Contractor X is not, is required to sign this document and return___copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

The purpose of this modification is to obligate funding in the amount of $2,347,000.

(Continued on Page 2)

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

15A. NAME AND TITLE OF SIGNER (Type or print)		16A. NAME AND TITLE OF CONTRACTING OFFICER (Type or print) Cheryl A. Thompson Contracting Officer

The purpose of this modification is to include a clause in Section H which will allow the contractor to utilize Grand Junction Office Site Employees on other projects they may have outside the scope of this contract.

1. Section H is modified to add the following new clause.

H.41 USE OF GRAND JUNCTION OFFICE SITE EMPLOYEES

The Contractor may utilize its employees working on this contract to perform other work performed by the Contractor outside the scope of work of this contract. This work shall be performed off the Grand Junction Office site on a non-interference basis with DOE work. The work must not present a conflict of interest with work performed under the current contract. The Contractor may not use government facilities, equipment, material or supplies provided under this contract to perform this other work. The costs for this other work will not be charged to this DOE contract or any other Government contract unless a Government entity is the contracting party. All such costs must be segregated from the costs under the current contract.

2. All other terms and conditions of this contract remain unchanged.

1. Wherever Grand Junction Projects Office is shown in the contract it is deleted and replaced with Grand Junction Office. Also DOE-GJPO is replaced with DOE-GJO wherever it is shown in the contract.

2. Clause B.05, **DOWNWARD ADJUSTMENTS TO BASE AND AWARD FEE POOL**, is deleted in its entirety. This clause is being deleted to encourage the Contractor to be more cost efficient in performing the work scope of this contract.

3. Clause B.06, **ADMINISTRATIVE COST CEILINGS FOR REMEDIAL ACTION SUBCONTRACTS REIMBURSABLE TRAVEL, AND OTHER DIRECT COSTS**, is revised to show the ceiling amount for relocation costs for the Total Base Period to be $697K rather than $350K. This is per the Contractor's request letter dated September 18, 1996.

4. Clause G.04, **THE DOE MANAGER**, is revised as follows to correct the address and include the name of the current manager.

G.04 THE DOE MANAGER

The DOE Manager and address is as follows:

Department of Energy
Grand Junction Office
2597 B 3/4 Road
Grand Junction, CO 81503
ATTN: Jack B. Tillman, Manager

5. Clause G.07, **ANNUAL INDIRECT COST RATE SUBMISSION**, paragraph e is revised to delete Financial Management Division in the address and replace it with Albuquerque Financial Services Center.

6. Clause H.03, **TECHNICAL DIRECTION**, paragraphs b, d, d(1), and e are revised to reference task orders as well as the contract scope of work and to include reference to the Task Order Monitors (TOM). These paragraphs are revised as follows.

   b. Technical direction must be within the scope of work stated in the contract or task orders. The DOE Manager, COR, or TOM do not have the authority to, and may not, issue any technical direction which:

      (1) Constitutes an assignment of additional work outside the SOW;
      (2) Constitutes a change as defined in the contract clause entitled "Changes;"

(3) In any manner causes an increase or decrease in the total price or the time required for contract performance;

(4) Changes any of the expressed terms, conditions, or specifications of the contract; or

(5) Interferes with the Contractor's right to perform the terms and conditions of the contract.

d. The Contractor shall proceed promptly with the performance of technical direction in the manner prescribed by this clause and within the authority under the provisions of this clause. If, in the opinion of the Contractor, any instruction or direction falls within one of the categories defined in b.(1) through (5), above, the Contractor shall not proceed but shall notify the Contracting Officer in writing within five (5) working days after receipt of any such instruction or direction and shall request the Contracting Officer to modify the contract or task order accordingly. Upon receiving the notification from the Contractor, the Contracting Officer shall:

(1) Advise the Contractor in writing within thirty days after receipt of the Contractor's letter that the technical direction is within the scope of the contract or task order effort and does not constitute a change under the "Changes" clause of the contract;

(2) Advise the Contractor within a reasonable time that the Government will issue a written change order.

e. A failure of the Contractor and the Contracting Officer to agree that the technical direction is within the scope of the contract or task order, or a failure to agree upon the contract action to be taken with respect thereto shall be subject to the provisions of the clause entitled "Disputes - Alternate I."

7. Clause H.05, **GOVERNMENT-FURNISHED PROPERTY**, paragraph a is revised as shown below to reference the FOS contract and paragraph b is deleted in its entirety. Paragraph c is renumbered paragraph b and a new paragraph c is added as shown below. These changes were requested by Albuquerque Operations Office.

H.05 GOVERNMENT-FURNISHED PROPERTY

a. Government property for the performance of this contract will be provided on a custodial basis from the Facility Operation and Support Contractor, Contract Number DE-AC13-96GJ87460.

c. The TAR contractor is authorized the use of vehicles from the General Services Administration (GSA) in the performance of the contract and will submit vehicle requirements to the DOE for approval. If approved, the vehicles will be provided through the FOS Contractor, who will manage all GSA vehicles.

8. Clause H.07, KEY/CRITICAL WORK AREA PERSONNEL, is deleted in its entirety and replaced with the following.

KEY/CRITICAL WORK AREA PERSONNEL

In accordance with clause DEAR 952.235-70, KEY PERSONNEL, the personnel specified in Part III, Section J, Attachment D, LISTING OF KEY/CRITICAL PERSONNEL, are considered essential to the work being performed under this contract. Proposed replacements shall be of comparable experience, education, and ability. The above clause contains a requirement for notification to the Contracting Officer reasonably in advance of diverting of, or substitution for, any of these individuals. That period of time shall not be less than thirty (30) days.

Clause H.08, SUBCONTRACTS, paragraphs d and e are deleted in their entirety and replaced with the following paragraph d. This is to revise the contract to incorporate the requirements of Acquisition Letter 96-06.

"d. Prior to the award of any subcontract for advisory and assistance services, the contractor shall obtain from the proposed subcontractor the disclosure required by DEAR 909.570-7 and shall determine in writing whether the interests disclosed present an actual or significant potential for an organizational conflict of interest. Where an actual or significant potential organizational conflict of interest is identified, the contractor shall take actions to avoid, neutralize, or mitigate to the satisfaction of the contractor the organizational conflict. If the conflict cannot be avoided or neutralized, the contractor must obtain the approval of the DOE contracting officer prior to entering into the subcontract.

10. Clause H.09, SERVICES OF CONSULTANTS, paragraphs c and d are deleted in its entirety and replaced with the following paragraph c. This is to revise the contract to incorporate the requirements of Acquisition Letter 96-06.

"c. For all consultants providing advisory and assistance services under this contract, the contractor shall obtain from the proposed consultant the disclosure required by DEAR 909.570-7 and shall determine in writing whether the interests disclosed present an actual or significant potential for an organizational conflict of interest. Where an

actual or significant potential organizational conflict of interest is identified, the contractor shall take actions to avoid, neutralize, or mitigate to the satisfaction of the contractor the organizational conflict. If the conflict cannot be avoided or neutralized, the contractor must obtain the approval of the DOE contracting officer prior to entering into any agreement with the consultant.

11. Clause H.20, **DISTRIBUTION OF AWARD FEE POOL**, is deleted in its entirety and replaced with the following. This is revised to delete the distribution of award fee on DPLH and distribute the fee equally each award fee period based on the contractor's best and final offer.

H.20 DISTRIBUTION OF AWARD FEE POOL

a. Award Fee. For award fee determination purposes, the Contract shall be divided into six-month periods. The Award Fee Pool attributable to each six-month award fee period is shown below.

Award Fee Period	Available Award Fee Pool
10/1/96 - 3/31/97	$ 869,347
4/1/97 - 9/30/97	869,347
10/1/97 - 3/31/98	651,113
4/1/98 - 9/30/98	651,113
10/1/98 - 3/31/99	610,769
4/1/99 - 6/30/99	305,385
Total Available Award Fee Pool	$3,957,074

b. The aggregate amount of all award fee pools shall be limited to the maximum award fee available as specified in Section B, Paragraphs B.02 and B.04, if options are exercised. Award fee denied during any period pursuant to the Contractor Performance Evaluation Plan shall not be available in subsequent periods.

12. Clause H.21, **PAYMENT OF BASE AND AWARD FEE**, paragraph a, is deleted in its entirety and replaced with the following. This is revised to delete the distribution of base fee on DPLH and equally distribute the base fee.

H.21 PAYMENT OF BASE AND AWARD FEE

a. Base Fee. The Government shall make payment of the base fee in equal monthly increments based on the base fee proposed in the MACTEC-ERS Best and Final

Offer dated March 29, 1996 as adjusted for the negotiation of the fixed fee for the period from July 1, 1996 through September 30, 1996.

13. Clause H.22, **PERFORMANCE EVALUATION PLAN,** paragraph a is deleted in its entirety and replaced with the following new paragraph a. This revision is necessary to delete reference to Attachment E which is being deleted from the contract.

a. A Performance Evaluation Plan upon which the determination of award fee shall be based, the criteria under each area evaluated, and the percentage of award fee, if any, available for each area, shall be unilaterally established by the Government. The Performance criteria shall be provided 30 calendar days prior to the start of the first evaluation period.

14. Clause H.25, **GOVERNMENT-FURNISHED FACILITY**, paragraph a, is deleted in its entirety and replaced with the following. This paragraph is revised to delete reference to the space allocation map included in Attachment C. This map is being deleted from the contract.

H.25 GOVERNMENT-FURNISHED FACILITY

a. The Government shall furnish the Contractor, for contract performance at Grand Junction Office, with adequate office space.

15. Clause H.26, **OBSERVANCE OF LEGAL HOLIDAYS**, second paragraph, is deleted in its entirety and replaced with the following. This paragraph is revised to provide for prior written approval of the Contracting Officer if these holidays are changed.

H.26 OBSERVANCE OF LEGAL HOLIDAYS

The Contractor shall conform to these holidays observed by the Government. If the Contractor substitutes different holiday than those stated above, prior written approval of the Contracting Officer must be obtained. Observance of the above days by the Contractor shall not be cause for additional period of performance or entitlement of compensation except as set forth in the contract.

16. Clause H.29, **DOE ORDERS, DIRECTIVES, AND PROCEDURES**, is deleted in its entirety and replaced with the following.

H.29 DOE ORDERS AND DIRECTIVES

a. The Contractor shall comply with those DOE Orders and Directives provided in Part

III, Section J, Attachment H, Applicable DOE Orders. This list of applicable DOE Orders and Directives may be revised by modification to this contract by the Contracting Officer or his/her authorized representative.

b. The Contracting Officer and his/her representatives expressly authorized in writing to do so are the only Government officials authorized to provide explanations as the applicability of DOE Orders and Directives. The Contracting Officer is the only Government official authorized to resolve possible conflicting requirements involving them.

c. Upon receipt of a new or revised Order or Directive, the Contractor shall review it for consistency with the other terms of this contract and for impacts on funding, manpower and other provisions of the contract. If the Contractor considers the Order to be consistent with the other terms of this contract, and the implementation shall not have a negative impact on the cost, schedule, or other obligations of the Contractor, the Contractor shall establish an implementation schedule, and so advise the Contracting Officer within 30 calendar days of receipt.

d. In the event the Contractor considers the Order or Directive to be inconsistent with the other terms of this contract or the requirements of the Order cannot be implemented within existing funding, manpower, and other provisions of the contract, the Contractor shall so advise the Contracting Officer within 30 calendar days of receipt. Such notice shall include the basis for the claimed inconsistency and the projected cost of implementation in excess of current funding, manpower, and other provisions of the contract. If the Contracting Officer determines compliance with the Order constitutes a change, the Contracting Officer shall issue direction to the Contractor, pursuant to the clause entitled "Changes" concerning appropriate implementation of the Order or Directive.

e. The Contractor shall incorporate the substance of this clause with respect to applicable Orders and Directives, excluding any reference to the Changes clause, in subcontracts for performance of work at the site and as directed by the Contracting Officer.

17. Clause H.33, **LIMITATION OF INDIRECT COSTS**, is revised to change the G&A indirect ceiling rates from 2.3% for FY 1996 to 5.22% and to change the indirect G&A ceiling rate for FY 1997 from 2.27% to 2.8%. This is revised per the Contractor's letters dated November 27, 1996 and March 18, 1997.

18. Clause H.34, **COST REDUCTION PROPOSALS**, paragraph b is revised to change the

definition of "Hard dollar savings" limit from not to exceed the current fiscal year and the next fiscal year to not to exceed the contract completion date of June 30, 1999. The definition of "Instant contract" is added to paragraph b. Paragraph g is revised to change the sharing rate from not to exceed 25 percent to delete the words not to exceed.

H.34 COST REDUCTION PROPOSALS

b. Definitions

"Hard dollar savings" as used in this clause, means cost savings which revert to DOE control and may be available for deobligation in the immediate fiscal year or which shall become available for deobligation in the following fiscal years. Such savings may result from a specific cost reduction effort which is broken out from other effort and negotiated on a Cost Plus Incentive Fee (CPIF)/Fixed Price Incentive (FPI)/Firm Fixed Price (FFP) basis or may result directly from innovative new or changed designs, processes and/or methods initiated by the Contractor and applied to a specific project or program. Such new or changed designs, processes and/or methods must demonstrate a departure from business as usual approach by achieving cost effectiveness in excess of that anticipated by the "expected performance" level set forth in the Task Order. Hard dollar savings are the net savings that result from the difference in the estimated cost of performing an effort/project as originally planned and the actual cost of performing that same effort/project utilizing a revised plan intended to reduce costs, along with any development, implementation and possibly administrative costs associated with the revised plan. Such savings must result in funding being returned to the direct control of DOE. Savings resulting from formal or informal direction given by DOE shall not be considered as hard dollar savings and shall not qualify for incentive sharing. The sharing period for hard dollar savings shall be limited, for purposes of the sharing rate set forth in paragraph (g) below shall not exceed the contract completion date of ~~June 30,~~ July 21, 1999. In order to qualify for sharing, savings must be susceptible to deobligation from the instant contract, whether or not such deobligation takes place.

"Sharing period," means the period beginning with the recording of hard dollar savings as defined in this clause and ending no later than the contract completion date of July 21, 1999.

"Instant contract," means the contract under which the CRP is submitted. It does not include services funded after the sharing period for the specified CRP.

"Contractor's development and implementation costs," as used in this clause, means

those costs the Contractor incurs on a CRP specifically in developing and testing the CRP as well as those costs the Contractor incurs to make the changes necessary for DOE acceptance of a CRP.

"DOE costs," as used in this clause, means those DOE costs that result directly from implementing the CRP, such as any net increases in the cost of testing, operations, maintenance, and logistics support. The term does not include the normal administrative costs of processing the CRP.

"Cost Reduction," means the amount of the decrease in cost of performing, without deducting any Contractor's development or implementation costs, resulting from using the CRP on this contract.

g Sharing Rate

If a CRP is accepted, the Contractor's share in net acquisition savings shall be 25 percent of the savings realized by DOE during the defined sharing period. The Contractor agrees that not less than 15 percent of the Contractor's share of savings shall be retained at the site to be distributed to those employees involved in identifying and/or achieving the cost reduction. The specific share arrangement (targets, share lines, ceilings, etc.) For effort negotiated on an incentive basis shall be set forth in the contractual document authorizing the effort.

19. Clause H.41, **MAKE OR BUY PROGRAM**, is being added to the contract.

H.41 MAKE OR BUY PROGRAM

a. The Contractor shall establish a Make or Buy Program which shall be submitted to the Contracting Officer for approval. The program shall include an analysis of proposed subcontracted effort, the criteria for make or buy decisions, the analysis process, a Make or Buy Plan, and semi-annual reports.

b. A final Make or Buy Plan for FY 1998 will be submitted by August 30, 1997 to the Contracting Officer for review and approval.

c. The Make or Buy Plan will identify those major items to be produced, services and work efforts to be performed by any source. "Buy Item" means an item or work effort to be performed by a subcontractor or the Contractor's parent company, affiliates, subsidiaries, or divisions. "Make Item" means an item or work effort to be produced or performed by the prime contractor. The Make or Buy Plan does not need

to (1) address items, services, or work efforts estimated to cost less than $200,000, (2) commercial items or (3) off-the-shelf items. The Contractor's Make or Buy Plan shall contain the following information:

1. A brief description of each major item, service, or work effort and the associated Task Order and Work Breakdown Structure element;

2. Categorization of each major item, service, or work effort as "Make" or "Buy" with detailed reasons for categorizing items and consideration given to core operations, cost-efficiencies and savings, and program-specific considerations.

3. Designation of any other Contractor location proposed to provide "Make" items, services, or work effort.

4. A "Buy" decision for competitive commercial products, off-the-shelf items, construction, or items containing only prices set by law or regulation, will be listed as "competitive" or, if not competitive, will list the proposed subcontractors, if known, with their location and size status;

5. Any recommendations to defer make or buy decisions when categories of some items, services or work effort is impracticable at the time of submission;

6. The impact of make or buy decisions on the Contractor's existing work force and planned decision implementation dates; and

7. Additional information the Contracting Officer may require to evaluate the Plan.

d. For items deferred at the time of initial approval of the Make or Buy Plan, the Contractor shall, at the earliest possible time, notify the Contracting Officer of each proposed addition and provide justification in sufficient detail to permit evaluation and approval.

e. The Contractor shall submit to the Contracting Officer for approval an annual update to the Make or Buy Plan each June 30 (beginning in 1998 for FY 1999) for the following FY. Specific details of the analyses may be requested by the Contracting Officer. The Contractor may propose changes at any time to the approved plan with reasonable notice in advance of the proposed change by notifying the Contracting Officer in writing, submitting justification in sufficient detail to permit evaluation,

and obtaining Contracting Officer approval.

f. Modifications of the Make or Buy Plan to incorporate proposed changes or additions shall be effective upon the Contractor's receipt of the Contracting Officer's written approval.

g. Make or Buy reports shall be submitted to the Contracting Officer two weeks prior to the end of each award fee period and will address the status or decision implementation plans for the period. These reports will begin in FY 1998.

20. Clause I.01, **CLAUSES INCORPORATED BY REFERENCE**, is revised to delete the following clauses which are no longer applicable.

FAR 52.215-30	Facilities Capital Cost of Money	Sept 1987
FAR 52.237-1	Site Visit	Apr 1984

21. Clause I.01, **CLAUSES INCORPORATED BY REFERENCE**, Section II, DEPARTMENT OF ENERGY ACQUISITION REGULATION (48 CFR CHAPTER 9) CLAUSES, is revised to add the following clause which was inadvertently omitted from the original contract.

DEAR 952.235-70	Key Personnel	Apr 1984

22. Clause I.04, **FAR 52.222-42, STATEMENT OF EQUIVALENT RATES FOR FEDERAL HIRES**, is revised to complete the table shown in the clause.

I.04 FAR 52.222-42, STATEMENT OF EQUIVALENT RATES FOR FEDERAL HIRES (MAY 1989)

In compliance with the Service Contract Act of 1965, as amended, and the regulations of the Secretary of Labor (29 CFR Part 4), this clause identifies the classes of service employees expected to be employed under the contract and states the wages and fringe benefits payable to each if they were employed by the contracting agency subject to the provisions of 5 U.S.C. 5341 or 5332.

This Statement is for Information Only. It is not a Wage Determination.

Employee Class	Monetary Wage--Fringe Benefit
None	None

23. Clause I.01, CLAUSES INCORPORATED BY REFERENCE, is revised to delete clause 952.209-72, ORGANIZATIONAL CONFLICTS OF INTEREST - SPECIAL CLAUSE, and insert the following new clause for organizational conflicts of interest. This new clause incorporates the requirements of Acquisition Letter 96-06.

I.12 ORGANIZATIONAL CONFLICTS OF INTEREST (JUNE 1996, AL 96-06)

a. Purpose. The purpose of this clause is to ensure that the contractor (1) is not biased because of its financial, contractual, organizational, or other interests which relate to the work under this contract, and (2) does not obtain any unfair competitive advantage over other parties by virtue of its performance of this contract.

b. Scope. The restrictions described herein shall apply to performance or participation by the contractor and any of its affiliates or their successors in interest (hereinafter collectively referred to as "contractor") in the activities covered by this clause as a prime contractor, subcontractor, cosponsor, joint venturer, consultant, or in any similar capacity.

(1) Use of Contractor's Work Product

(I) The contractor shall be ineligible to participate in any capacity in Department contracts, subcontracts, or proposals therefor (solicited and unsolicited) which stem directly from the contractor's performance of work under this contract for a period of five years after the completion of this contract. Furthermore, unless so directed in writing by the contracting officer, the contractor shall not perform any advisory and assistance services work under this contract on any of its products or services or the products or services of another firm if the contractor is or has been substantially involved in their development or marketing. Nothing in this subparagraph shall preclude the contractor from competing for follow-on contracts for advisory and assistance services.

(ii) If, under this contract, the contractor prepares a complete or essentially complete statement of work or specifications to be used in competitive acquisitions, the contractor shall be ineligible to perform or participate in any capacity in any contractual effort which is based on such statement of work or specifications. The contractor shall not incorporate its products or services in such statement of work or specifications unless so directed in writing by the contracting officer,

in which case the restriction in this subparagraph shall not apply.

(iii) Nothing in this paragraph shall preclude the contractor from offering or selling its standards and commercial items to the Government.

(2) Access to and use of information.

(I) If the contractor, in the performance of this contract, obtains access to information, such as Department plans, policies, reports, studies, financial plans, internal data protected by the Privacy Act of 1974 (5 U.S.C. 552a), or data which has not been released or otherwise made available to the public, the contractor agrees that without prior written approval of the contracting officer it shall not: (A) use such information for any private purpose unless the information has been released or otherwise made available to the public; (B) compete for work for the Department based on such information for a period of six (6) months after either the completion of this contract or until such information is released or otherwise made available to the public, whichever is first; (C) submit an unsolicited proposal to the Government which is based on such information until one year after such information is released or otherwise made available to the public; and (D) release such information unless such information has previously been released or otherwise made available to the public by the Department.

(ii) In addition, the contractor agrees that to the extent it receives or is given access to proprietary data, data protected by the Privacy Act of 1974 (5 U.S.C. 552a), or other confidential or privileged technical, business, or financial information under this contract, it shall treat such information in accordance with any restrictions imposed on such information.

(iii) The contractor may use technical data it first produces under this contract for its private purposes consistent with subparagraphs (b)(2)(i)(A) and (D) of this clause and the patent, rights in data, and security provisions of this contract.

(c) Disclosure after award.

(1) The contractor agrees that, if changes, including additions, to the facts

disclosed by it prior to award of this contract, occur during the performance of this contract, it shall make an immediate and full disclosure of such changes in writing to the contracting officer. Such disclosure may include a description of any action which the contractor has taken or proposes to take to avoid, neutralize, or mitigate any resulting conflict of interest. The Department may, however, terminate the contract for convenience if it deems such termination to be in the best interest of the Government.

(2) In the event that the contractor was aware of facts required to be disclosed or the existence of an actual or potential organizational conflict of interest and did not disclose such facts or such conflict of interest to the contracting officer, DOE may terminate this contract for default.

(d) Subcontracts

(1) The contractor shall include a clause, substantially similar to this clause, including this paragraph, in subcontracts expected to exceed the simplified acquisition threshold determined in accordance with 48 CFR (FAR) Part 13 and involving performance of advisory and assistance services as that term is defined at 48 CFR (FAR) 37.201. The term "contract", "contractor", and "contracting officer" shall be appropriately modified to preserve the Government's rights.

(2) Prior to the award under this contract of any such subcontracts for advisory and assistance services, the contractor shall obtain from the proposed subcontractor or consultant the disclosure required by 48 CFR (DEAR) 909.570-7, and shall determine in writing whether the interests disclosed present an actual or significant potential for an organizational conflict of interest. Where an actual or significant potential organizational conflict of interest is identified, the contractor shall take actions to avoid, neutralize, or mitigate to the satisfaction of the contractor the organizational conflict. If the conflict cannot be avoided or neutralized, the contractor must obtain the approval of the DOE contracting officer prior to entering into the subcontract.

(e) Remedies. For breach of any of the above restrictions or for nondisclosure or misrepresentation of any facts required to be disclosed concerning this contract, including the existence of an actual or potential organizational conflict of interest at the time of or after award, the Government may terminate the contract for default, disqualify the contractor from subsequent related contractual efforts, and pursue such other remedies as may be permitted by law or this contract.

(f) Waiver. Requests for waiver under this clause shall be directed in writing to the contracting officer and shall include a full description of the requested waiver and the reasons in support thereof. If it is determined to be in the best interests of the Government, the contracting officer may grant such a waiver in writing.

24. Section J, Attachment A, Statement of Work, Section 7, Government Furnished Property, the second paragraph is deleted in its entirety and replaced with the following. This change is requested by Albuquerque Operations Office.

7.0 GOVERNMENT FURNISHED PROPERTY

The Technical Assistance and Remediation Contractor (TAR) will be provided specific property for use in the performance of this contract on a custodial basis from the Facility and Support (FOS) contract and TAR contract employees will comply with all provisions of the property management system developed by the FOS contractor. This includes signing custodial receipts, and ensuring the FOS contractor is notified of equipment in need of maintenance, calibration, or repair.

Section J, Attachment B, **REPORTING REQUIREMENTS CHECKLIST**, is deleted in its entirety and replaced with the Attachment B to this modification. This is being revised to reflect the current reports required from the contractor.

26. Section J, Attachment C, **GOVERNMENT FURNISHED PROPERTY**, is deleted in its entirety. This attachment is covered in clause H.05 and Section 7 of Attachment A.

27. Section J, Attachment D, **KEY/CRITICAL PERSONNEL QUALIFICATIONS**, is deleted in its entirety and replaced with the Attachment D, **LISTING OF KEY/CRITICAL PERSONNEL** to this modification. This is being revised to delete the qualifications and put in the names of the individuals approved for the positions.

28. Section J, Attachment E, **PERFORMANCE-BASED FEE DETERMINATION PROCEDURES**, is deleted in its entirety. This information is included in the Performance Evaluation Plan provided to the Contractor on a semi-annual basis. Attachment E was included in the Request for Proposal for information purposes.

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

☐ The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers ☐ is extended, ☐ is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required)
See Section G

13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation data, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO THE AUTHORITY OF
XX	D. OTHER (Specify type of modification and authority) FAR 52.232-22, entitled "Limitation of Funds"

E. IMPORTANT: Contractor X is not, is required to sign this document and return ___ copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

The purpose of this modification is to obligate funding in the amount of $3,264,633.00

(Continued on Page 2)

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

☐ The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers ☐ is extended, ☐ is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA *(If required)*
See Section G

11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

☐ The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers ☐ is extended, ☐ is not extended. Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGEMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

12. ACCOUNTING AND APPROPRIATION DATA (If required)
See Section G

13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS, IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.

	A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT NO. IN ITEM 10A.
	B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation data, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b).
	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO THE AUTHORITY OF
XX	D. OTHER (Specify type of modification and authority) FAR 52.232-22, entitled "Limitation of Funds"

E. IMPORTANT: Contractor is not, X is required to sign this document and return _3_ copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

The purpose of this modification is to deobligate funding in the amount of $36,622 and to correct the cumulative obligations shown for B&R number EW6020060 on modification A006.

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

14. DESCRIPTION OF AMENDMENT/MODIFICATION *(Organized by UCF section headings, including solicitation/contract subject matter where feasible.)*

The purpose of this modification is to change the performance period for the transition period and establish the fixed fee for the period from July 22, 1996 through September 30, 1996.

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

15A. NAME AND TITLE OF SIGNER *(Type or print)*		16A. NAME AND TITLE OF CONTRACTING OFFICER *(Type or print)*	
Dean L. Quamme General Manager		Cheryl A. Thompson Contracting Officer	
15B. CONTRACTOR/OFFEROR *(Signature of person authorized to sign)*	15C. DATE SIGNED 11/5/96	16B. UNITED STATES OF AMERICA BY *(Signature of Contracting Officer)*	16C. DATE SIGNED 11/12/96

The purpose of this modification is to revise the contract to (1) change the contract number from DE-AC13-95GJ87335 to DE-AC13-96GJ87335; (2) establish the effective date of the contract as July 22, 1996. (3) establish a fixed fee for the period from July 22, 1996 through September 30, 1996; (4) revise the Direct Productive Labor Hours in the contract for the base period to account for the reduced effort during the transition period; (5) revise clause B.06, Administrative Cost Ceilings...; (6) change the period of performance for the transition period; and (7) make administrative changes to the contract.

1. All future correspondence relating this contract should reference the contract number as DE-AC13-96GJ87335. This change is required to show that the contract was awarded in FY 1996 rather than in FY 1995 as indicated by the previous contract number.

2. The effective date for this contract is July 22, 1996. This will be the date used for establishing the final completion of the contract as referenced in Clause F.02, Period of Performance.

3. Clause B.02, Estimated Cost, Base, and Award Fee is deleted in its entirety and replaced with the following. This clause is revised to establish the cost and fixed fee for the transition period and the period from September 5, 1996 through September 30, 1996.

B.02 ESTIMATED COST, BASE, FIXED AND AWARD FEE

a. The estimated cost of this contract as contemplated by the Contract clause entitled "Limitation of Funds" exclusive of the base, fixed, and award fee is $118,429,292.

b. Transition Period Cost and Fixed Fee.

(1) The transition costs, exclusive of fixed, base, or award fee, is $341,281. (This amount is included in item a. above.) The period of performance for the transition period is specified in Section F of this contract.

(2). The fixed fee for the transition period of this contract is $9,739. The fixed fee shall be paid in installments based upon the percentage of completion of work as determined by the Contracting Officer.

d. September 5, 1996 through September 30, 1996.

(1) The costs for the period from September 5, 1996 through September 30, 1996, exclusive of fixed, base, or award fee, is $3,506,852. (This amount is included in item a. above.)

(2) The fixed fee for the period from September 5, 1996 through September 30, 1996 is $183,332. The fixed fee shall be paid in installments based upon the percentage of completion of work as determined by the Contracting Officer.

e. The base fee for this contract is $2,531,747. The base fee shall be payable in accordance with Special Clause Provision H.21 entitled "Payment of Base and Award Fee.

f. The total amount of earned award fee for this contract is $0.

g. The total amount of unearned award fee for this contract is $3,957,074.

h. The total amount of this contract including estimated cost, base fee, fixed fee, earned award fee, and unearned award fee pool remaining on this contract is $125,111,184.

i The total amount allotted to this contract is $4,347,828. (incremental funding). It is estimated that this amount is sufficient to cover performance through September 30, 1996.

j. The award fee for this contract shall be awarded upon the unilateral determination of the DOE's Fee Determination Official that an award fee has been earned. This determination shall be based upon the Fee Determination Official's evaluation of the Contractor's performance measured against the Evaluation Criteria set forth in the Performance Evaluation Plan. Award fee available for each period is as set forth in the Special Contract Provision H.20 entitled "Distribution of Award Fee Pool."

4. Clause B.04, OPTION TO EXTEND THE DURATION OF THE CONTRACT SERVICES, is revised to delete the base fee for the subcontractors from the estimated cost amount and include it in the base fee amount. The clause is revised as follows.

(1) FIRST OPTION PERIOD

Option Period of Performance:	12 months
Estimated DPLH:	565,440
Estimated Cost:	$33,822,154
Base Fee:	766,618
Award Fee:	1,286,027
Total Estimated Cost Plus Base/Award Fee	$35,874,799

(2) SECOND OPTION PERIOD

Option Period of Performance:	12 months
Estimated DPLH:	565,440
Estimated Cost:	$33,321,096
Base Fee:	760,044
Award Fee:	1,281,190
Total Estimated Cost Plus Base/Award Fee	$35,362,330

5 Clause B.03, LEVEL OF EFFORT (LOE)/DIRECT PRODUCTIVE LABOR HOURS (DPLH), paragraph a is deleted in its entirety and replaced with the following.

a. The Contractor shall provide an estimated total of 1,612,260 DPLH over a fixed three year period of performance beginning from the effective date of the contract. The DPLH are defined as actual hours exclusive of vacations, holidays, sick leave, and other absences. The DPLH are inclusive of clerical and administrative support, overtime, travel time during normal duty hours, subcontractors, consultants, and any and all DPLH expenditures.

6. Clause B.06, ADMINISTRATIVE COST CEILINGS FOR REMEDIAL ACTION SUBCONTRACTS, REIMBURSABLE TRAVEL, AND OTHER DIRECT COSTS is revised to indicate that no fee will be paid on travel and training in addition to the relocation costs. Also to revise the relocation costs to the show the correct amount.

B.06 ADMINISTRATIVE COST CEILINGS FOR REMEDIAL ACTION SUBCONTRACTS, REIMBURSABLE TRAVEL, AND OTHER DIRECT COSTS

With regard to the application of the clause entitled "Allowable Cost and Payment," it is understood that the Contractor shall be reimbursed for the reasonable, allowable, and allocable remedial action subcontracts, travel, training, equipment, relocation, and supplies/services costs incurred as established by audit determination consistent with the Federal Acquisition Regulation (FAR) Part 31.2 and DEAR 931.2 to the ceiling amounts of:

Period	Remedial Action Subcontracts (000)	Travel (000)	Training (000)	Equipment (000)	Relocation (000)	Supplies/ Services (000)
Base Period (3 years)	$48,000	$5,605	$966	$3,144	$350	$9,655
Option 1 (1 year)	$ 8,800	$2,007	$346	$1,115	$ 80	$3,457
Option 2 (1 year)	$ 7,400	$2,079	$358	$1,155	$ 80	$3,581

All amounts shown above exclude any applied indirect costs and fee.

It is further understood that there shall be no fee paid on any travel, training, and relocation costs. The estimated costs for remedial action subcontracts, travel, training, equipment, relocation, and supplies/services may be increased or decreased unilaterally by the Contracting Officer any time prior to the completion of this contract. Any such change shall be made only to the extent that any change in the estimated costs is consistent with the technical requirements or is necessary to allow the Contractor to devote its efforts in furnishing the level-of-effort required by this contract. Should such a change be necessary, there shall be no adjustment to the fee (except for the remedial action subcontracts, equipment, and supplies/services which may increase the fee if considered to be additional work.)

7. Clause F.02, PERIOD OF PERFORMANCE, is deleted in its entirety and replaced with the following. This change recognizes the transition period.

F.02 PERIOD OF PERFORMANCE

The final completion of this contract, including completion and submission of all reports required by Part III, Section J, Attachment B, shall be 36 months from the effective date of this contract. Included as part of this 36 months is the transition period from July 22, 1996 through September 4, 1996. All services under the contract may be extended for two (2) additional one-year periods in accordance with clause B.04, Option to Extend the Duration of the Contract Services, and FAR 52.217-9, Option to Extend the Term of the Contract. If the option periods are exercised, the total contract term shall be completed 60 months after the effective date of the contract.

8. Clause G.01, CORRESPONDENCE PROCEDURES, paragraph c is revised to change the address for the Contracting Officer from P. O. Box 14000 to 2597 B 3/4 Road. The

Zip Code is changed from 81502 to 81503.

9. Clause G.04, THE DOE MANAGER, is revised to delete James Lampley and substitute George Rael.

10 Clause I.03, FAR 52.217-9, OPTION TO EXTEND THE TERM OF THE CONTRACT, to delete paragraph c and replace it with the following.

c. The total duration of this contract, including the exercise of any options under this clause, shall not exceed five years.

11. All other terms and conditions of the contract remain unchanged.

B.07	ALLOWABLE TRANSITION COSTS PRIOR TO JULY 1, 1996	B - 4

PART I - SECTION B

SUPPLIES OR SERVICES AND PRICES/COSTS

B.01 SERVICES BEING ACQUIRED

The Contractor shall furnish all personnel, equipment, material, supplies, and services (except as may be expressly set forth in this contract as furnished by the Government) and otherwise do all things necessary for, or incident to providing its best effort to carry out in an efficient and effective manner all required and related services as follows:

Item 1 - Provide management, engineering, and scientific services to include all necessary environmental, safety, and health activities, to support the Department of Energy (DOE) programs in environmental restoration, geosciences, and energy assigned to the Grand Junction Projects Office, located in Grand Junction, Colorado, in accordance with Part III, Section J, Attachment A, Statement of Work (SOW).

Item 2 - Reports in accordance with "Reporting Requirements Checklist" DOE Form 1332.1 as provided in Part III, Section J, Attachment B, and the clause entitled "Uniform Reporting System."

B.02 ESTIMATED COST, BASE, AND AWARD FEE

a. The estimated cost of this contract as contemplated by the Contract clause entitled "Limitation of Funds" exclusive of the base and award fee is $ 186,230,483.

b. The transition cost exclusive of the base and award fee is $ 6,807,535 (Amount included in Item 1. total).

c. The base fee for this contract is $ 3,487,228. The base fee shall be payable in accordance with Special Contract Provision H.21 entitled "Payment of Base and Award Fee."

d. The total amount of earned award fee for this contract is $ -0-.

e. The total amount of unearned award fee for this contract is $ 6,630,603.

f. The total amount of this contract including estimated cost, base fee, earned award fee, and unearned award fee pool remaining on the contract is $ 196,348,313.

g. The total amount allotted to this contract is $_____ (Incremental Funding). It is estimated that this amount is sufficient to cover performance through _____.

h. The Award Fee for this contract shall be awarded upon the unilateral determination of the DOE's Fee Determination Official that an award fee has been earned. This determination shall be based upon the Fee Determination Official's evaluation of the Contractor's performance measured against the Evaluation Criteria set forth in the

Performance Evaluation Plan. Award Fee available for each period is as set forth in the Special Contract Provision H.20 entitled "Distribution of Award Fee Pool."

B.03 LEVEL OF EFFORT (LOE)/DIRECT PRODUCTIVE LABOR HOURS (DPLH)

a. The Contractor shall provide an estimated total of 1,696,320 DPLH over a fixed three-year period of performance beginning from effective date of the contract. The DPLH are defined as actual hours exclusive of vacations, holidays, sick leave, and other absences. The DPLH are inclusive of clerical and administrative support, overtime, travel time during normal duty hours, consultants, and any and all DPLH expenditures.

b. If, during the contract or option period of performance the estimated DPLH are not sufficient or exceed the Government's support requirements for the entire performance period, the Government may require an increase or decrease in the estimated DPLH.

c. The Contractor agrees to promptly enter into negotiations for such an adjustment in DPLH and any contract modification resulting from such negotiations will provide for adjustments in the DPLH, estimated cost, and base/award fee. Equitable adjustments resulting from implementation of this clause shall be made to any affected contract provision in accordance with the procedures of the "Changes" clause.

B.04 OPTION TO EXTEND THE DURATION OF THE CONTRACT SERVICES

The period of performance of this contract may be extended at the unilateral option of the Government in accordance with clause entitled "Option to Extend the Term of the Contract." Written preliminary Notice of Intent to exercise the option must be provided to the Contractor by the Contracting Officer within the period stated in the referenced clause. The Contractor agrees that performance under the option, if exercised hereunder, shall be accomplished within the following estimated cost and base/award fee:

(1) FIRST OPTION PERIOD

Option Period of Performance:	12 months
DPLH:	Estimated DPLH 565,440
Estimated Cost:	$ 33,958,257
Base Fee:	$ 630,515
Award Fee:	$ 1,286,027
Total Estimated Cost Plus Base/Award Fee:	$ 35,874,799

(2) SECOND OPTION PERIOD

Option Period of Performance:	12 months
DPLH:	Estimated DPLH 565,440
Estimated Cost:	$ 33,462,225
Base Fee:	$ 618,915
Award Fee:	$ 1,281,190
Total Estimated Cost Plus Base/Award Fee:	$ 35,362,330

B.05 DOWNWARD ADJUSTMENTS TO BASE AND AWARD FEE POOL

The Government shall accept the final product without a downward adjustment in the base/award fee pool if the LOE provided is within 90-100 percent of the estimated DPLH for a base period of 36 months from the effective date of the contract. If the actual LOE is less than 90 percent of the estimated DPLH, an equitable downward adjustment to the base and award fee pool will be negotiated between the Government and the Contractor.

The Government shall accept the final product without a downward adjustment in the base/award fee pool if the LOE provided is within 94-100 percent of the estimated DPLH for any additional one-year option periods. If the actual LOE is less than 94 percent of the estimated DPLH, an equitable downward adjustment to the base and award fee pool will be negotiated between the Government and the Contractor.

B.06 ADMINISTRATIVE COST CEILINGS FOR REMEDIAL ACTION SUBCONTRACTS, REIMBURSABLE TRAVEL, AND OTHER DIRECT COSTS

With regard to the application of the clause entitled "Allowable Cost and Payment", it is understood that the Contractor shall be reimbursed for the reasonable, allowable, and allocable remedial action subcontracts, travel, training, equipment, relocation, and supplies/services costs incurred as established by audit determination consistent with Federal Acquisition Regulation (FAR) Part 31.2 and DEAR 931.2 to the ceiling amounts of:

PERIOD	REMEDIAL ACTION SUBCONTR*	TRAVEL*	TRAINING*	EQUIPMENT*	RELOCATION*	SUPPLIES/ SERVICES*
Total Base Period (3 years)	$48,000	$5,605	$966	$3,114	$**349,096	$9,655
Option 1 (1 year)	$8,800	$2,007	$346	$1,115	$** 79,500	$3,457
Option 2 (1 year)	$7,400	$2,079	$358	$1,155	$** 79,500	$3,581

Note: Dollars in thousands ($000)

It is further understood that there shall be no fee paid on any relocation costs. In addition, the cost ceilings outlined above for travel and training are administrative limits imposed upon this contract by the DOE. Both Award and Base Fee will be paid on travel and training up to the administrative limits outlined above. If the contractor exceeds the administrative limits, no fee shall be paid on any travel or training in excess of these limits. The estimated costs for remedial action subcontracts, travel, training, equipment, relocation, and supplies/services may be increased or decreased unilaterally by the Contracting Officer any time prior to the completion of this contract. Any such change shall be made only to the extent that any change in the estimated costs is consistent with the technical requirements or is necessary to allow the Contractor to devote its efforts in furnishing the level-of-effort required by this contract. Should such a change be necessary, there shall be no adjustment to the fee (except for the remedial action subcontracts, equipment, and supplies/services which may increase the fee if considered to be additional work).

* All amounts shown above are excluding any applied indirect cost and fee

B.07 ALLOWABLE TRANSITION COSTS PRIOR TO JULY 1, 1996

A Not-to-Exceed cost of $ N/A is approved for transition costs incurred as of the date of award but prior to the effective date of this contract.

PART I - SECTION D

PACKAGING AND MARKING

D.01 PACKAGING

Preservation, packaging, and packing for shipment or mailing of all work deliverable hereunder shall be in accordance with best commercial practice to ensure acceptance by common carrier and safe transportation at the most economical rates.

D.02 MARKING

a. Each package, report, or other deliverable shall be accompanied by a letter or other document which:

(1) Identifies the contract by number under which the item is being delivered.

(2) Identifies the deliverable Item Number or Report Requirement which requires the delivered item(s).

(3) Indicates whether the Contractor considers the delivered item to be a partial or full satisfaction of the requirement.

b. For any package, report, or other deliverable being delivered to a party other than the Contracting Officer, a copy of the document required in a. above, shall be simultaneously provided to the Contracting Officer.

Acceptance of all work and effort under this contract (including "Reporting Requirements,") shall be accomplished by the Contracting Officer, the COR, or any other duly authorized representative.

E.04 QUALITY ASSURANCE PROGRAM

The Contractor shall establish, implement, and maintain a quality assurance program to comply with all applicable quality assurance regulations and requirements of DOE that are communicated to the Contractor by the Contracting Officer.

DELIVERIES OR PERFORMANCE

F.01 CLAUSES INCORPORATED BY REFERENCE

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available.

I. FEDERAL ACQUISITION REGULATION (48 CFR CHAPTER 1) CLAUSE

FAR NUMBER	CLAUSE TITLE	DATE OF CLAUSE
52.212-13	Stop-Work Order (APR 1984) Alternate I	AUG 1989
52.247-34	F.O.B. Destination	JAN 1991

II. DEPARTMENT OF ENERGY ACQUISITION REGULATION (48 CFR CHAPTER 9) CLAUSES

NONE

F.02 PERIOD OF PERFORMANCE

The final completion of this contract, including completion and submission of all reports required by Part III, Section J, Attachment B, shall be 36 months after the effective date of this contract. All services under the contract may be extended for two (2) additional one-year periods in accordance with the Section B paragraph entitled "Option to Extend the Duration of the Contract Services." If the option periods are exercised, the total contract term shall be completed 60 months after the effective date of the contract.

F.03 PRINCIPAL PLACE OF PERFORMANCE

Primary performance will take place on-site at DOE-GJPO, located in Grand Junction, Colorado. A major project under this contract will be performed at Monticello, Utah. Other places of performance will be identified by task order.

PART I - SECTION G

CONTRACT ADMINISTRATION DATA

G.01 CORRESPONDENCE PROCEDURES

To promote timely and effective administration, correspondence (except for invoices and reports) submitted under this contract shall be subject to the following procedures:

a. Technical Correspondence. Technical correspondence (as used herein, excludes technical correspondence where patent or technical data issues are involved and correspondence which proposes or otherwise involves waivers, deviations, or modifications to the requirements, terms, or conditions, of this contract) shall be addressed to the DOE Contracting Officer Representative (COR), with an information copy of the correspondence to the DOE Contracting Officer or Contract Specialist.

b. Other Correspondence. Other correspondence shall be addressed to the DOE Contracting Officer, or DOE Contract Specialist, with information copies of the correspondence to the DOE COR and to the DOE Patent Counsel (if patent or technical data issues are involved).

c. The DOE Contracting Officer's Address. The Contracting Officer's address and phone number are as follows:

Contracting Officer/Contract Specialist
Department of Energy
Grand Junction Projects Office
P. O. Box 14000
Grand Junction, CO 81502
ATTN: Cheryl A. Thompson

Telephone Number: (970) 248-6043

d. Subject Line(s). All correspondence shall contain a subject line commencing with the contract number, as illustrated below:

"SUBJECT: Contract No. (Insert the contract number from cover page BLOCK 2) (Insert subject topic after contract number; e.g., 'Request for subcontract placement consent')."

G.02 THE DOE CONTRACTING OFFICER'S REPRESENTATIVE (COR)

The work to be performed under this contract is subject to the monitoring of one COR who shall be specifically designated by the Contracting Officer in writing. A copy of the designation shall be furnished to the Contractor. The COR's responsibility shall be to coordinate with the Contractor in the administration of the technical aspects of this contract and to provide technical direction pursuant to the Special Contract Requirement H.03, entitled, "Technical Direction."

G.03 GOVERNMENT CONTACT FOR CONTRACT ADMINISTRATION

The Contractor shall use the DOE Contracting Officer as the focal point for all matters regarding this contract except technical matters (see Clause G.01a., above, for definition and G.01c. for address).

G.04 THE DOE MANAGER

The DOE Manager and address are as follows:

Department of Energy
Grand Junction Projects Office
P. O. Box 2567
Grand Junction, CO 81502
ATTN: James Lampley

G.05 THE DOE PATENT COUNSEL

Information copies of correspondence being sent to the DOE Patent Counsel in accordance with G.01b., above, should be addressed as follows:

Department of Energy
Albuquerque Operations Office
Office of Chief Counsel
P. O. Box 5400
Albuquerque, NM 87185-5400
ATTN: Patent Counsel

G.06 BILLING INSTRUCTIONS

The Contractor shall submit invoices in accordance with the Billing Instructions identified in Part III - Section J, Attachment G, and other applicable clauses of this contract.

G.07 ANNUAL INDIRECT COST RATE SUBMISSION

a. In accordance with the "Allowable Cost and Payment" clause contained in Part II, Section I of this contract, the Contractor, as soon as possible but not later than ninety (90) days after the expiration of its fiscal year, shall submit to the indirect cost rate Cognizant Contracting Officer (CCO), identified in paragraph e. of this clause, a proposed final indirect rate or rates for that period based on the Contractor's actual cost experience during that period, together with supporting data.

b. Allowability of costs and acceptability of cost allocation methods shall be determined in accordance with the cost principles in effect as of the date of this contract.

c. The settlement of final indirect cost rates and indirect costs shall be accomplished prior to the Contracting Officer's approval of the final payment.

d. Pending settlement of final indirect cost rates for any period, the Contractor shall be reimbursed for indirect rates at billing rates acceptable when the final indirect cost rates are settled. The Contractor shall provided to the CCO annually, within 90 days after the expiration of its fiscal year, a billing rate proposal, together with supporting data. If billing rates change substantially at any time during the contract performance period, the Contractor shall notify the CCO in writing. Upon substantial rate change during the contract performance period, the CCO may adjust the approved billing rate. In the event that adjustment is to be applied retroactively, the Contractor shall make appropriate adjustments on its next voucher.

e. The indirect cost rate CCO and address are as follows:

Department of Energy Telephone No. (505) 845-4107
Albuquerque Field Office
Financial Management Division
P. O. Box 5400
Albuquerque, NM 87185-5400
ATTN: Herman Smith

The Contractor shall use the CCO as the point of contact for indirect cost rate matters as defined by the "Allowable Cost and Payment" clause.

PART I - SECTION H

SPECIAL CONTRACT REQUIREMENTS

H.01 CONFIDENTIALITY OF INFORMATION

a. To the extent that the work under this contract requires that the Contractor be given access to confidential or proprietary business, technical, or financial information belonging to the Government or other companies, the Contractor shall after receipt thereof, treat such information as confidential and agrees not to appropriate such information to its own use or to disclose such information to third parties unless specifically authorized by the Contracting Officer in writing. The foregoing obligations, however, shall not apply to:

(1) Information which, at the time of receipt by the Contractor, is in public domain;

(2) Information which is published after receipt thereof by the Contractor or otherwise becomes part of the public domain through no fault of the Contractor;

(3) Information which the Contractor can demonstrate was in its possession at the time of receipt thereof and was not acquired directly or indirectly from the Government or other companies;

(4) Information which the Contractor can demonstrate was received by it from a third party who did not require the Contractor to hold it in confidence.

b. The Contractor shall obtain the written agreement, in a form satisfactory to the Contracting Officer, of each employee permitted access, whereby the employee agrees that he/she will not discuss, divulge, or disclose any such information or data to any person or entity except those persons within the Contractor's organization directly concerned with the performance of the contract.

c. The Contractor agrees, if requested by the Government, to sign an agreement identical, in all material respects, to the provisions of this clause, with each company supplying information to the Contractor under this contract, and to supply a copy of such agreement to the Contracting Officer. From time to time upon request of the Contracting Officer, the Contractor shall supply the Government with reports itemizing information received as confidential or proprietary and setting forth the company or companies from which the Contractor received such information.

d. The Contractor agrees that upon request by DOE it will execute a DOE-approved agreement with any party whose facilities or proprietary data it is given access to or is furnished, restricting use and disclosure of the data or the information obtained

from the facilities. Upon request by DOE, such an agreement shall also be signed by Contractor personnel.

e. This clause shall flow down to all subcontracts.

H.02 INCORPORATION OF REPRESENTATIONS, CERTIFICATIONS, AND OTHER STATEMENTS OF OFFEROR

The Representations, Certifications, and Other Statements of Offeror, completed by the Contractor, dated March 29, 1996, and that apply to this contract, are hereby incorporated by reference.

H.03 TECHNICAL DIRECTION

a. Performance of the work under this contract shall be subject to the technical direction of DOE Manager or COR identified elsewhere in this contract. DOE Task Order Monitors will provide technical direction for assigned tasks. The term "technical direction" is defined to include, without limitation:

(1) Directions to the Contractor which redirect the contract effort, shift work emphasis within each task, require pursuit of certain lines of inquiry, fill in details or otherwise serve to accomplish the contractual SOW.

(2) Provision of written information to the Contractor which assists in the interpretation of drawings, specifications, or technical portions of the work description.

(3) Review and, where required by the contract, approve technical reports, drawings, specifications, and technical information to be delivered by the Contractor to the Government under the contract.

b. Technical direction must be within the scope of work stated in the contract. The DOE Manager or COR does not have the authority to, and may not, issue any technical direction which:

(1) Constitutes an assignment of additional work outside the SOW;

(2) Constitutes a change as defined in the contract clause entitled "Changes;"

(3) In any manner causes an increase or decrease in the total price or the time required for contract performance;

(4) Changes any of the expressed terms, conditions, or specifications of the contract; or

(5) Interferes with the Contractor's right to perform the terms and conditions of the contract.

c. All technical directions shall be issued in writing.

d. The Contractor shall proceed promptly with the performance of technical direction in the manner prescribed by this clause and within the authority under the provisions of this clause. If, in the opinion of the Contractor, any instruction or direction falls within one of the categories defined in b.(1) through (5), above, the Contractor shall not proceed but shall notify the Contracting Officer in writing within five (5) working days after receipt of any such instruction or direction and shall request the Contracting Officer to modify the contract accordingly. Upon receiving the notification from the Contractor, the Contracting Officer shall:

(1) Advise the Contractor in writing within thirty (30) days after receipt of the Contractor's letter that the technical direction is within the scope of the contract effort and does not constitute a change under the "Changes" clause of the contract;

(2) Advise the Contractor within a reasonable time that the Government will issue a written change order.

e. A failure of the Contractor and Contracting Officer to agree that the technical direction is within the scope of the contract, or a failure to agree upon the contract action to be taken with respect thereto shall be subject to the provisions of the clause entitled "Disputes - Alternate I."

H.04 MODIFICATION AUTHORITY

Notwithstanding any of the other provisions of this contract, the Contracting Officer shall be the only individual authorized to:

a. Accept nonconforming work,

b. Waive any requirement of this contract, or

c. Modify any term or condition of this contract.

H.05 GOVERNMENT-FURNISHED PROPERTY

a. In accordance with the clause entitled "Government Property (Cost-Reimbursement, Time-and-Material, or Labor-Hour Contracts)," the property listed on Part III, Section J, Attachment C, "Government-Furnished Property," is provided for use in the performance of this contract.

b. Reporting Requirements.

(1) The reports required in accordance with the contract clause entitled "Government Property (Cost-Reimbursement, Time-and-Material or Labor-Hour Contracts)," as specified in Department of Energy Acquisition Regulation (DEAR) Part 945 shall be submitted on DOE Form 4300.3 in

accordance with DEAR Part 945 and the form's instructions. The DOE Form 4300.3 and its instructions are listed in Part III, Section J, Attachment F.

(2) The reports are to include all capital equipment and sensitive items acquired or furnished under this contract, whether or not listed herein.

c. Low Dollar Value Limitation. Except as otherwise authorized by the Contracting Officer in writing and notwithstanding the contract clause entitled "Government Property (Cost-Reimbursement, Time and Material or Labor-Hour Contracts)," the Contractor is not authorized to acquire as a direct charge item under this contract, any facility, equipment (including office equipment), furniture, fixtures, or other real or personal property items having a unit acquisition cost of five thousand dollars ($5,000) or more. The Contractor may request authorization for acquisition from the Contracting Officer. Any request for authorization shall include an analysis of the most economical method of acquisition.

H.06 USE OF DOE FACILITIES FOR WORK FOR OTHERS

a. DOE may authorize the Contractor to perform non-DOE federally funded work involving the use of DOE facilities and resources, including Contractor staff, provided that the work is consistent with applicable laws and regulations and satisfies DOE policies regarding mission compatibility and competition with the private and public sector.

b. When a work request is submitted by a sponsoring, non-DOE entity, the Contractor shall, when requested by DOE,

(1) review the work statement for mission compatibility so as to assure that the work is consistent with and complementary to the mission of the contract and the facility, will not adversely affect assigned programs, and will not unduly burden mission resources;

(2) advise the Contracting Officer if the Contractor is aware that performance of the work would result in direct competition with capabilities available in the private or public sector;

(3) develop a cost estimate for the work to be performed and describe the DOE equipment, facilities and Contractor staff required to complete the effort; and

(4) upon receipt of DOE authorization, perform the requested work in accordance with instructions provided by the Contracting Officer.

c. The performance of non-DOE funded work shall be subject to the provisions of this contract and to other applicable rules, regulations, and policies as may be specifically directed to the Contractor's attention by the Contracting Officer.

H.07 KEY/CRITICAL WORK AREA PERSONNEL

a. The personnel specified in Part III, Section J, Attachment D, "Key/Critical Work Area Personnel and Qualifications," are considered to be essential to the work being performed under this contract. The Contractor shall use his best efforts to ensure that the persons designated in Attachment D will be in its employ and on site at the Grand Junction Project Office on the effective date of the contract, and will continue in their positions, unless they resign or are involuntarily separated for cause, for a period of at least 18 months for Key Personnel and at least 12 months for Critical Work Area Personnel.

b. Notwithstanding the contract cost principles set forth in the contract clauses, and those provided in Part 31 of the Federal Acquisition Regulations (FAR), as amended by Part 931 of the Department of Energy Acquisition Regulations, the Contractor agrees to a reduction of any award fee earned, pursuant to H.23 Determination of Award Fee Earned in accordance with the provisions provided below.

c. If a Key Personnel or a Critical Work Area Personnel identified in the Contractors proposal is not available by the effective date of the contract and will not therefore perform, excluding reasons beyond the control of the Contractor such as death or illness, the Contractor agrees as follows:

A reduction will be made equal to (6 for Key Personnel or 3 for Critical Work Area Personnel) times one-half of the monthly salary of each absent person, as stated in the Contractor's proposal, from the award fee earned at the end of the first award fee period of this contract. This reduction recovers the cost to the government of loss of the available person and the cost of reviewing and approving replacements.

d. If a Key Personnel or Critical Work Area Personnel identified in the Contractors proposal is late in arriving on site at the Grand Junction Project Office after the effective date of the contract, a reduction will be made for each late person from the award fee earned at the end of the award fee period in which the person arrives on site, in accordance with the following formula:

(1) Identify the number of days the person was late arriving (actual arrival date minus scheduled date). Divide the number by 30. The whole number, without the remainder, constitutes the number of whole months where performance could not be provided.

(2) If the remainder from (1) is equal to or greater than 0.5 this will be rounded to one month. If less than 0.5 then no additional month will accrue.

(3) Add the months in (1) plus (2) and this constitutes the total months the employee will not be available.

(4) Multiply the months in (3) above times the full monthly salary of the person, as stated in the Contractor's proposal. This reduction covers the cost to the government of loss of the available personand the cost of reviewing and approving a replacement.

e. If the Contractor transfers a Key or Critical Work Area Personnel from the work effort required under this contract, prior to expiration of 18 months after the effective date of the contract for Key Personnel and 12 months after the effective date of the contract for Critical Area Personnel the Contractor agrees as follows:

For each person transferred, a reduction will be made from the award fee earned in the award fee period in which the person was transferred based on the following:

(1) From the date the person reported for duty to the date when the person transferred, all direct costs will be accrued and totaled. Direct costs include relocation, travel, training, site visits, familiarization visits, educational expenses, the salary value between the time when the person is transferred and the replacement person arrives, and any other costs that can be directly attributed to the loss of the person during this period.

(2) The salary of the person identified to replace the transferred person will be used to calculate a loss in performance to the Government by the transferred person. One half of the persons monthly salary will be multiplied by either (six for Key Personnel or three for Critical Work Area Personnel) to calculate the retraining requirements to bring the replacement person to the level necessary to effectively carry out assigned responsibilities.

(3) The Contracting Officer will identify any additional cost to the government to provide support for the replacement of the transferred person with his/her replacement. This includes the cost necessary to review resumes, the cost to revise the contract, and any other costs necessary to support the change in employment that would not have been required if the employee had remained in the identified position for 18 months for Key or 12 months for Critical Work Area Personnel.

f. Prior to diverting any of the person specified in paragraph a. above to activities not under this contract, the Contractor shall notify the Contracting Officer reasonably in advance (not less than 30 days prior to the diversion or substitution for Key/Critical Work Area Personnel), and shall submit justification (including proposed substitutions) in detail.

g. Individuals proposed as Key Personnel/Critical Work Area Personnel must be approved by-the Contracting Officer. Proposed replacements shall be of comparable experience, education, and ability.

h. In the event the amount of the reductions to the award fee under this clause during a given award fee period exceed the sum of the award fee otherwise earned for that period, any remaining balance will be taken from as many subsequent award fee periods as necessary.

h. Should the Contractor enter into subcontracts with entities which have employees who will be Key/Critical Work Area Personnel under the prime contract, said subcontracts shall contain the terms and conditions necessary to ensure that those individuals will be available to perform the contract.

i. Such determinations under this H.07 Key/Critical Work Area Personnel concerning the reductions from the award fee earned is binding on both parties and shall not be subject to appeal under the "Disputes" clause or any other appeal clause.

H.08 SUBCONTRACTS

Prior to the placement of subcontracts and in accordance with the clause entitled "Subcontracts (Cost-Reimbursement and Letter Contracts)," the Contractor shall ensure that:

a. They contain all of the clauses of this contract (altered when necessary for proper identification of the contracting parties) which contain a requirement for such inclusion in applicable subcontracts;

b. Any applicable Subcontractor Cost or Pricing Data and a Certificate of Current Cost or Pricing Data (see Federal Acquisition Regulation (FAR)15.804-2) and Subcontractor Representations and Certifications; and

c. Any required prior notice and description of the subcontract is given to the Contracting Officer and any required consent is received. Except as may be expressly set forth therein, any consent by the Contracting Officer to the placement of subcontracts shall not be construed to constitute approval of the Subcontractor or any subcontract terms or conditions, determination of the allowability of any cost, revision of this contract, or any of the respective obligations of the parties thereunder, or creation of any Subcontractor privity of contract with the Government.

d. The Contractor shall also obtain and furnish to the Contracting Officer either an Organizational Conflicts of Interest (OCI) Disclosure Statement or Representation form in accordance with DEAR 909.570-7 "Organizational Conflicts of Interest Disclosure or Representation" for all Subcontractors to be utilized under this contract. No work shall be performed by the Subcontractor until the Contracting Officer has cleared the Subcontractor for OCI.

e. The following Subcontractors have been cleared by the Contracting Officer for OCI:

NAME OF COMPANY	VALUE OF AWARD

(This information shall be completed at award if necessary.)

H.09 SERVICES OF CONSULTANTS

a. In addition to the provisions of the Section I clause of this contract entitled "Subcontracts (Cost-Reimbursement and Letter Contracts)," the prior written consent of the Contracting Officer shall be obtained:

(1) Whenever any employee of the Contractor is to be reimbursed as a "consultant" under this contract; or

(2) For the utilization of the services of any consultant under this contract exceeding the daily rates of $278 exclusive of travel costs; or

(3) Where the services of any consultant under this contract shall exceed ten days in any calendar year, or exceed a total value of $1,000.

b. Whenever Contracting Officer written consent is required, the Contractor shall obtain and furnish to the Contracting Officer information concerning the need for and selection of such consultant services and the reasonableness of the fees to be paid, including, but not limited to, whether fees to be paid to any consultant exceed the lowest fee charged by such consultant to others for performing consulting services of a similar nature.

c. The Contractor must obtain and furnish to the Contracting Officer either an OCI Disclosure Statement or Representation form in accordance with DEAR 909.570-7 "Organizational Conflicts of Interest Disclosure or Representation" for all consultants to be utilized under this contract prior to their performing any effort under this contract. No effort shall be performed until the Contracting Officer has cleared the consultant for OCI.

d. The following consultants have been cleared by the Contracting Officer for OCI:

NAME OF CONSULTANT	VALUE OF AWARD

(This information shall be completed at award if necessary.)

H.10 EQUIVALENT FEDERAL WAGE RATES

In the performance of this contract, the Contractor shall comply with the requirements of U.S. Department of Labor Wage Determination, Section J, Attachment J, entitled "U.S. Department of Labor Wage Determination." Furthermore, the clauses entitled, "Service Contract Act of 1965, as amended" and "Statement of Equivalent for Federal Hires Rates" are applicable.

H.11 AUTOMATED DATA PROCESSING EQUIPMENT (ADPE) USAGE

ADPE requirements which were not included in the Contractor's original proposal may not be acquired (leased or purchased) without the prior written consent of the Contracting Officer. Whenever the Contracting Officer's written consent is required, the Contractor shall furnish to both COR and Contracting Officer information concerning the need for and selection of such ADPE, the specific make(s) and model(s), and the lease-versus-purchase determination.

H.12 ADPE LEASING

a. If the Contractor leases ADPE equipment for use under this contract, the Contractor shall include a provision in the rental contract stating that the Government shall have the unilateral right to exercise any purchase option under the rental contract between the Contractor and the ADPE equipment vendor and to realize any other benefits earned through rental payments.

b. The Contractor shall furnish a copy of the rental contract to the Contracting Officer under the terms of this provision.

H.13 STANDARD INSURANCE REQUIREMENTS

In accordance with the clause entitled "Insurance-Liability to Third Persons," the following kinds and minimum amounts of insurance are required during the performance of this contract:

a. Worker's Compensation and Employer's Liability Insurance:

(1) The amount required by the State of Colorado under applicable Worker's Compensation and occupational disease statutes.

(2) Employer's liability insurance in the amount of $500,000.

b. General Liability Insurance. Bodily injury liability coverage written on the comprehensive form of policy of at least $1,000,000 per occurrence.

c. Automobile Liability Insurance. Coverage shall be on the comprehensive form of policy. It shall provide for bodily injury and property damage liability covering the operation of all automobiles used in connection with performing the contract. Policies covering automobiles operated in the United States shall provide coverage of at least $500,000 per person and $1,000,000 per occurrence for bodily injury and $100,000 per occurrence for property damage.

d. The amount of liability coverage on other policies shall be commensurate with any legal requirements of the locality and sufficient to meet normal and customary claims.

H.14 RELEASE OF INFORMATION

a. The Contractor is responsible for developing, planning, and coordinating proactive approaches to dissemination of timely information regarding DOE activities onsite and offsite. This includes, but is not limited to, operations and programs. This shall be accomplished through coordination with the GJPO Public Affairs Office. Proactive communications and public affairs programs shall include or make use of a variety of tools, among them public workshops, meetings or hearings, open houses, newsletters, press releases and/or conferences, audio/visual presentations, speeches, forums, tours, and other appropriate stakeholder interactions such as involvement with the Site Specific Advisory Board.

The Contractor shall assure that the public, including the media, citizen's groups, private citizens, and local, state, or federal Government officials, have a clear understanding of DOE activities at the site.

b. The Contractor is responsible for following established DOE procedures for all oral, written, and audio/visual information material prepared for public use, including technical information.

H.15 PERSONNEL SECURITY CLEARANCES

a. The Contractor is required to conduct preemployment investigative screening of prospective employees in order to ensure trustworthiness and reliability. Certification by the Contractor to the Department of Energy Contracting Officer of a favorable investigation is required prior to employment. The certification shall include verification of identity, previous employment, and education and the results of credit and law enforcement checks.

b. Personnel assigned by the Contractor to work at the Grand Junction Projects Office may be required to obtain a security clearance. This requirement may be waived by the Contracting Officer for personnel not involved with classified information, while clearances are being processed, or for personnel associated with the program for short periods of time, such as consultants.

c. The Contractor shall turn in badges for employees who are no longer working on the contract, for employees who no longer need access for whatever reason, or when a badge expires. Badges shall be returned to the cognizant security office.

H.16 RESOURCE CONSERVATION AND WASTE MINIMIZATION

The Contractor shall develop and implement a program to promote cost-effective waste reduction and recycling of reusable materials in the performance of the contract. Such program shall effect operational and procurement practices to: a. reduce or minimize waste generation, and b. encourage the use and procurement of recycled/recovered materials to the maximum extent practicable, consistent with other objectives and requirements of the contract and such guidelines or directives as the Contracting Officer may from time to time prescribe.

H.17 ENVIRONMENT, HEALTH, AND SAFETY (GOVERNMENT-OWNED OR LEASED)

a. External and internal requirements, including laws and regulations, mandate that the Department of Energy, through its Contractors, conduct a responsible and comprehensive program to assure that the Grand Junction Projects Office is an environmentally acceptable installation and is operated in a safe and healthy manner. The Contractor will use its best efforts to achieve this purpose and to cooperate, along with the DOE, with Federal and State agencies having interest in environmental, safety, and health matters and to maintain good relations with such agencies.

b. (1) Performance of the work under this contract shall be conducted in a manner that is protective of the environment and the health and safety of employees and the public. The Contractor shall comply with all applicable environmental, safety, and health requirements including those in the DOE Orders, Directives, and Procedures Clause; and Federal, state, and local laws and regulations. The Contractor shall notify the Contracting Officer in the event that the Contractor becomes aware of any direction or instruction, written or oral, which contradicts, limits, or compromises those environment, safety, and health requirements.

(2) The Contracting Officer shall notify the Contractor, in writing, of any noncompliance with applicable requirements which come to the Contracting Officer's attention. After receipt of such notice, the Contractor shall take corrective action as directed by the Contracting Officer. In the event that the Contractor fails to take corrective action, the Contracting Officer may issue an order stopping all or any part of the work. In addition, if at any time during performance of the contract work the Contractor's acts or failure to act causes substantial harm or an imminent danger to the environment or health and safety of employees or the public, the Contracting Officer may, without prejudice to any other legal or contractual rights of DOE issue an order stopping all or any part of the work. In either case thereafter, a start order for resumption of the work may be issued at the discretion of the Contracting Officer. The Contractor shall not be entitled to an extension of time or additional fee or damages by reason of, or in connection with, any work stoppage ordered in accordance with this clause.

c. The Contractor shall submit, within 60 days after the date of award of this contract, an Environment, Safety and Health Management Plan (see Part III, Section J, Attachment K, Guidance for ES&H Management Plan) to the Contracting Officer for review and approval. The plan shall be updated by the Contractor and approved by the DOE for implementation in the budget execution year to reflect budget decisions and establish commitments on the part of the Contractor. Revisions to the Plan shall be subject to the established Grand Junction Projects Office change control process. It is expected that the Contractor shall demonstrate that all commitments have been fulfilled at the end of the budget execution year. The Plan shall demonstrate the methods to be employed to ensure that environmental, safety and health requirements are integrated into all phases of contract activities. The Plan shall also include provisions for periodic (at least annual) internal environment, safety and health self-evaluation, including the standards and criteria to be applied, and provisions for correcting deficiencies. The results of such evaluations shall be made available to DOE.

d. The Contractor shall submit to DOE for approval the provisions requiring subcontractors to comply with the Contractor's environment, safety and health requirements including stop work authority. These environment, safety and health requirements shall be included in all subcontracts involving work to be performed on-site at DOE-owned or leased facilities. These requirements shall also be in accordance with applicable DOE regulations, directives, and other DOE requirements. The subcontract provisions shall provide that no claim shall be made for adjustment in the subcontract amount or the performance schedule, or for damages, by reason of a stop work order issued for failure to comply with environment, safety and health regulations or requirements of the DOE. However, such provisions in the contract shall not relieve the Contractor of its obligations to assure subcontractor compliance with the provisions of this clause for all aspects of the work. The approved subcontract provisions shall be included in subcontracts.

H.18 NONSUPERVISION OF CONTRACTOR EMPLOYEES ON GOVERNMENT FACILITIES

In carrying out the work under this contract, the Contractor shall be responsible for the employment of all professional technical, skilled, and unskilled personnel engaged and to be engaged by the Contractor in the work hereunder, and for the training of personnel. Persons employed by the Contractor shall be and remain employees of the Contractor and shall not be deemed employees of the DOE or the Government; however, nothing herein shall require the establishment of any employer-employee relationship between the Contractor and consultants or others whose services are utilized by the Contractor for the work hereunder.

H.19 SUBCONTRACT ASSIGNMENT

In the event a subcontract is entered into by the Contractor which extends beyond the period of performance of this contract, the Contractor shall negotiate a clause substantially the same as the following in such subcontract:

"As designated and approved by the Contracting Officer, this subcontract may be reassigned to another contract with no change to the terms and conditions of the subcontract."

H.20 DISTRIBUTION OF AWARD FEE POOL

a. Award Fee. For award fee determination purposes, the contract shall be divided into six-month periods. The Award Fee Pool attributable to each of the award fee periods shall be established by the following formula:

$$\frac{\text{DPLH Provided During the Evaluation Period}}{\text{Specified DPLH}} \times \text{Maximum Award Fee Available} = \text{Award Fee Pool}$$

The aggregate amount of all award fee pools shall be limited to the maximum award fee available as specified in Section B, Paragraphs B.02 and B.04 if options are

exercised. Award fee denied during any period pursuant to the Contractor Performance Evaluation Plan shall not be available in subsequent periods.

H.21 PAYMENT OF BASE AND AWARD FEE

a. Base Fee. The Government shall make payment of the base fee in monthly increments based on the percentage of completion of work as determined by the following formula:

Base Fee / DPLH = Fee per Hour Fee per Hour x DPLH Expended = Fee Billable for month

The amount payable shall be based on the monthly DPLH not to exceed the amount established in B.03. In the event the options are exercised, the DPLH amounts specified in B.04 shall apply.

b. Award Fee. This contract shall be modified by a unilateral contract modification, executed by the Contracting Officer when the award fee, if any, has been determined by the Government Fee Determination Official. The modification shall set forth the amount of fee earned for the performance period evaluated. Upon receipt of the contract modification, the Contractor may submit a public voucher for payment of the total award fee earned for the period evaluated. The Government shall promptly make payment of any award fee upon receipt of the Fee Determination Official's authorization in the amount of the total fee earned for the period evaluated.

H.22 PERFORMANCE EVALUATION PLAN

a. A Performance Evaluation Plan upon which the determination of award fee shall be based, the criteria under each area evaluated, and the percentage of award fee, if any, available for each area, shall be unilaterally established by the Government. The Performance Evaluation Plan will be developed in accordance with Performance-Based Fee Determination Procedures as provided in Part III, Section J, Attachment E. The Performance Criteria shall be provided 30 calendar days prior to the start of the first evaluation period.

b. The Performance Evaluation Plan may, consistent with the contract, be revised unilaterally by the Government. Notification of such changes shall be provided to the Contractor 60 calendar days prior to the start of the evaluation period to which the change shall apply. The Performance Evaluation Plan is binding on both parties and is not subject to appeals under the clause entitled "Disputes" or any other clause.

H.23 DETERMINATION OF AWARD FEE EARNED

a. The Government shall at the conclusion of each specified evaluation period(s) evaluate the Contractor's performance for a determination of award fee earned. The Contractor agrees that the determination as to the amount of award fee earned shall be made by the Government Fee Determination Official (FDO) and such determination concerning the amount of award fee earned is binding on both parties and shall not be subject to appeal under the "Disputes" Clause or any other appeal clause.

b. It is agreed that the evaluation of Contractor performance shall be in accordance with the Performance Evaluation Plan referenced in the Special Contract Requirements Clause H.22 entitled, "Performance Evaluation Plan," and that the Contractor shall be promptly advised in writing of the determination, and the reasons why it was or was not earned. While it is recognized that the basis for determination of the fee shall be the evaluation by the Government, in accordance with the Performance Evaluation Plan, the Fee Determination Official may also consider any information available which relates to the Contractor's performance of contract requirements. In the event the Contractor's performance is considered unacceptable in any areas of contract performance which is specified in the Performance Evaluation Plan, the FDO may at his/her discretion determine the Contractor's overall performance to be unacceptable, and accordingly may withhold the entire award fee for the evaluation period.

c. If the following conditions are not met, the FDO may reduce the award fee or share of cost savings, in whole or in part, which has otherwise been determined to have been earned under the terms and conditions of this contract. Any determination under this clause is not subject to the clause entitled "Disputes."

(1) ES&H Program: The Contractor shall develop, obtain DOE approval and implement a comprehensive program across the appropriate Environment, Safety and Health functional areas. Such program will be consistent with the annual ES&H Management Plan and, if acceptable to DOE, will be approved by the Contracting Officer. The minimal performance requirements of the program will be set forth in the Award Fee Performance Evaluation Plan. The Contractor must achieve the minimum requirements of the program in order to receive any fee or incentive under the contract other than Base Fee, if any.

(2) Catastrophic Event. If the Government determines that the Contractor is responsible for a serious incident(fatality) or catastrophic event which results in significant damage to the environment, and/or endangers the safety and health of workers and/or the public, the FDO may reduce any fees (other than base fee) in whole or in part.

H.24 TASK ORDER PROCEDURES

Performance under this contract shall be subject to the following ordering procedure:

a. General

(1) Task orders shall be used to specifically define work to be performed. Task order requirements shall be within the scope, objectives, and technical

requirements of this contract. Task orders issued shall not change any terms or conditions of the contract. Tasks defined that fail to conform or fall within the scope, objectives, and technical requirements of the contract shall be procured by separate contract or by supplemental agreement.

(2) The only means whereby the Contractor is authorized to perform under the contract is through a task order directed by the Contracting Officer as hereinafter provided.

(3) Task Orders shall be issued only by the Contracting Officer to the Contractor designating (a) the task to be performed, (b) the period of performance, (c) the estimated price and funding, (d) reporting requirements, (e) any Government-furnished property, (f) estimated travel, (g) deliverables, (h) if appropriate, performance-based management criteria, and (i) any other special provisions as may be required.

(4) Task Orders shall be written to define a finite segment of work over a finite period of time. Requirement changes that are within the scope of an approved task order, or that are clearly not severable from a basic task order, shall be incorporated by an amendment to the task order, all others require issuance of a new task order.

(5) A Contractor may be given direction only through an approved task order. A task order shall be written and administered so as to preclude the use or the appearance of personal services.

(6) Task orders shall be numbered. A revision to a Task shall be identified by an alpha designation following the existing Task number indicating the revision sequence.

b. Issuance of Task Orders.

(1) DOE develops draft Task Orders and Statements of Work and sends to the Contractor.

(2) The Contractor responds with development of technical proposals which include proposed schedule, cost, and performance measures. The technical proposals, with supporting backup information, are provided to DOE.

(3) The Contracting Officer's Representative (COR) and the DOE Task Order Monitor, after preparing a draft task order and Statement of Work, shall meet with the Contractor to discus the technical aspects, period of performance, allocation of level of effort, and other resources to be allocated to the task order. During these discussions, the draft task order and the Statement of Work shall be revised as necessary.

(4) After review and approval by the Contracting Officer, the task order shall be sent in triplicate to the Contractor. The Contractor shall sign and return one copy of the task order to the DOE Contracting Officer, and one copy to the COR.

(5) The Contracting Officer shall sign the task order and distribute the final/approved task order. Upon receipt of the final task order approved as signed by the DOE Contracting Officer, the Contractor shall commence work as required by the task order.

(6) Task order amendments shall be prepared and processed in the same manner as task orders.

c. Administration of Task Orders.

(1) The COR will establish and maintain a current list of all task orders which, as a minimum, identifies total funds and personnel hours, both allocated to active task orders and expended on completed task orders. The COR will also implement internal management procedures appropriate to the contract to maintain cognizance of resources, technical status and schedules for each task order and for the total contract. The data must be sufficiently detailed and current so that timely action can be taken to make sure no contractor effort is expended on a task order without prior obligation of the proper funds on the contract to cover that effort.

(2) The Contractor shall notify the Contracting Officer in writing, upon having expended 75% of funds designated for the task order, or when it is anticipated that 75% of funds obligated will be expended at the end of the month subsequent to that during which notification is provided. Such notification shall be made for each individual Task Order and shall include the following:

(a) Total hours expended or expected to be expended when 75% expenditure of funds has been reached.

(b) Percentage of completion of effort.

(c) Work accomplished and work remaining to be done.

(d) In the event that the estimated cost to complete is greater than the funds obligated to the Task Order, the Contractor shall submit a written proposal.

d. Order of Precedence These ordering procedures are of a lesser order of precedence than the "Limitation of Funds," "Period of Performance," or "Level of Effort/Direct Productive Labor" clauses of the contract. The Contractor is not authorized to incur costs on Task Assignments which are not in compliance with any of those clauses of the contract.

H.25 GOVERNMENT-FURNISHED FACILITY AND SERVICES

a. The Government shall furnish the Contractor, for contract performance at the Grand Junction Projects Office, with adequate office space. Space allocation map is in Part III, Section J, Attachment C, Government-Furnished Property.

b. On-site utilities and office furnishings, required DOE Orders, Standard Manuals, supplies, and access to the AL computer systems shall be furnished by the

Government on an as-required basis. For those tasks being accomplished on-site at Government facilities, the Government shall provide all telephone service and on-site mail service during contract performance. On-site is defined as a specified location at a Government facility.

H.26 OBSERVANCE OF LEGAL HOLIDAYS

The Government hereby provides "notice" and the Contractor hereby acknowledges "receipt" that Government personnel observe the following days as holidays.

New Year's Day	Martin Luther King Day
President's Day	Memorial Day
Independence Day	Labor Day
Columbus Day	Veterans Day
Thanksgiving Day	Christmas Day

Any other day designated by Federal statutes;
Any other day designated by Executive Order;
Any other day designated by Presidential proclamation

The Contractor shall conform to these holidays observed by the Government. Observance of such days by the Contractor shall not be cause for an additional period of performance, or entitlement of compensation except as set forth in the contract.

The Contractor agrees to continue to provide sufficient personnel to perform critical tasks already in operation or scheduled and shall be guided by the instructions issued by the Contracting Officer.

H.27 SOFTWARE RIGHTS

If at any time during the performance of this contract, the Contractor has reason to believe that:

a. The utilization of Government-furnished computer resources, specifically Government-furnished software, may involve or result in the violation of the DOE's license agreement; or

b. The performance of a requirement or task would involve the acquisition of software to be delivered to the Government which is licensed.

The Contractor shall notify the Contracting Officer in writing and provide an explanation of the circumstances. Until such authorization is provided, the Contractor is not authorized to violate any licensing agreements, cause the DOE to violate any licensing agreements, or acquire software which is covered by a licensing agreement on behalf of the Government.

H.28 CONTRACTOR INTERFACE

The Contractor shall coordinate all support services and integrate projects with the Facility Operations and Support Contractor and Subcontractors in a cost efficient manner to ensure GJPO's ability to provide a full spectrum of environmental restoration, waste management, and project management activities in a cost efficient manner. In the performance of this contract, the Contractor agrees to cooperate with the Facility Operations and Support Contractor by providing access to technical information and data, by delivering data as specified on Part III, Section J, Attachment B, Reporting Requirements, and by discussing technical and support services required.

H.29 DOE ORDERS, DIRECTIVES, AND PROCEDURES

a. The Contractor shall comply with all applicable DOE Orders, directives, and procedures (Order) as provided in Part III, Section J, Attachment H, Applicable DOE Orders.

b. Upon receipt of a new or revised Order, the Contractor shall review it for consistency with the other terms of this contract and for impacts on funding, manpower and other provisions of the contract. If the Contractor considers the Order to be consistent with the other terms of this contract and it can be implemented within existing funds, manpower, and other provisions of the contract, and the implementation shall not have a negative impact on the cost, schedule, or other obligations of the Contractor, the Contractor shall establish an implementation schedule, and so advise the Contracting Officer within 30 calendar days of receipt.

c. In the event the Contractor considers the Order to be inconsistent with the other terms of this contract or the requirements of the Order cannot be implemented within existing funding, manpower, and other provisions of the contract, the Contractor shall so advise the Contracting Officer within 30 calendar days of receipt. Such notice shall include the basis for the claimed inconsistency and the projected cost of implementation in excess of current funding, manpower. and other provisions of the contract. If the Contracting Officer determines compliance with the Order constitutes a change, the Contracting Officer shall issue direction to the Contractor, pursuant to the clause entitled "Changes" concerning appropriate implementation of the Order.

d. The Contractor shall incorporate the substance of this clause with respect to applicable Orders, excluding any reference to the Changes clause, in subcontracts for performance of work at the site and as directed by the Contracting Officer.

H.30 LABOR RELATIONS

a. The Contractor shall respect the rights of employees (i) to organize, form, join or assist labor organizations, bargain collectively through representatives of the employees own choosing, and engage in other protected concerted activities for the purpose of collective bargaining, and (ii) to refrain from the above activities.

b. To the extent required by law, the Contractor shall give notice to any lawfully designated representative of its employees for purposes of collective bargaining agreement and, upon proper request, bargain to good faith impasses or agreement, or otherwise satisfy applicable bargaining obligations.

c. The Contractor shall promptly advise the Contracting Officer of, and provide all appropriate documentation regarding, any labor relations developments that involve or appear likely to involve:

(1) Possible strike situations affecting the facility;

(2) Referral to the Energy Labor-Management Relations Panel;

(3) The National Labor Relations Board at any level;

(4) Recourse to procedures under the Labor-Management Act of 1947, as amended, or any other Federal or State Labor law; or

(5) Any grievance which may reasonably be assumed shall be arbitrated under a Collective Bargaining Agreement.

H.31 DIVERSITY

The Contractor shall develop and implement a Diversity Program for the accomplishment of the DOE's Diversity Initiative. A Diversity Plan (covering the five-year term of the Contract) shall be submitted to the Contracting Officer 120 days after the effective date of this Contract.

The Diversity Plan shall address the Contractor's approach to ensure an effective Diversity Program (addressing applicable Affirmative Action and Equal Employment Opportunity regulations) to include: (1) a statement of the Contractor's policies and practices; and (2) examples of planned initiatives and activities which demonstrate a commitment to a Diversity Program including recruitment strategies for hiring a diverse work force. The Diversity Plan shall also address, as a minimum, the Contractor's approach for promoting diversity through (1) the Contractor's work force, (2) educational outreach, (3) stakeholder involvement and outreach; (4) subcontracting, and (5) economic development.

An annual Diversity Report shall be submitted pursuant to Part III, Section J, Attachment B, entitled "Reporting Requirements." This report shall provide a list of accomplishments achieved both internally and externally, projected developments, and any updates/changes to the Diversity Plan during the current reporting period. See Part III, Section J, Attachment I, entitled "Guidance for Preparation of a Diversity Plan."

H.32 CORPORATE HOME OFFICE EXPENSES

No corporate home office expense of the Contractor shall be allowable under this contract without the prior approval of the Contracting Officer.

H.33 LIMITATION OF INDIRECT COSTS

a. Notwithstanding any other clause(s) of this contract, the Government shall not reimburse the Contractor for any indirect costs in excess of the indirect expense dollars derived for each of the Contractor's fiscal years by the application of the following individual indirect cost ceiling rates to the appropriate base outlined below. All indirect costs in excess of said amount(s) shall be borne by the Contractor.

Indirect Cost	Indirect Cost Ceiling Rate(s) per Contractor's Fiscal Year (*)					
	FY 96	FY 97	FY 98	FY 99	FY 00	FY 01
Overhead Information N/A	-0-	-0-	-0-	-0-	-0-	
G&A Information Total Cost Input	2.30%	2.27%	2.99%	3.25%	3.23%	3.54%
Fringe Benefit (if applicable) Total Labor Dollars*	35.11%	35.11%	35.11%	35.11%	35.11%	35.11%

*Accepted contingent upon equitable adjustment should medical insurance costs rise at a rate greater than labor escalation.

b. The indirect cost limitation set forth above include provisions for all known increases that shall take place during the term of this contract resulting from statute, court decisions, and/or written ruling or regulation by the Internal Revenue Service or any other taxing authority. However, in the event that during the term of this contract any other statute, court decision, and/or written ruling or regulation affects the Contractor's indirect costs, the indirect cost limitations shall be adjusted to the extent the Contracting Officer determines the increase or decrease, if any, said statute, court decision, and/or ruling or regulation impacts the Contractor's indirect costs.

c. Should the DPLH total less than 80% of the estimated DPLH during the previous year, the Contractor may request a renegotiation of the ceiling rate.

H.34 COST REDUCTION PROPOSALS

a. General

It is the Department of Energy's intent to have its facilities and laboratories operated in the most efficient and effective manner possible. To this end the Contractor shall, in the performance of this contract, assess its operations and identify areas where cost reduction would bring cost efficiency to operations without adversely affecting the level of performance required by the contract.

The Contractor, to the maximum extent possible, shall identify areas where cost reduction may be effected and develop and submit Cost Reduction Proposals (CRPs) addressing such to the Contracting Officer for review. If accepted, the Contractor

shall share in any net (hard dollar) savings realized from accepted CRPs in accordance with the incentive sharing arrangement in paragraph (g) below.

b. Definitions

"*Hard dollar savings*" as used in this clause, means cost savings which revert to DOE control and may be available for deobligation in the immediate fiscal year, or which shall become available for deobligation in the following fiscal year. Such savings may result from a specific cost reduction effort which is broken out from other effort and negotiated on a Cost Plus Incentive Fee (CPIF)/Fixed Price Incentive (FPI)/Firm Fixed Price (FFP) basis or may result directly from innovative new or changed designs, processes and/or methods initiated by the Contractor and applied to a specific project or program. Such new or changed designs, processes and/or methods must demonstrate a departure from business as usual approach by achieving cost effectiveness in excess of that anticipated by the "expected performance" level set forth in the Task Order. Hard Savings are the net savings that result from the difference in the estimated cost of performing an effort/project as originally planned and the actual cost of performing that same effort/project utilizing a revised plan intended to reduce costs, along with any development, implementation and possibly administrative costs associated with the revised plan. Such savings must result in funding being returned to the direct control of DOE. Savings resulting from formal or informal direction given by DOE shall not be considered as hard dollar savings and shall not qualify for incentive sharing. Changes in the mission or routine reorganization of the Contractor due to changes in the budget shall not be considered as hard dollar savings and shall not qualify for incentive sharing. Hard dollar savings shall be limited, for purposes of the sharing rate(s) set forth in paragraph (g) below, to a period not to exceed the current fiscal year in which they were initiated and the next fiscal year. In order to qualify for sharing, savings must be susceptible to deobligation from the instant contract, whether or not such deobligation takes place.

"*Contractor's development and implementation costs*," as used in this clause, means those costs the Contractor incurs on a CRP specifically in developing and testing the CRP as well as those costs the Contractor incurs to make the changes necessary for DOE acceptance of a CRP. "DOE costs," as used in this clause, means those DOE costs that result directly from implementing the CRP, such as any net increases in the cost of testing, operations, maintenance, and logistics support. The term does not include the normal administrative costs of processing the CRP.

"*Cost reduction*" means the amount of the decrease in cost of performance, without deducting any Contractor's development or implementation costs, resulting from using the CRP on this contract.

c. Procedure for Submission of CRPs

CRPs for Value Engineering (design/process/methods/cost) type changes submitted by the Contractor should contain, at a minimum, the following:

Current Method (Baseline) -- A verifiable description of the current scope of work, cost, and schedule to be impacted by the initiative and supporting documentation.

New Method (Baseline) -- A verifiable description of the new cost, work scope, and schedule, how the initiative shall be accomplished, and supporting documentation.

Feasibility Assessment -- A description and evaluation of the proposed initiative and benefits, risks, and impacts of implementation. This evaluation should include an assessment of the difference between the current baseline and proposed new method less implementation costs.

CRPs for the establishment of stand alone CPIF/FPI/FFP programs not specifically related to Value Engineering (design/process/methods/cost) type changes should contain, at a minimum, the following:

Baseline Description -- A verifiable description of the current scope of work, cost and schedule to be impacted by the initiative.

Proposed Contractual Arrangement -- A proposed contractual arrangement and the justification therefor.

Estimated Cost & Supporting data -- A detailed cost estimate and supporting rational. If the effort is proposed on an incentive basis, then minimum and maximum cost estimates should be included for any proposed sharing arrangements.

d. Evaluation and Decision

(1) Once a cost reduction initiative is identified, the Contractor shall submit proposed cost reduction initiatives to the Contracting Officer for approval prior to incurring any costs. Costs incurred related to cost reduction initiatives will be considered unallowable under the Contract without prior Contracting Officer approval. After approval, a proposal must be prepared, submitted and negotiated with DOE prior to actually commencing the work. In any event, a proposal shall be submitted prior to commencing any work. If the initiative is for an innovative design change then it shall be evaluated against the following minimal list of criteria.

(a) Will implementation pose a risk to the health and safety of workers and the community, or to the environment?

(b) Will implementation result in a deviation from DOE requirements, such as DOE Orders and joint oversight agreements?

(c) Will implementation require a change in contractual agreements?

(d) Will implementation result in significant organizational and personnel impacts?

(e) Will implementation create a negative impact on the cost, schedule, or scope of work in another area?

(f) Will implementation pose a potential negative impact on the credibility of the Contractor or the DOE?

(g) Will implementation impact successful completion of all work anticipated in the baseline?

(h) Will implementation require approval from DOE-Headquarters, regulators, or other agencies?

(2) Cost reduction initiatives that are implemented without prior approval of the DOE (see subparagraph d.(1) above) will not obligate the DOE to share savings realized as a result of those initiatives. If the Contractor initiates performance under a CRP prior to receiving approval by DOE, and the proposal is subsequently approved, the Department is not obligated to share with the Contractor those savings. The Contractor can terminate an unapproved/disapproved program at any time without repercussions from DOE. The Contractor shall be permitted to receive reimbursement for costs incurred to implement the proposal prior to the Department's rejection of the proposal so long as the costs are within the scope of work and are allowable costs.

e. Calculation of Estimated Net Savings

Estimated net savings shall be calculated by subtracting the total costs of the proposed CRP (New Method + Development Cost + Implementation + Possible Administrative Costs)) from the total costs of the existing requirements.

f. Acceptance or Rejection of CRPs

The DOE Contracting Officer shall notify the Contractor that a CRP will be accepted, or rejected (or deferred) within 45 days of receipt.

The only CRPs that shall be considered for acceptance are those which the Contractor can demonstrate shall (i) result in a reduction in the total agreed upon estimated cost for authorized work in the sharing period, (ii) not reappear as costs in subsequent periods and (iii) not result in any impairment of essential functions.

g. Sharing Rate

In general, if a CRP is accepted, the Contractor's share in net acquisition savings shall not exceed 25 percent of the savings realized by DOE during the defined sharing period. The Contractor agrees that not less than 15 percent of the Contractor's share of savings shall be retained at the site to be distributed to those employees involved in identifying and/or achieving the cost reduction. The specific share arrangement (targets, share lines, ceilings, etc.) for effort negotiated on an incentive basis shall be set forth in the contractual document authorizing the effort.

h. Validation of Actual Savings

The DOE shall have the right to validate the actual costs of an accepted CRP, to determine the extent of actual savings. If, in the opinion of the DOE, the actual savings are significantly more or less than the estimated savings of the CRP or in the reduction of the estimated cost for the sharing period, the amount awarded under the CRP shall be adjusted.

i. Relationship to Other Incentives

Only those benefits of an accepted CRP not rewardable under other clauses of this contract shall be rewarded under this clause.

j. Subcontracts

The Contractor may include an appropriate clause similar to this clause in any subcontract. In calculating any estimated net savings in a CRP under this contract, the Contractor's preparation, submission, testing, development and implementation costs shall include any Subcontractor's allowable costs, and any CRP incentive payments to a Subcontractor clearly resulting from the acceptance of such CRP. The Contractor may choose any arrangement for Subcontractor CRP incentive payments, provided that the payments shall not reduce the DOE's share of contract net savings.

k. Disputes

Actions taken under this clause shall not be subject to the "Disputes" clause of this contract or otherwise subject to litigation under the Contract Disputes Act of 1978 (41 U.S.C. 601 et. seq.)

l. Termination

In the event of contract termination, this clause shall not apply. Termination settlements shall be in accordance with the clause entitled, "Termination" of the contract.

H.35 INTER-DOE WORK ORDERS

The Contractor shall perform work for other Department of Energy prime Contractors in accordance with the Statement of Work on a cost reimbursement basis. All work shall be authorized by the Contracting Officer and issued to the Contractor for performance through the task order procedure as provided in the contract and in accordance with the applicable DOE procedures.

H.36 RELOCATION COSTS

Relocation costs incurred with regard to relocating an employee to the work site are allowable in accordance with FAR 31.205-35, Relocation Costs for this contract. Contractor shall obtain advance written approval from the Contracting Officer prior to permanently relocating any employee to the local area and charging the cost, or any portion thereof, to this Contract.

H.37 AVOIDANCE OF ORGANIZATIONAL CONFLICTS OF INTERESTS (OCI)

a. Neither the Contractor, its subsidiaries, or its Subcontractors shall be permitted to review, evaluate, or otherwise inspect work performed by the Contractor, its subsidiaries or Subcontractors under this or any other previous or existing contract or subcontract, where work was performed at the GJPO or at any other Department of Energy site or office.

b. All task orders issued to the Contractor pursuant to Special Contract Requirements Clause H.24 entitled, "Task Order Procedures," above, shall be reviewed by the Contractor to ensure that no OCI or potential OCI exists as a result of the Contractor performing the work.

c. In no event shall the Contractor commence performance of work under a task order if the Contractor has determined that an OCI or potential OCI exists pursuant to this Special Contracts Requirements Clause, Section H.08 clause, "Subcontracts," and Section H.09, "Services of Consultants," or any other provision of this contract. The Contractor shall immediately notify the Contracting Officer.

H.38 RESPONSIBILITY FOR PROFESSIONAL QUALITY, TECHNICAL ACCURACY AND COORDINATION OF DESIGNS, DRAWINGS, AND SPECIFICATIONS.

a. The Contractor shall be responsible for the professional quality, technical accuracy and the coordination of all designs, drawings, specifications, and other services furnished by the Contractor under this contract.

b. At any time during performance of this contract, the Government may require the Contractor to remedy by correction or replacement, as directed by the Contracting Officer, any failure by the contractor to comply with the requirements of this contract. Except as otherwise provided in paragraph (c), below, the allowability of the cost of any such replacement or correction shall be determined as provided in the clause of this contract entitled "Allowable Costs and Payment," but no additional fee shall be payable with respect thereto. If the Contractor fails to proceed with reasonable promptness to perform such replacement or correction, the Government (1) may by contract or otherwise perform such replacement or correction and charge to the Contractor any increased cost or may reduce any fee payable under the contract (or require repayment of any fee thereto fore paid) in such amount as may be equitable under the circumstances, or (2) may terminate this contract for default. Failure to agree to the amount of any such increased cost to be charged to the Contractor or to such reduction in, or repayment of, the fee, shall be deemed to be a dispute within the meaning of the clause of this contract entitled "Disputes."

c. Notwithstanding the provisions of paragraph (b), above, the Government may at any time require the Contractor to remedy by correction or replacement, without cost to the Government, any failure by the Contractor to comply with the requirements of this contract, if such failure is due to fraud, lack of good faith, or willful misconduct on the part of any of the Contractor's directors or officers, or on the part of any of

his managers, superintendents, or other equivalent representatives, who has supervision or direction of (1) all or substantially all of the Contractor's business, or (2) all or substantially all of the Contractor's operations location where this contact is being performed.

(d) Notwithstanding the provisions of paragraph (b) above, neither the Government's review, approval or acceptance of, nor payment for, any of the services required under this contract shall be construed to operate as a waiver of any rights under this contract or any cause of action arising out of the performance of this contract, and the Contractor shall be and remain liable to the Government in accordance with applicable law for all damages to the Government caused by the Contractor's negligent performance of any of the services furnished under this contract.

(e) The rights and remedies of the Government provided for under this contract are in addition to any other rights and remedies provided by law.

H.39 PERMITS, LICENSES, REGULATIONS AND ORDERS

Except as otherwise directed by the Contracting Officer, the Contractor shall procure all necessary permits or licenses and abide by all applicable laws, regulations, and ordinances of the United States and of the State, territory, and political subdivision in which the work under this contract is performed. Further, the Contractor shall comply with all DOE Orders determined by DOE to be applicable to this contract. Costs incurred as a result of compliance with applicable DOE Orders are allowable costs under the contract.

CONTRACT CLAUSES

I.01 FAR 52.252-2 CLAUSES INCORPORATED BY REFERENCE (JUNE 1988)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer shall make their full text available.

I. FEDERAL ACQUISITION REGULATION (48 CFR CHAPTER I) CLAUSES

FAR NUMBER	CLAUSE TITLE	DATE OF CLAUSE
52.202-1*	Definitions	OCT 1995
52.203-3	Gratuities	APR 1984
52.203-5	Covenant Against Contingent Fees	APR 1984
52.203-6	Restrictions on Subcontractor Sales to the Government	JUL 1995
52.203-7	Anti-Kickback Procedures	JUL 1995
52.203-10	Price or Fee Adjustment for Illegal or Improper Activity	SEP 1990
52.203-12	Limitation on Payments to Influence Certain Federal Transactions	JAN 1990
52.203-13	Procurement Integrity - Service Contracting	SEP 1990
52.204-4	Printing/Copying Double-Sided on Recycled Paper	MAY 1995
52.208-1	Required Sources for Jewel Bearings and Related Items	APR 1984
52.209-6	Protecting the Government's Interest when Subcontracting with Contractors Debarred, Suspended, or Proposed for Debarment	JUL 1995
52.211-5	New Material	MAY 1995
52.211-7	Used or Reconditionedual Inventory, and Former Government Surplus Property	

FAR NUMBER	CLAUSE TITLE	DATE OF CLAUSE
52.215-1	Examination of Records by Comptroller General	FEB 1993
52.215-2	Audit and Records - Negotiation	OCT 1995
52.215-21	Changes or Additions to Make-or-Buy Program	APR 1984
52.215-22	Price Reduction for Defective Cost or Pricing Data	OCT 1995
52.215-24	Subcontractor Cost or Pricing Data	OCT 1995
52.215-26	Integrity of Unit Prices	OCT 1995
52.215-27	Termination of Defined Benefit Pension Plans	MAR 1996
52.215-30	Facilities Capital Cost of Money	SEP 1987
52.215-31**	Waiver of Facilities Capital Cost of Money	SEP 1987
52.215-33	Order of Precedence	JAN 1986
52.215-39	Reversion or Adjustments of Plans for Post-Retirement Benefits Other Than Pensions (PRB)	MAR 1996
52.215-40	Notification of Ownership Changes	FEB 1995
52.216-7*	Allowable Cost and Payment	JUL 1991
52.219-6	Notice of Total Small Business Set-Aside	APR 1984
52.219-8	Utilization of Small, Small Disadvantaged, and Women-Owned Small Business Concerns	OCT 1995
52.219-14	Limitations on Subcontracting	JAN 1991
52.222-1	Notice to the Government of Labor Disputes	APR 1984
52.222-2*	Payment for Overtime Premiums	JUL 1990
52.222-3	Convict Labor	APR 1984
52.222-4	Contract Work Hours and Safety Standard Act - Overtime Compensation	JUL 1995
52.222-6	Davis-Bacon Act	FEB 1995
52.222-7	Withholding of Funds	FEB 1988

FAR NUMBER	CLAUSE TITLE	DATE OF CLAUSE
52.222-8	Payrolls and Basic Records	FEB 1988
52.222-9	Apprentices and Trainees	FEB 1988
52.222-10	Compliance with Copeland Act Requirements	FEB 1988
52.222-11	Subcontracts (Labor Standards)	FEB 1988
52.222-12	Contract Termination--Debarment	FEB 1988
52.222-13	Compliance with Davis-Bacon and Related Act Regulations	FEB 1988
52.222-14	Disputes Concerning Labor Standards	FEB 1988
52.222-15	Certification of Eligibility	FEB 1988
52.222-16	Approval of Wage Rates	FEB 1988
52.222-26	Equal Opportunity	APR 1984
52.222-28	Equal Opportunity Preaward Clearance of Subcontracts	APR 1984
52.222-35	Affirmative Action for Special Disabled and Vietnam Era Veterans	APR 1984
52.222-36	Affirmative Action for Handicapped Workers	APR 1984

952.212-72	Uniform Reporting System	JUL 1994
952.217-70	Acquisition of Real Property	APR 1984
952-223-75	Preservation of Individual Occupational Radiation Exposure Records	APR 1984
952.224-70	Paperwork Reduction Act	APR 1984
952.227-78	Rights in Technical Data - Facility	APR 1984
952.247-70	Foreign Travel	APR 1984
952.251-70	Contractor Employee Travel Discounts	APR 1989

*Alterations to asterisked clauses are included in Section I.02.
**The appropriate clause will be incorporated in the contract document.

I.02 FAR 52.252-4 ALTERATIONS IN CONTRACT (APR 1984)

Portions of this contract are altered as follows:

FAR 52.202-1 "Definitions" is modified as follows (ref. DEAR 952.202-1):

Substitute the following for paragraph a.:

a. The term *"Head of Agency"* means the Secretary, Deputy Secretary, or Under Secretary of the Department of Energy and the Chairman, Federal Energy Regulatory Commission.

Add the following as paragraph d.:

d. The term *"DOE"* means the Department of Energy and *"FERC"* means the Federal Energy Regulatory Commission.

FAR 52.216-7 "Allowable Costs and Payments" (Reference DEAR 952.216-7 - Alternate II) is modified by adding the phrase "as supplemented by Subpart 931.2 of the Department of Energy Acquisition Regulations (DEAR)," after the acronym "(FAR)."

FAR 52.222-2 "Payments for Overtime Premiums" is modified by:

inserting in subparagraph a.: $ 0 .

FAR 52.232-22, "Limitation of Funds":

The words "base fee" should be submitted for the word "fee" where it appears in the clause.

FAR 52.227-23 "Rights to Proposal Data (Technical)":

Insert in the first blank the following page numbers:

None .

Insert in the second blank the following Contractor proposal date:

None .

FAR 52.237-3, "Continuity of Services" : The 60-day period in paragraph (b) is changed to 90 days.

FAR 52.243-2, "Changes - Cost Reimbursement (AUG 1987) - Alternate II":

The words "base fee and award fee" should be substituted for the term "fixed-fee" where it appears in the clause.

FAR 52.245-5 "Government Property (Cost-Reimbursement, Time-and-Material, or Labor-Hour Contracts)" is modified by adding "and the DOE Acquisition Regulation Subpart

945.5," after the reference to FAR Subpart 45.5 in paragraphs e.(1) and e.(2) of the clause.

FAR 52.247-1 "Commercial Bill of Lading Notations" - Insert the following in the blank in subparagraph a. and in the first blank in subparagraph B.: Department of Energy, Grand Junction Projects Office (GJPO). Insert the following in the second blank in subparagraph B.: Contract No. DE-AC13-95GJ87335. Insert the following in the third blank in subparagraph B.: Department of Energy, Grand Junction Projects Office, (GJPO), P.O. Box 2567, Grand Junction, CO 81502.

FAR 52.252-6, "Authorized Deviations in Clauses" is modified by adding "Department of Energy Acquisition Regulation (48 CFR Chapter 9) Clause" in paragraph (b).

I.03 FAR 52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 1989)

a. The Government may extend the term of this contract by written notice to the Contractor within 30 days; provided, that the Government shall give the Contractor a preliminary written notice of its intent to extend at least 30 days before the contract expires. The preliminary notice does not commit the Government to an extension.

b. If the Government exercises this option, the extended contract shall be considered to include this option provision.

c. The total duration of this contract, including the exercise of any options under this clause, shall not exceed five years, six months.

I.04 FAR 52.222-42 STATEMENT OF EQUIVALENT RATES FOR FEDERAL HIRES (MAY 1989)

In compliance with the Service Contract Act of 1965, as amended, and the regulations of the Secretary of Labor (29 CFR Part 4), this clause identifies the classes of service employees expected to be employed under the contract and states the wages and fringe benefits payable to each if they were employed by the contracting agency subject to the provisions of 5 U.S.C. 5341 or 5332.

This Statement is for Information Only. It is not a Wage Determination.

Employee class	Monetary Wage--Fringe benefits

I.05 CLAUSE DOE PR 9-9.106 - CLASSIFIED INVENTIONS

a. The Contractor shall not file or cause to be filed on any invention or discovery conceived or first actually reduced to practice in the course of or under this contract in any country other than the United States, an application or registration for a patent without first obtaining written approval of the Contracting Officer.

b. When filing a patent application in the United States on any invention or discovery conceived of or first actually reduced to practice in the course of or under this contract, the subject matter of which is classified for reasons of security, the Contractor shall observe all applicable security regulations covering the transmission of classified subject matter. When transmitting the patent application to the United States Patent and Trademark Office, the Contractor shall by separate letter identify by agency and number, the contract or contracts which require security classification markings to be placed on the application.

c. The substance of this clause shall be included in subcontracts which cover or are likely to cover classified subject matter.

I.06 CLAUSE DOE PR 9-9.110 - REPORTING OF ROYALTIES (JUN 1979)

If this contract is in an amount which exceeds $25,000 and if any royalty payments are directly involved in the contract or are reflected in the contract price to the Government, the Contractor agrees to report in writing to the Patent Counsel (with notification by Patent Counsel to the Contracting Officer) during the performance of this contract and prior to its completion or final settlement, the amount of any royalties or other payments paid or to be paid by it directly to others in connection with the performance of this contract together with the names and addresses of licensors to whom such payments are made and either the patent numbers involved or such other information as shall permit the identification of the patents or other basis on which the royalties are to be paid. The approval of DOE of any individual payments or royalties shall not stop the Government at any time from contesting the enforceability, validity or scope of, or title to, any patent under which a royalty or payments are made.

I.07 DEAR 952.212-73 PROJECT CONTROL SYSTEM (JUL 1993)

a. In the performance of this contract, the Contractor shall establish, maintain, and use a project control system meeting the requirements specified in DOE Notice 4700.5, "Project Control System Guidelines"; Statement of Work; and any other system requirements defined by the Contracting Officer. The Contractor may use a preexisting project control system if such system is approved by the Contracting Officer.

b. The Contractor shall provide the Contracting Officer with a detailed written description of the proposed project control system for review and approval within 45 days after award of the contract. Cost effective application of controls shall be a critical factor in determining acceptability of the proposed system.

c. Upon system approval by the Contracting Officer, the Contractor shall fully implement the project control system. The Contractor shall not make any significant changes to the approved system without the prior written approval of the Contracting Officer. If a pre-existing project control system is not approved by the Contracting Officer, revisions necessary to assure compliance shall be made with no change to the estimated cost/fee, or price of the contract.

d. The Contractor shall provide the Contracting Officer or his authorized representative with access to all pertinent records, data, and plans for the purposes of initial approval, approval of proposed changes, and the operation of the project control system.

e. The Contractor shall set forth applicable project control system requirements in those subcontracts identified by the Contracting Officer. The Contractor shall incorporate, in the identified subcontracts, provisions for review and surveillance of the Subcontractor's systems. The review shall be conducted by the prime Contractor, unless the Government, Contractor, or Subcontractor requests Government review.

I.08 DEAR 952.227-9 REFUND OF ROYALTIES (MAR 1995)

a. The contract price includes certain amounts for royalties payable by the Contractor or subcontractors or both, which amounts have been reported to the Contracting Officer.

b. The term "royalties" as used in this clause refers to any costs or charges in the nature of royalties, license fees, patent or license amortization costs, or the like, for the use of or for rights in patents and patent applications in connection with performing this contract or any subcontract hereunder. The term also includes any costs or charges associated with the access to, use of, or other right pertaining to

data that is represented to be proprietary and is related to the performance of this contract or the copying of such data or data that is copyrighted.

c. The Contractor shall furnish to the Contracting Officer, before final payment under this contract, a statement of royalties paid or required to be paid in connection with performing this contract and subcontracts hereunder together with the reasons.

d. The Contractor will be compensated for royalties reported under paragraph c. of this clause, only to the extent that such royalties were included in the contract price and are determined by the Contracting Officer to be properly chargeable to the Government and allocable to the contract. To the extent that any royalties that are included in the contract price are not, in fact, paid by the Contractor or are determined by the Contracting Officer not to be properly chargeable to the Government and allocable to the contract, the contract price shall be reduced. Repayment or credit to the Government shall be made as the Contracting Officer directs. The approval by DOE of any individual payments or royalties shall not prevent the Government from contesting at any time the enforceability, validity, scope of, or title to, any patent or the proprietary nature of data pursuant to which a royalty or other payment is to be or has been made.

e. If, at any time within 3 years after final payment under this contract, the Contractor for any reason is relieved in whole or in part from the payment of the royalties included in the final contract price as adjusted pursuant to paragraph d. of this clause, the Contractor shall promptly notify the Contracting Officer of that fact and shall reimburse the Government in a corresponding amount.

f. The substance of this clause, including this paragraph f., shall be included in any subcontract in which the amount of royalties reported during negotiation of the subcontract exceeds $250.

I.09 DEAR 952.227-11 PATENT RIGHTS - RETENTION BY CONTRACT (SHORT FORM)(MAR 1995)

a. Definitions.-

(1) *"Invention"* means any invention or discovery which is or may be patentable or otherwise protectable under title 35 of the United States Code, or any novel variety of plant which is or may be protected under the Plant Variety Protection Act (7 U.S.C. 2321, et seq.).

(2) *"Made"* when used in relation to any invention means the conception of first actual reduction to practice of such invention.

(3) *"Nonprofit organization"* means a university or other institution of higher education or an organization of the type described in section 501(c)(3) of the Internal Revenue Code of 1954(26 U.S.C. 501(c)) and exempt from taxation under section 501(a) of the Internal Revenue Code (26 U.S.C. 501(a)) or any nonprofit scientific or educational organization qualified under a state nonprofit organization statute.

(4) *"Practical application"* means to manufacture, in the case of a composition or product; to practice, in the case of a process or method; or to operate, in the case of a machine or system; and, in each case, under such conditions as to establish that the invention is being utilized and that its benefits are, to the extent permitted by law or Government regulations, available to the public on reasonable terms.

(5) *"Small business firm"* means a small business concern as defined at section 2 of Public Law 85-536 (15 U.S.C. 632) and implementing regulations of the Administrator of the Small Business Administration. For the purpose of this clause, the size standards for small business concerns involved in Government procurement and subcontracting at 13 CFR 121.3-8 and 13 CFR 121.3-12, respectively, will be used.

(6) *"Subject invention"* means any invention of the contractor conceived or first actually reduced to practice in the performance of work under this contract, provided that in the case of a variety of plant, the date of determination (as defined in section 41(d) of the Plant Variety Protection Act, 7 U.S.C. 2401(d) must also occur during the period of contract performance.

(7) Agency licensing regulations and agency regulations concerning the licensing of Government-owned inventions means the Department of Energy patent licensing regulations at 10 CFR part 781.

b. *Allocation of principles rights.* The Contractor may retain the entire right, title, and interest throughout the world to each subject invention subject to the provisions of this clause and 35 U.S.C. 203. With respect to any subject invention in which the Contractor retains title, the Federal Government shall have a non-exclusive, nontransferable, irrevocable, paid-up license to practice or have practices for or on behalf of the United States the subject invention throughout the world.

c. *Invention disclosure, election of title, and filing of patent application by Contractor.*

(1) The Contractor will disclose, each subject invention to the Department of Energy (DOE) within 2 months after the inventor discloses it in writing to Contractor personnel responsible for patent matters. The disclosure to DOE shall be in the form of a written report and shall identify the contract under which the invention was made and the inventor(s). It shall be sufficiently complete in technical detail to convey a clear understanding to the extent known at the time of the disclosure, of the nature, purpose, operations, and the physical, chemical, biological or electrical characteristics of the invention. The disclosure shall also identify any publication, on sale or public use of the invention and whether a manuscript describing the invention has been submitted for publication and, if so, whether it has been accepted for publication at the time of disclosure. In addition, after disclosure to the DOE, the Contractor will promptly notify that agency of the acceptance of any manuscript describing the invention for publication or of any on sale or public use planned by the Contractor.

(2) The Contractor will elect in writing whether or not to retain title to any such invention by notifying DOE within 2 years of disclosure to DOE. However, in any case where publication, on sale or public use has initiated the 1-year statutory period wherein valid patent protection can still be obtained in the

United States, the period for election of title may be shortened by DOE to a date that is no more than 60 days prior to the end of the statutory period.

(3) The Contractor will file its initial patent application on a subject invention to which it elects to retain title within 1 year after election of title or, if earlier, prior to the end of any statutory period wherein valid patent protection can be obtained in the United States after a publication, on sale, or public use. The Contractor will file patent applications in additional countries or international patent offices within either 10 months of the corresponding initial patent application or 6 months from the date permission is granted by the Commissioner of Patents and Trademarks to file foreign patent applications where such filing has been prohibited by a Secrecy Order.

(4) Requests for extension of the time for disclosure, election, and filing under subparagraphs (c)(1), (2), and (3) of this clause may, at the discretion of the agency, be granted.

d. *Conditions when the Government may obtain title.* The Contractor will convey to the Federal agency, upon written request, title to any subject invention --

(1) If the Contractor fails to disclose or elect title to the subject invention within the times specified in paragraph (c) of this clause, or elects not to retain title; provided, that DOE may only request title within 60 days after learning of the failure of the Contractor to disclose or elect within the specified times.

(2) In those countries in which the Contractor fails to file patent applications within the times specified in paragraph (c) of this clause; provided, however, that if the Contractor has filed a patent application in a country after the times specified in paragraph (c) of this clause, but prior to its receipt of the written request of the Federal agency, the Contractor shall continue to retain title in that country.

(3) In any country in which the Contractor decides not to continue the prosecution of any application for, to pay the maintenance fees on, or defend in reexamination or opposition proceeding on, a patent on a subject invention.

e. Minimum rights to Contractor and protection of the Contractor right to file.

(1) The Contractor will retain a non-exclusive royalty-free license throughout the world in each subject invention to which the Government obtains title, except if the Contractor fails to disclose the invention within the times specified in paragraph (c) of this clause. The Contractor's license extends to its domestic subsidiary and affiliates, if any, within the corporate structure of which the Contractor is a party and includes the right to grant sub licenses of the same scope to the extent the Contractor was legally obligated to do so at the time the contractor was awarded. The license is transferable only with the approval of the Federal agency, except when transferred to the successor of that part of the Contractor's business to which the invention pertains.

(2) The Contractor's domestic license may be revoked or modified by DOE to the extent necessary to achieve expeditious practical application of subject invention pursuant to an application for an exclusive license submitted in accordance with applicable provision at 37 CFR part 404 and agency

licensing regulations. This license will not be revoked in that field of use of the geographical areas in which the Contractor has achieved practical application and continues to make the benefits of the invention reasonably accessible to the public. The license in any foreign country may be revoked or modified at the discretion of DOE to the extent the Contractor, its licensees, or the domestic subsidiaries or affiliates have failed to achieve practical application in that foreign country.

(3) Before revocation or modification of the license, DOE will furnish the contractor a written notice of its intention to revoke or modify the license, and the Contractor will be allowed 30 days (or such other time as may be authorized by DOE for good cause shown by the Contractor) after the notice to show cause why the license should not be revoked or modified. The Contractor has the right to appeal, in accordance with applicable regulations in 37 CFR part 404 and agency regulations concerning the licensing of Government-owned inventions, any decision concerning the revocation or modification of the license.

f. Contractor action to protect the Government's interest.

(1) The Contractor agrees to execute or to have executed and promptly deliver to DOE all instruments necessary to

(a) establish or confirm the rights the Government has throughout the world in those subject inventions to which the Contractor elects to retain title, and

(b) convey title to DOE when requested under paragraph d. of this clause and to enable the Government to obtain patent protection throughout the world in that subject invention.

(2) The Contractor agrees to require, by written agreement, its employees, other than clerical and nontechnical employees, to disclose promptly in writing to personnel identified as responsible for the administration of patent matters and in a format suggested by the Contractor each subject invention made under contract in order that the Contractor can comply with the disclosure provisions of paragraph (c) of this clause, and to execute all papers necessary to file patent applications on subject inventions and to establish the Government's rights in the subject inventions. This disclosure format should require, as a minimum, the information required by subparagraph (c)(1) of this clause. The Contractor shall instruct such employees, through employee agreements or other suitable educational programs, on the importance of reporting inventions in sufficient time to permit the filing of patent applications prior to U.S. or foreign statutory bars.

(3) The Contractor will notify DOE of any decision not to continue the prosecution of a patent application, pay maintenance fees, or defend in a reexamination or opposition proceeding on a patent, in any country, not less than 30 days before the expiration of the response period required by the relevant patent office.

(4) The Contractor agrees to include, within the specification of any United States patent application and any patent issuing thereon covering a subject invention, the following statement, "This invention was made with

Government support under (identify the contract) award by the United States Department of Energy. The Government has certain rights in the invention."

g. Subcontracts

(1) The Contractor will include this clause, suitably modified to identify the parties, in all subcontracts, regardless of tier, for experimental, developmental, or research work to be performed by a small business firm or domestic nonprofit organization. The subcontractor will retain all rights provided for the Contractor in this clause, and the Contractor will not, as part of the consideration for awarding the subcontract, obtain rights in the subcontractor's subject inventions.

(2) The Contractor shall include in all other subcontracts, regardless of tier, for experimental developmental, demonstration, or research work the patents rights clause at 952.227-13.

(3) In the case of subcontracts, at any tier, DOE, subcontractor, and the Contractor agree that the mutual obligations of the parties created by this clause constitute a contract between the subcontractor and DOE with respect to the matters covered by the clause; provided, however, that nothing in this paragraph is intended to confer any jurisdiction under the Contract Disputes Act in connection with proceedings under paragraph j. of this clause.

h. Reporting on utilization of subject inventions. The Contractor agrees to submit, on request, periodic reports no more frequently than annually on the utilization of a subject invention or on efforts at obtaining such utilization that are being made by the Contractor or its licensees or assignees. Such reports shall include information regarding the status of development, date of first commercial sale or use, gross royalties received by the Contractor, and such other data and information as DOE may reasonably specify. The Contractor also agrees to provide additional reports as may be requested by DOE in connection with any march-in proceeding undertaken by that agency in accordance with paragraph j. of this clause. As required by 35 U.S.C. 202(c)(5), DOE agrees it will not disclose such information to persons outside the Government without permission of the Contractor.

i. Preference for United States Industry. Notwithstanding any other provision of this clause, the Contractor agrees that neither it nor any assignee will grant to any person the exclusive right to use or sell any subject invention in the United States unless such person agrees that any product embodying the subject invention or produced through the use of the subject invention will be manufactured substantially in the United States. However, in individual cases, the requirement for such an agreement may be waived by DOE upon a showing by the Contractor or its assignee that reasonable but unsuccessful efforts have been made to grant licenses on similar terms to potential licensees that would be likely to manufacture substantially in the United States or that under the circumstances domestic manufacture is not commercially feasible.

j. March-in rights. The Contractor agrees that, with respect to any subject invention in which it has acquired title, DOE has the right in accordance with the procedures in 37 CFR 401.6 and any supplemental regulations of the agency to require the Contractor, an assignee or exclusive licensee of a subject invention to grant a nonexclusive, partially exclusive, or exclusive license in any field of use to a responsible applicant or applicants, upon terms that are reasonable under the

circumstances, and, if the Contractor, assignee, or exclusive licensee refuses such a request, DOE has the right to grant such a license itself if DOE determines that--

(1) Such action is necessary because the Contractor or assignee has not taken, or is not expected to take within a reasonable time, effective steps to achieve practical application of the subject invention in such field of use;

(2) Such action is necessary to alleviate health or safety needs which are not reasonably satisfied by the Contractor, assignee, or their licensees;

(3) Such action is necessary to meet requirements for public use specified by Federal regulations and such requirements are not reasonably satisfied by the Contractor, assignee, or licensees; or

(4) Such action is necessary because the agreement required by paragraph i. of this clause has not been obtained or waived or because a licensee of the exclusive right to use or sell any subject invention in the United States in breach of such agreement.

k. Special provisions for contracts with nonprofit organizations. If the Contractor is a nonprofit organization, it agrees that--

(1) Rights to a subject invention in the United States may not be assigned without the approval of the Federal agency, except where such assignment is made to an organization which has as one of its primary functions the management of inventions; provided, that such assignee will be subject to the same provisions as the Contractor;

(2) The Contractor will share royalties collected on a subject invention with the inventor, including Federal employee co-inventors (when DOE deems it appropriate) when the subject invention is assigned in accordance with 35 U.S.C. 202(e) and 37 CFR 401.10.

(3) The balance of any royalties or income earned by the Contractor with respect to subject inventions, after payment of expenses (including payments to inventory) incidental to the administration of subject inventions will be utilized for the support of scientific research or education; and

(4) It will make efforts that are reasonable under the circumstances to attract licensees of subject inventions that are small business firms, and that it will give a preference to a small business firm when licensing a subject invention if the Contractor determines that the small business firm has a plan or proposal for marketing the invention which, if executed, is equally as likely to bring the invention to practical application as any plans or proposals from applicants that are not small business firms; provided, that the Contractor is also satisfied that the small business firm has the capability and resources to carry out its plan or proposal. The decision whether to give a preference in any specific case will be at the discretion of the Contractor. However, the Contractor agrees that the Secretary of Commerce may review the Contractor's licensing program and decisions regarding small business applicants, and the Contractor will negotiate changes to its licensing policies, procedures, or practices with the Secretary of Commerce when the Secretary's review discloses that the Contractor could take reasonable steps to more effectively implement the requirements of this subparagraph k.(4).

l. Communications.

(1) The Contractor shall direct any notification, disclosure, or request to DOE provided for in this clause to the DOE patent counsel assisting the DOE contracting activity, with a copy of the communication to the Contracting Officer.

(2) Each exercise of discretion or decision provided for in this clause, except subparagraph k.(4), is reserved for the DOE Patent Counsel and is not a claim or dispute and is not subject to the Contract Disputes Act of 1978.

(3) Upon request of the DOE Patent Counsel or the Contracting Officer, the Contractor shall provide any or all of the following:

(a) A copy of the patent application, filing date, serial number and title, patent number, and issue date for any subject invention in any country in which the Contractor has applied for a patent;

(b) A report, not more often than annually, summarizing all subject inventions which were disclosed to DOE individually during the reporting period specified; or

(c) A report, prior to close-out of the contract, listing all subject inventions or stating that there were none.

I.10 DEAR 970.5204-58 WORKPLACE SUBSTANCE ABUSE PROGRAMS AT DOE SITES (AUG 1992)

a. Program implementation. The Contractor shall, consistent with 10 CFR part 707, Workplace Substance Abuse Programs at DOE Sites, incorporated herein by reference with full force and effect, develop, implement, and maintain a workplace substance abuse program.

b. Remedies. In addition to any other remedies available to the Government, the Contractor's failure to comply with the requirements of 10 CFR part 707 or to perform in a manner consistent with its approved program may render the Contractor subject to: the suspension of contract payments, or, where applicable, a reduction in award fee; termination for default; and suspension or debarment.

c. Subcontracts.

(1) The Contractor agrees to notify the Contracting Officer reasonably in advance of, but not later than 30 days prior to, the award of any subcontract the Contractor believes may be subject to the requirements of 10 CFR part 707.

(2) The DOE prime Contractor shall require all Subcontractors subject to the provisions of 10 CFR part 707 to agree to develop and implement a workplace substance abuse program that complies with the requirements of 10 CFR part

707; Workplace Substance Abuse Programs at DOE Sites as a condition for award of the subcontract. The DOE prime Contractor shall review and approve each Subcontractor's program, and shall periodically monitor Subcontractor's implementation of the program for effectiveness and compliance with 10 CFR part 707.

(3) The Contractor agrees to include, and require the inclusion of, the requirements of this clause in all subcontracts, at any tier, that are subject to the provisions of 10 CFR part 707.

I.11 DEAR 970.5204-59 WHISTLE BLOWER PROTECTION FOR CONTRACTOR EMPLOYEES (DEC 1992)

a. The Contractor shall comply with the requirements of the "DOE Contractor Employee Protection Program" at 10 CFR part 708 with respect to work performed on-site at a DOE-owned or -leased facility as provided for at 10 CFR part 708.

b. The Contractor shall insert or have inserted the substance of this clause, including this paragraph b., in subcontracts, at all tiers, with respect to work performed on-site at a DOE-owned or -leased facility, as provided for at 10 CFR part 708.

c. This modification does not increase the total cost of the contract.

d. No other changes shall be made to the terms and conditions of the contract.

Appendix J-A-24

1.0 OBJECTIVE

It is the objective of the U. S. Department of Energy (DOE) to acquire management, engineering, and scientific services to support the Grand Junction Projects Office (GJPO), a recognized pacesetter for the department in providing a full spectrum of environmental management and restoration, waste management, and project management activities.

2.0 SCOPE

The Technical Assistance and Remediation Contractor shall provide management, labor, materials, services, supervision and administration to accomplish complete environmental management and restoration services. These services include engineering, design, remedial action management, inspection, compliance oversight requirements and long-term surveillance for assigned GJPO projects. The Contractor may be tasked to provide these services for projects located at the GJPO or any other DOE facilities as assigned. The Contractor shall implement a project management and control system that ensures accountability for technical scope, cost, and schedule baselines and complies with applicable regulations. The Contractor shall coordinate services and integrate projects with the Facility Operations and Support Contractor to provide services required by the GJPO.

The Contractor shall accomplish the scope of work through a performance based management contract in support of the DOE and GJPO mission. Under the performance based management contract concept, criteria, measures, and incentives will be incorporated as an integral part of the management and project control system, defined further by task orders and evaluated by quantifiable performance criteria. The Contractor's primary responsibility is to provide efficient and effective service that achieves high quality results in a timely and cost effective manner in compliance with applicable federal, state and local laws and regulations and DOE orders, policies and procedures. The Contractor shall improve efficiency and effectiveness throughout the performance of the contract by implementation of innovative business practices and techniques, and implementation of cost effective environmental remediation technologies to reduce or avoid costs. The Contractor shall utilize the private sector where appropriate; such that the cost of the contract is minimized, while meeting applicable environmental, health and safety requirements in a responsible manner.

The Contractor shall be assigned task orders under this contract which will contain specific activities to be completed. Performance criteria and measures will be developed for these task order activities and will be used to track progress and in the determination of award fee.

Continuous interaction and the development of partnerships with DOE stakeholders is required for the successful completion of assigned remediation projects. The Contractor shall use innovative approaches and industry standards to establish an efficient, equitable subcontracting system and program to enhance the efficiency and minimize the cost of GJPO remedial action projects. The Contractor shall provide project formulation/planning, engineering, waste management and remedial action management support to GJPO projects that exemplify the highest standards of environmental, safety, and health concerns; sound economic practices; and quality equal to or exceeding industry standards. The Contractor shall have a strong and effective program that enhances safe and environmentally sound construction practices, minimizes the potential for fatalities and serious accidents, and strives for improvement by continuously reducing injuries and adverse health effects.

To accomplish the scope of work, the Contractor shall ensure that an emphasis is placed on best management practices; environment, safety, and health concerns; employee development and diversity; stakeholder involvement and customer satisfaction; and cost reduction during contract performance. The Contractor shall strive for excellence in the conduct of operations, implementation of quality assurance and quality control measures, maintenance of assigned facilities, protection of the environment, and the health and safety of workers and the general public.

The Contractor shall operate and manage its activities in a manner that shall meet all applicable federal, state, and local laws, regulations, standards, and all state agreements with the DOE that are applicable to the GJPO. The Contractor shall also comply with all applicable DOE and AL orders, directives, procedures applicable to the GJPO. The Contractor shall also comply with those DOE and AL orders applicable to cost reimbursement Contractors which may be implemented by written direction from the GJPO Project Manager or Contracting Officer, insofar as such orders do not conflict with the terms of this contract. Similarly, the Contractor shall further comply with all policies, plans, programs, and management directives which may be issued to the Contractor in writing by the GJPO Project Manager or Contracting Officer.

The DOE shall review and approve Contractor work products or activities as defined in task orders. Types of work products or activities to be approved by the DOE include plans, systems, reports, programs, and permits. Baseline and management and control systems will also be reviewed and approved by the DOE through Independent Cost Estimate Reviews, baseline validations, and other methods.

3.0 BACKGROUND

The Grand Junction Projects Office (GJPO) is located on a 56-acre site adjacent to the Gunnison River in western Colorado immediately south of the city of Grand Junction, Colorado. The GJPO's mission is to apply its project management, engineering, analytical, and scientific capabilities and facilities to provide a full spectrum of support to the DOE Office of Environmental Management (EM) in managing complex environmental restoration programs where prompt actions are required to address possible impacts to human health and the environment. The GJPO provides the DOE a center of excellence in support of environmental restoration in the areas of site characterization, project management, project integration and coordination, remedial design, remedial action, research and development, independent verification, decontamination and decommissioning (D&D), and laboratory sampling and analysis. Specialized facilities include the Analytical Laboratory, Environmental Sciences Laboratory, Petrology Laboratory, Electronics Laboratory/Instrument Calibration Facilities, Sample Preparation Laboratory, and the Radon Laboratory.

Specific fiscal and programmatic direction shall be provided to the Contractor through the issuance of task orders, work authorization orders or written technical direction by the Contracting Officer or designee. The following project descriptions provide an overview of projects and programs that have been assigned to the GJPO in the past. Some of these projects, as well as other similar projects, are expected to be included in the contract by issuance of task orders, with the exception of the landlord program which will be a Facility Operations and Support Contractor responsibility.

3.1 Uranium Mill Tailings Remedial Action (UMTRA) Project

In 1978, Congress passed the Uranium Mill Tailings Radiation Control Act (UMTRCA), Public Law 95-604, which required the DOE to establish a program of assessment and remedial action at 24 inactive uranium mill sites and properties which are in the vicinity of the mill sites (referred to as vicinity properties) which were contaminated with residual radioactive materials (RRM) derived from the mill sites. The purpose of the UMTRA project is to stabilize, dispose, and control such residual radioactive materials so that the radiological and non-radiological hazards do not exceed the standards established by the U. S. Environmental Protection Agency (EPA) for the protection of the public health, safety, and the environment.

The Grand Junction Projects Office is responsible for on-going vicinity property activities, including the cleanup of commingled wastes, and the long term surveillance of completed UMTRA (Title I and Title II sites as defined under UMTRCA) disposal cells, and for remedial action activities at vicinity properties located in Mesa County, Colorado. In addition, the GJPO is responsible for the operation of the Cheney disposal cell located south of Grand Junction. The Cheney cell will be used for the disposal of mill tailings identified after the UMTRA vicinity property work has been completed.

3.2 UMTRA Groundwater Program

On January 12, 1995, the new Standards for Remedial Actions at Inactive Uranium Processing Sites (40 Code of Federal Regulations 192) were promulgated in final form in the Federal Register. These new groundwater protection standards establish requirements for the control of contaminants from the residual radioactive materials into the groundwater at disposal sites, for the cleanup (restoration) of groundwater at mill sites and vicinity property sites, and for the application of supplemental standards, where appropriate. Compliance with the groundwater standards shall be required at all mill sites in the UMTRA Program. DOE shall also identify vicinity property sites, if any, which require groundwater restoration. The program shall include any required or mandated long term monitoring requirements.

3.3 Monticello Remedial Action Project - Mill Site

The Monticello mill site is a 78-acre tract located along Montezuma Creek on the south side of the city of Monticello, San Juan County, Utah. Tailings and other process-related contaminated material were generated as a result of milling activities at the site between 1942 and 1960. The mill site shall be remediated to regulatorily approved cleanup levels. Approximately 2.6 million cubic yards of tailings shall be disposed of in a repository to be constructed on DOE land adjacent to the mill site. Any other hazardous substance releases posing a threat to human health and the environment shall also be remediated.

The Monticello Mill Tailings Site is listed on the National Priorities List (NPL), and activities must comply with the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), as amended by the Superfund Amendments and Reauthorization Act of 1986 (SARA). The Environmental Protection Agency (EPA), DOE, and the State of Utah entered into a Federal Facility Agreement (FFA) in December 1988 to complete remedial action at Monticello. The Monticello Mill Tailings Site engineering activities are continuing, and remedial action activities for the disposal site are scheduled to be initiated in Fiscal Year 1996.

3.4 Monticello Remedial Action Project - Vicinity Properties

Throughout the operating period, mill tailings from the Monticello mill site were used in the city of Monticello for construction purposes. These tailings were used as fill for open lands; backfill around water, sewer, and electrical lines; sub-base for driveways, sidewalks, and concrete slabs; backfill against basement foundations; and as sand mix in concrete, plaster, and mortar. Contamination of these properties is assessed and remedial design and action activities performed. In addition to radiological contamination, releases of other hazardous substances that pose unacceptable risks shall be remediated. Peripheral properties to the mill site contain windblown contamination and potentially contaminated sediments. These properties shall also require remediation.

The Monticello vicinity properties are also listed on the EPA NPL (as Monticello Radioactively Contaminated Properties), and activities must meet CERCLA requirements. The EPA, DOE, and the State of Utah entered into a FFA in December 1988 to complete remedial action on these Monticello vicinity property sites. Peripheral properties to the mill site contain windblown contamination and potentially contaminated sediments. These properties shall also require remediation.

3.5 Monticello Remedial Action Project - Groundwater and Surface Water

The DOE has identified a plume of contamination in the shallow alluvial groundwater regime underlying the mill site. After the primary source of contamination (the mill tailings) has been removed and stabilized, the DOE shall conduct additional studies on the groundwater. All activities must comply with the CERCLA and the FFA signed in December 1988 between the EPA, DOE, and the State of Utah. The DOE is currently conducting a Remedial Investigation/Feasibility Study on groundwater, surface water and sediments that may have been affected by releases from the mill site.

3.6 Grand Junction Projects Office Remedial Action Project

Uranium concentrates were purchased and processed at GJPO through 1975. A research and development pilot plant was operated at the compound during the early 1950's. As a result of milling operations, the site became radiologically contaminated. In 1990, the DOE published a Record of Decision (ROD) for the Grand Junction Projects Office Remedial Action Project (GJPORAP) to initiate the project for the elimination of all identified contamination.

The GJPO has completed remedial action of radiologically contaminated soils. Minor amounts of contamination remain in ten buildings located on the GJPO site as well as minor amounts of contaminated soils situated under existing structures. The remediation of the remaining material is currently being evaluated. The GJPO has implemented natural flushing of the aquifer as the means of groundwater remedial action.

3.7 Uranium Leasing Management Program

The Atomic Energy Act of 1954 (and other legislative actions) authorized the DOE to withdraw lands from public use and set those lands aside for domestic uranium production. Initially 43 tracts of land (approximately 25,000 acres) in Colorado, Utah, and New Mexico were withdrawn for the Uranium Leasing Management Program. There are currently no mining or uranium production activities on these lease tracts, with activities limited to maintenance and exploration. In 1994, all existing leases were allowed to expire

to allow DOE the opportunity to prepare an Environmental Assessment for this program. In 1995, DOE may initiate negotiations with the original leaseholders for new leases which could result in possible production of uranium and vanadium. It is estimated that between 20 to 25 leases may be renegotiated, and environmental restoration may be required to restore the remaining lease tracts to meet federal environmental regulations.

3.8 Long Term Surveillance and Maintenance Program

DOE is responsible for monitoring and maintenance of sites which have been remediated by various DOE programs or private industry. GJPO is responsible for inspections and corrective actions to assure each site remains in compliance with regulatory requirements.

3.9 Decontamination and Decommissioning Projects

The GJPO has been tasked to manage various DOE D&D projects to eliminate the potential hazard to workers and the public from exposure to radioactive and other hazardous materials from nuclear research and development activities. The work includes site characterization, engineering design; remedial action; D&D operations; remedial action management; waste management; waste/sample storage, transportation, and disposal; and project management activities to assure regulatory requirements are met.

3.10 Core Repository for Continental Deep Drilling Program

The GJPO is responsible for maintaining a core and sample repository program for the archiving and study of drill hole cores obtained by the Continental Deep Drilling Program. These cores are of scientific interest to national agencies, state geoscience agencies, academia, and private industries. DOE's Core and Sample Repository is housed in a specially equipped 7,200 square foot core storage and analysis building at the GJPO facility.

3.11 Work for Others Program

The GJPO performs research and development activities for organizations outside the DOE, including both private sector companies and other Government agencies. The primary purpose of the Work for Others (WFO) program is to make available the unique GJPO technologies, expertise, and facilities to benefit programs of national significance.

3.12 Office of Technology Development (OTD) Projects

The OTD's mission is to identify and provide development support for: (1) technologies that show promise to address specific EM needs, but require proof-of-principle experimentation, and (2) already proven technologies in other fields that require experimentation to demonstrate feasibility for adaptation to specific EM needs.

The GJPO has been tasked by EM to provide support to the OTD with the formulation and management of programs for environmental restoration and waste operations. The current programs/projects include: (1) technology demonstrations, such as, characterization, containment, separation, remediation, and treatment technologies at DOE and other federal and non-federal sites; (2) environmental education and development; (3) technology integration; (4) technology transfer to the private sector, DOE and international technology programs; (5) other such programs/projects within the scope of the mission assigned to the

OTD and the GJPO and; (6) Implementation of innovative and cost-effective environmental technologies in the conduct of remediation activities.

3.13 Waste Management Program:

The Waste Management Program ensures the environmentally safe management and disposal of radioactive and hazardous wastes. The Waste Management Program involves life cycle management of GJPO, other selected non-GJPO, and off-site environmental remediation waste streams from generation, to treatment, storage, and disposal. The GJPO Waste Management Program includes the on-site waste management and waste minimization programs.

The Contractor shall provide waste management and waste minimization services for other DOE and federal agency sites as required. Regulatory drivers such as the Resource Conservation and Recovery Act (RCRA) requirements; Federal Facilities Compliance Act (FFCA); and treatment, storage, disposal, and transportation requirements are applicable to waste management programs conducted by GJPO.

3.14 Mixed Waste Treatment Program (MWTP):

The MWTP supports several DOE Albuquerque Operations Office (AL) sites. Activities of the MWTP include overall program management, development and deployment of mixed waste mobile treatment technologies, conduct of treatability studies, field sorting, surveying, and surface decontamination of potential mixed waste, and technical support with evaluation of waste streams and technologies.

3.15 Oxnard

The GJPO provides environmental restoration support for the DOE facility at Oxnard, California. Phase I and Phase II Environmental Assessments are being prepared and shall identify a course of action for the remediation of the facility. Activities such as the preparation of the Project Management Plan, Quality Assurance Plan, Health and Safety Plan, and the Waste Management Plan shall be performed. In addition, the corrective measures design shall be developed, voluntary corrective measures shall be performed, and the groundwater shall be characterized and treated, if necessary.

3.16 Technical Support to Other DOE Offices and Facilities

The GJPO provides technical assistance to other DOE offices and DOE facilities in the areas of environmental restoration; waste management; D&D; and geoscience as directed and authorized by the DOE.

The GJPO currently provides technical and programmatic support to the Los Alamos National Laboratory in the areas of environmental restoration, waste management, and D&D. In addition, the GJPO provides waste management support to the Sandia National Laboratories. Activities include project planning and control, baseline management, review of plans, and cost estimating. Field work activities include removing over 4,000 point sources, surveying the remaining soil, removing contaminated soil, sampling and analyzing soil, collecting industrial hygiene samples, and preparing raw data summary folios.

3.17 Landlord Program

The Landlord program includes facility operation activities at the site required to support the programs managed by the GJPO. These activities include site engineering and construction; facility maintenance, utilities, and infrastructure; space planning and allocation; telecommunications, network and computer support; property management; security; medical; and other site-wide services which commonly support the on-site activities of the GJPO facility.

4.0 TECHNICAL MANAGEMENT

The Contractor shall perform the following technical requirements under this contract. Specific activities shall be defined and negotiated in the various task orders that will be generated under this contract, including the Monticello Remedial Action Project.

4.1 Engineering

The Contractor shall provide engineering for projects in support of the GJPO throughout all field investigation, design, and remedial action phases of a variety of environmental restoration, waste management, and D&D projects assigned by the DOE. The Contractor shall employ innovative, results oriented approaches to engineering activities, such as cost effective waste minimization techniques, the DOE Streamlined Approach For Environmental Restoration (SAFER), and implement expedited actions such as removal actions where appropriate. In addition, the Contractor shall ensure engineering designs comply with regulatory requirements.

4.1.1 Area of Interest Definition (Survey)

The Contractor shall prepare a physical land survey to establish the legal boundaries of each assigned site; and prepare drawings that document all appurtenances and improvements (such as buildings, sidewalks, landscaping, fences, etc.), utility lines or easements, and physical characteristics of the site. This information shall be used to document the site characterization and sampling activities that will be performed to locate and characterize the nature and extent of contamination.

4.1.2 Preparation of Work Plans

The Contractor shall prepare a work plan for each assigned site. The work plan shall document how the site will be characterized (types of media to be sampled, contaminants suspected and tested for, data quality objectives (DQO) (data quality objectives are qualitative and quantitative objectives specifying the quality of data necessary for the intended use of data. The DQO process is an important tool for integrating characterization plans, remedial design activities, and remedial action and ensuring the right types, quantity, and quality of data is collected to make and support remediation decisions.). The work plans shall also include: health and safety issues, quality assurance concerns, Investigation Derived Waste (IDW) management, appropriate regulatory requirements, and how the characterization data will be utilized during the design phase of the project.

4.1.3 Site Characterization

The Contractor shall characterize each assigned site on the basis of the type and nature of the contamination. Characterization shall follow the activities described in the work plan. The Contractor shall utilize a combination of field observations, in-situ measurements, and laboratory analyses to document the nature and extent of contamination. Characterization can produce IDW. The Contractor shall be responsible for managing this waste.

4.1.4 Preliminary Design

The Contractor shall prepare preliminary engineering design drawings and materials that incorporate the results of the field activities which characterize the nature and extent of the contamination, show the location of the contaminants, describe the method of treatment or removal, describe how any waste generated will be handled, and recommend how the property is to be restored after remedial action activities have been completed. The preliminary design should also contain an estimate of the quantity of materials to be removed, a preliminary estimate of the cost, and a preliminary schedule of the activities required for remedial action to be completed. Designs must be of sufficient quality to be shared with regulators, stakeholders and others interested in DOE activities.

The types of documents to be produced include:

- RI/FS (Remedial Investigation/Feasibility Study) for CERCLA sites,
- RAP (Remedial Action Plans) for UMTRA sites,
- RAA (Remedial Action Agreements) for Vicinity Properties under UMTRA,
- RFI/CMS (RCRA Facility Investigation/Corrective Measures Study) for RCRA sites,
- Voluntary Corrective Actions, Interim Actions, and other expedited remediation efforts.

4.1.5 Final Design

The Contractor shall prepare a final design package which will meet the regulatory and DOE requirements for the specific project. The final design package includes; contaminant data, the proposed remedial action, engineering design drawings showing the scope of remedial action, cost estimates and schedules for the design and remedial action, construction specifications, design analysis, waste management and contaminated material disposal plans, restoration plans, and any surveillance and maintenance requirements.

4.1.6 Development of Plans and Specifications

The Contractor shall prepare the appropriate remedial action plans and specifications. The Contractor shall assemble all engineering design drawings and standard remedial action specifications, permits, ES&H plans and other documents required to complete all remedial action activities on the assigned site.

4.1.7 Permits

The Contractor shall obtain all necessary permits in a timely manner so design or remedial action activities are not delayed pending permit approval and issuance. This area of responsibility includes completing permit applications, working with the permit issuing organization, interfacing with the appropriate regulators and

stakeholders, answering questions or requests for information during the permit evaluation process, advising the DOE of any problems, and ensuring the permits are kept current. The Contractor shall provide adequate monitoring, analysis, and reporting to ensure compliance with the terms and conditions of the applicable permits.

4.1.8 Constructability Review

Upon approval of the design by the DOE, the Contractor shall perform a constructability review prior to beginning the remedial action solicitation process. The DOE shall define the scope of this review for each project. This review shall include an analysis of whether the remedial action activities can be reasonably accomplished and should include the implementation of construction economies and efficiencies such as the identification of long lead material, equipment, and labor requirements.

4.1.9 Preparation of Bid Documents

The Contractor shall assemble the remedial action drawings and specifications into a bid package. Where smaller tasks could be better and more efficiently accomplished if combined, the Contractor shall develop bid packages that include more than one remediation activity. The Contractor shall competitively solicit for any required remedial action or construction activities.

4.1.10 Engineering Management

The Contractor shall manage and execute assigned engineering activities. The Contractor shall be the primary point of contact for the DOE and all customer-related inquiries for information concerning engineering functions. The Contractor shall maintain cost and schedule performance and produce engineering development, design, and remedial action changes. The Contractor shall implement and maintain an engineering management program that assures environmental compliance, safety, health, security, and other concerns are an integral part of assigned engineering activities.

4.1.11 Field Changes

In the event field changes are required, the Contractor shall perform required engineering activities. The Contractor shall ensure that other areas of the design are not affected by the change or develop appropriate mitigative actions if other areas of the design are affected. If field changes result in changes to the quality assurance, health and safety, or waste management plans or other plans, procedures, or design changes that require DOE approval, the Contractor shall revise the appropriate documents and submit them for review and approval prior to implementing the field changes. All field changes shall be prepared in accordance with existing Quality Assurance Plans, Health and Safety Plans, and any other applicable project documentation and requirements. These changes shall ultimately be incorporated into final as-built drawings and specifications. The contractor shall be responsible for the development and maintenance of as-built drawings.

4.2 Remedial Action Management

The Contractor shall provide remedial action management and subcontracting capabilities for assigned environmental remediation and other assigned environmental related construction projects, including the Monticello Remedial Action Project. The Contractor shall have the responsibility for complete activities from design through remedial action and shall oversee the day-to-day operations of its remedial action subcontractors, including the development and implementation of any necessary change orders. At the completion of the remediation activity the Contractor shall demonstrate that the remediation meets all engineering and regulatory requirements. As-built drawings shall be prepared and furnished to the DOE. The Contractor shall have a strong and effective program that enhances safe and environmentally sound construction practices, minimizes the potential for fatalities and serious accidents, and strives for improvement by continuously reducing injuries and adverse health effects. The Contractor shall properly manage any waste generated as a result of remediation activities.

The Contractor shall serve as the overall remedial action manager with the responsibility to subcontract specific remedial action activities. In the performance of this contract, the Contractor shall, to the maximum extent possible, accomplish any required remedial action tasks through the utilization of competitively awarded subcontracts. Any variance from this method will require the advance written approval of the Contracting Officer. It shall be the responsibility of the Contractor to provide clear convincing evidence of the need for a variance from the preferred method set forth above.

The Contractor shall maintain a full-time supervisory staff with the authority to: act for the Contractor at each remedial action site, or group of sites; to coordinate and provide direction for the work; and to measure and manage the progress of the Contractor and subcontractor personnel. The Contractor shall continuously monitor the work for cost and schedule performance and resolve any disputes in a timely manner. The Contractor shall provide site specific environmental, safety, and health oversight, project management, change control, excavation control and monitoring, and any other mandated and necessary requirements or actions. At the completion of the remedial action, the Contractor shall develop the appropriate completion reports, as-built drawings and specifications, and any other documentation necessary to satisfy applicable regulatory and DOE requirements. The Contractor shall also provide any necessary remedial action monitoring required to demonstrate the post-closure performance of the remedial action alternative employed in accordance with applicable regulatory agreements.

4.2.1 Change Orders

The Contractor shall develop, implement, and maintain a change order system to cost effectively develop, manage and implement changes to remedial action projects. Changes must be within the contract scope of work. The Contractor shall comply with the Project Baseline Change Control System requirements in the processing of all changes.

4.2.2 Field Changes

The Contractor shall determine the need for any field changes and work with the remedial action subcontractor and the DOE to minimize costs and delays as a result of these changes. Field changes shall be performed in accordance with all necessary contract modifications and change orders. Specific guidance for engineering related to field changes is provided in Section 4.1.11.

4.2.3 Remedial Action Inspection

The Contractor shall be responsible for providing remedial action inspection, including radiological and hazardous substances monitoring for work performed by the subcontractors. Procedures and requirements specified in the Remedial Action Inspection Plans, Quality Assurance Project Plans or similar documents shall be followed in the performance of these functions. The Contractor shall conduct, coordinate, and document all remedial action progress and final completion inspections. The Contractor shall inspect the execution of all remedial action and other construction including workmanship, materials, and equipment to assure compliance with the contract plans and specifications; the Health Physics Monitoring Plan; the Quality Assurance Project Plan; the Health and Safety Management Program; regulatory standards; and any other applicable documents or requirements.

The Contractor shall furnish or provide field laboratory tests of construction workmanship, materials, and equipment as specified in the project documentation and requirements. The Contractor shall also furnish governing lines and benchmarks to provide horizontal and vertical controls for the project. In addition, the Contractor shall review and approve all subcontractor's descriptive submittals and vendors' shop drawings to assure conformity with the approved design, engineering design drawings, and specifications.

At the completion of the remediation or construction project, the Contractor shall assist the DOE in conducting a post-remedial action/construction evaluation to determine the effectiveness of the project and identify opportunities for improvement in future projects.

4.2.4 As-Built Drawings

The Contractor shall be responsible to provide updated as-built drawings which accurately reflect conditions at the completion of the remedial action project. The as-built drawings shall document the differences between the original plans and the actual completed remedial action project. The Contractor shall also prepare completion reports or other documents necessary to meet regulatory agreements and requirements.

4.3 Other Functions

4.3.1 Compliance Oversight

4.3.1.1 Environmental, Safety, and Health Program

The Contractor shall provide the appropriate level of environmental protection, occupational safety, hazardous waste operations, industrial safety, industrial hygiene, construction safety, fire protection, radiological protection and criticality safety for overall project activities to assure protection of the environment, the health and safety of the public, and all employees of the DOE and DOE Contractors. All procedures and plans shall be reviewed to assess the appropriate level of personnel protection during the performance of the work.

The Contractor shall prepare program plans, monitoring and audit reports, corrective action plans, and status reports. The Contractor shall respond to all requests concerning compliance information. The Contractor shall compile statistics on accidents, injuries and illnesses, and prepare reports as required.

The Contractor shall also provide environmental, safety and health support to other Contractor and subcontractor organizations as requested by DOE. The Contractor shall receive input from all other Contractor and subcontractor organizations and integrate this information to provide consolidated environmental, safety and health reporting for the GJPO.

4.3.1.2 Conduct of Operations

The Contractor shall develop, implement, and maintain a Conduct of Operations program. Conduct of Operations is a management philosophy of best management practices for doing things right the first time in a safe and environmentally acceptable manner, through discipline, professionalism and teamwork.

4.3.1.3 Quality Assurance

The Contractor shall develop, implement, and maintain a quality assurance program. The Contractor shall monitor all aspects of the program through audits, management assessments, self-assessments, trending, program review and other performance measures and methods, to ensure that the intended environmental, safety, health and administrative/support requirements and best management practices, results, and objectives are obtained. The Contractor shall update the quality assurance program to incorporate changes in requirements and also provide surveillance of its own subcontractors.

4.3.1.4 Independent Assessment

The Contractor shall develop, implement, and maintain an independent assessment function to accomplish internal auditing of assigned functions and emphasize the achievement of quality performance and productivity improvements. The Contractor shall monitor work performance, identify problems or weak areas of performance, identify opportunities for improvement, and report the results to a level of contractor management having the authority to implement corrective actions or improvements.

4.3.1.5 Site Audits and Validations

The Contractor shall develop, implement and maintain an independent oversight function which shall review assigned operations, and conduct periodic audits, oversight and surveillance on projects, programs, or functions as directed by DOE to assure that DOE Orders, policies, or guidance are being implemented and followed. Contractor organizational elements shall be tasked to assist and participate in DOE audits or surveillances.

The Contractor shall develop, implement, and maintain an independent validation function which shall review budget estimates, cost estimates, or other cost proposals as directed by DOE to assure reasonableness and

consistency of information. The Contractor shall assure that the planning procedures, technical scope, cost estimate and schedule baseline development shall result in the funding requested being adequate for the work to be accomplished. The Contractor's independent validation group shall work closely with the appropriate DOE project manager, budget analyst, project control officer, and cost estimator to assure that all applicable DOE Orders, guidance, and policies are being properly implemented.

4.3.1.6 National Environmental Policy Act

The National Environmental Policy Act (NEPA), requires that all federal agencies consider environmental impacts of their activities. The Contractor shall develop, implement, and maintain an appropriate NEPA program to address requirements related to assigned projects.

4.3.1.7 Occurrence Reporting

The Contractor shall develop, implement, and maintain a reportable occurrence system for all events which could affect the health and safety of the public, seriously impact the intended purpose of DOE facilities, have a noticeable adverse effect on the environment, or endanger the health and safety of workers. The Contractor shall take appropriate actions to investigate, evaluate, and report on incidents and unsatisfactory conditions related to its work activities. The Contractor shall take appropriate actions to correct any unsatisfactory conditions which led to the occurrence.

4.3.2 Waste Management

The Contractor shall manage any and all hazardous, low-level radioactive, mixed, toxic, or other wastes generated from its activities including site characterization or remedial action. The Contractor shall provide the proper classification, management, transportation, and disposal of these wastes in accordance with applicable regulations.

4.3.3 Technical Training

The Contractor shall provide technical training including certain site-wide training to the DOE and other DOE Contractor personnel. Site-wide training areas may include environment, safety, and health; project management; regulatory; and other types of technical training. The Contractor shall also utilize the Facility Operations and Support Contractor's training courses for required training in areas such as conduct of operations, security, computers, diversity, and sexual harassment.

4.3.4 Independent Review Support

The DOE shall task the Facility Operations and Support Contractor, on an as requested basis, to provide independent review capability for Technical Assistance and Remediation Contractor activities and products. These independent reviews shall be performed to ensure the DOE is receiving the best value from both a cost and technical perspective. The Contractor shall support the Facility Operations and Support Contractor in the performance of these reviews by providing all required information, providing necessary clarifications, and responding to questions.

4.3.5 Utilization of GJPO Laboratories and Facilities

The GJPO maintains six laboratories which will be operated by the Facility Operations and Support Contractor. The laboratories perform work for GJPO projects and for other DOE and non-DOE organizations on an as-needed basis. The Contractor shall utilize the GJPO laboratories to the maximum extent possible for all sample analysis and other laboratory needs.

The GJPO laboratories have the following capabilities:

4.3.5.1 Analytical Laboratory

The Analytical Chemistry Laboratory provides low-level (<10 nCi/g) radioanalytical chemistry analyses; complete inorganic and volatile, semivolatile organic, and PCB/pesticide analyses; environmental analyses of air, water, brines, sludges, and soils; and the preparation of quality control samples and reference materials.

4.3.5.2 Environmental Sciences Laboratory

The Environmental Sciences Laboratory provides capabilities for chemical barrier research, hydrogeochemical modeling, model validation studies, and geochronology.

4.3.5.3 Petrology Laboratory

The Petrology Laboratory provides petrographic and mineralogical analyses; identification and paragenesis (order of formation) of all rock types; mineral identification; size analysis of sedimentary rocks and unconsolidated sediments; mineral separations; and quantitative analyses of airborne asbestos and silica.

The laboratory also provides for the maintenance of a core and sample repository program for the archival and study of drill hole cores obtained from the Continental Deep Drilling Program. The repository maintains storage for approximately 50,000 linear feet of two inch core and provides curatorial services to prepare and distribute scientific samples to universities and laboratories nationwide. The laboratory also advises other scientific drilling projects.

4.3.5.4 Sample Preparation Laboratory

The Sample Preparation Laboratory provides for the preparation of quality control and reference solid samples containing various levels of uranium and thorium decay series nuclides; the preparation of homogeneous samples for the identification of soil matrices containing various levels of uranium and thorium decay products; and the preparation of sample reference materials for down-hole logging and surface characterization instruments. The laboratory contains crushing, grinding, blending, and drying equipment for preparing soils. Homogeneous batches of up to 200 pounds can be prepared.

4.3.5.5 Electronics Laboratory/Instrument Calibration Facilities

The Electronics Laboratory provides capabilities for calibrating, repairing, and maintaining instruments used for field assessments and characterization; and designing and fabricating instruments. The laboratory also maintains and completes minor repairs on Government owned computers at the GJPO.

4.3.5.6 Radon Laboratory

The Radon Laboratory performs research on the fundamental properties and behavior of radon, thoron (thorium), and their daughters; develops specialized radiological characterization tools and methods; calibrates, standardizes, and evaluates radon/radon daughter measurements; and solves problems related to radon mitigation and removal.

4.4 Technical Support for Others

The Contractor shall provide technical, programmatic, and administrative support as directed by the DOE in the areas of environmental management and restoration programs, waste management, and project management. This technical support includes analysis of work plans, regulatory compliance, project management, cost estimating, training, and value engineering. Additionally, programmatic support may consist of developing baselines, integrating program activities, tracking milestones, and reviewing documents.

4.4.1 Technology Development

The Contractor shall develop and manage assigned technological programs. Projects include:

(1) Technology demonstrations, such as, characterization, containment, separation, remediation, and treatment technologies at DOE and other federal and non-federal sites;
(2) Environmental education and development;
(3) Technology integration;
(4) Implementation of innovative and cost-effective environmental technologies in the conduct of remediation activities.
(5) Technology transfer to the private sector, DOE, and international organizations, and;
(6) Other projects as assigned by DOE.

4.4.2 Research and Development

The Contractor shall apply the results of Government sponsored research and development to national environmental restoration problems through privatization and technology transfer. The Contractor shall maintain the capability to conduct basic research and development in support of environmental management activities and projects.

4.4.3 Mixed Waste Treatment Program (MWTP)

The Contractor shall develop, design, and fabricate mobile treatment units which shall provide technologies including thermal desorption, evaporative oxidation, and waste water evaporation. The Contractor shall also assist the DOE with GJPO's

overall program management responsibility for the Albuquerque Operations Office MWTP by providing project management support, technical and administrative support to assigned sites, schedule integration, and overall site coordination necessary to ensure the successful implementation of the MWTP Plan. The Contractor shall maintain capabilities to support operations and maintenance of mobile treatment technologies and to support possible expansion of the MWTP, as directed by the DOE.

4.5 Long Term Surveillance Program

The Contractor shall manage and provide long term surveillance and maintenance of disposal cells or other facilities remediated or completed by various DOE programs and private industry as assigned by the DOE. Types of facilities which could be included in the Long Term Surveillance Program include UMTRCA Title I and Title II disposal cells, Section 151C of the Nuclear Waste Policy Act sites, DOE Surplus Facility Management Program D&D sites, DOE Formerly Utilized Sites Remedial Action Program sites, and other DOE off-site facilities such as the Monticello disposal cell. The disposal cells or remediated sites shall be periodically inspected in accordance with requirements outlined in either the preliminary or final long term surveillance plans or other regulatory agreements. Periodic maintenance ranging from vegetation control and fence and sign repair to more significant activities, such as, correcting settlement damage, repairing erosion, and human or animal intrusion into the disposal cells.

Conditions observed during the site inspections shall be documented and any necessary corrective actions or maintenance shall be identified. Designs and estimates for corrective actions shall be developed and submitted to the DOE for review and approval. The Contractor shall be responsible for the implementation of the corrective actions and/or maintenance activities.

4.6 Project Management And Control Systems

The Contractor shall develop, implement, and maintain a project management and control system approved by DOE which establishes the technical scope, cost, and schedule baselines. The project management and control system shall serve as a tool for budget development, baseline planning and control (including life-cycle baselines), performance measurement and metrics, reporting and analysis, and funds management.

The Contractor shall develop, implement, and maintain a Work Breakdown Structure (WBS) that is consistent with the Statement of Work (SOW) of the contract and that directly supports the GJPO summary WBS for planning, forecasting, budgeting, scheduling, and cost collection for contract activities and projects. The Contractor shall develop, implement, and maintain a work breakdown structure and work breakdown dictionary to identify the scope of work of each task. The Contractor shall also establish a hierarchical system of project schedules, starting with a project master schedule down to task and subtask schedules. The Contractor shall establish the cost baseline by budgeting resources, estimating all project costs, and developing a time-phased budget plan. All project work must be properly planned and authorized by DOE before that work can be performed.

The Contractor shall measure the progress of work accomplished and costs expended for work completed and submit monthly reports on the status of each project. The reports include the budgeted cost for work scheduled, budgeted cost of work performed, actual cost of work performed, budget at completion, and estimated cost at completion. The Contractor shall analyze the data at the end of each month and report cost variances, schedule variances,

and expected variance at completion of each project. The Contractor shall report specific milestones, quantities, or other quantifiable information. The monthly report shall explain cost and schedule variances identifying the reason for each variance exceeding the reporting thresholds, and outlining the Contractor's management actions taken to mitigate any negative impacts of those variances.

4.6.1 Change Control

The Contractor shall develop, implement, and maintain a project change control process, approved by the DOE, to control baselines, provide historical traceability, and ensure baseline integrity. The Contractor shall integrate their internal change control process with the DOE Change Control process and Change Control Board.

4.6.2 Independent Cost Estimate (ICE) Reviews and Baseline Validations

The Contractor shall maintain the project management and control system so that the information contained within this system shall be available for DOE Independent Cost Estimate Reviews, baseline validations, and other reviews. The quality of the data provided by the system should be maintained such that only minor comments, if any, are received from these reviews.

4.6.3 Integrated Project Management System

The Contractor shall develop, implement, and maintain an Integrated Project Management System (IPMS) which combines the project control and budgetary systems of GJPO Contractors as directed by the DOE. The Contractor shall consolidate GJPO-wide project data and baselines from all GJPO Contractors and make that data available for analysis by the DOE. The Contractor shall also prepare consolidated GJPO reports and budget requests. The IPMS is independent from and additional to management and control system activities described in Section 4.6 through 4.6.2 which are necessary for Contractor operations.

The Contractor shall receive information from other GJPO Contractors for use in the IPMS and for integrated reporting to the DOE. The Contractor shall prepare monthly reports in support of the DOE Environmental Management Progress Tracking System, consolidate annual Activity Data Sheet budget submissions, prepare annual Baseline Environmental Management Reports, and prepare other integrated reports and submissions as directed by the DOE.

The Contractor shall prepare integrated GJPO budget, schedule and performance briefing materials for briefings and reviews on an as required basis. The Contractor shall coordinate with applicable GJPO Contractors to receive timely and standardized input.

5.0 BUSINESS MANAGEMENT

5.1 Financial Management

The Contractor shall develop, implement, and maintain financial management systems for planning, budgeting, financial control, reporting, and accounting of costs. The financial management systems shall be fully integrated with the Contractor's project management and control system.

The Contractor's financial management systems should be capable of managing, collecting, and reporting budgeted and actual financial information by DOE Funding Source and by the WBS approved by DOE. The Contractor will be required to manage project budgets and costs at a much lower level of detail than required for reporting purposes.

5.1.1 Budget

The Contractor shall develop, implement, and maintain a budget process for developing performance based budgets for assigned activities utilizing a bottoms up approach as approved by the DOE. Budget and long-range planning estimates shall be prepared to support the establishment of project baselines and the DOE budget cycle. Budget estimates shall be prepared to include Contractor organizational unit, WBS element, and direct and indirect operating and capital funds. Budget estimates include types of capital cost, DOE Budget and Reporting (B&R) Classifications, and DOE Activity Data Sheets (ADS). Budgets developed by the Contractor shall be integrated with other Contractor budget requirements by the Contractor's IPMS group to produce a consolidated budget for the GJPO.

5.1.2 Funds Management

The Contractor shall develop, implement, and maintain a system to manage and track approved funding that: ensures costs and commitments do not exceed authorized funding levels; provides early warning of funding limits which may be exceeded or not fully utilized; ensures that funds are expended for the purpose authorized; and keeps the DOE informed of the status of funding in a timely manner.

The Contractor shall develop, implement, and maintain a system which authorizes work and allocates authorized funding to the responsible organization for each assigned task, funding source, WBS element, ADS, and B&R classification. The Contractor shall monitor performance against approved tasks and budgets, perform analyses of performance, and develop and recommend corrective measures to maintain control within authorized funding levels.

Based on funding and programmatic guidance provided by DOE, a cost plan by project, including a separate plan for indirect activities, shall be prepared and submitted to DOE for approval. The plan shall include prior year encumbered and unencumbered carryover funding, current year budget authority, monthly projected costs and projected year-end encumbered and unencumbered carryover funding. Management reports addressing performance against the plan shall be prepared monthly.

5.1.3 Accounting

Financial accounting services shall be provided to maintain financial data.

The Contractor shall provide accounting services in accordance with generally accepted accounting principles, DOE requirements, and good business practices to include:

5.1.3.1 Accounts Receivable/Payable;

- Payroll accounting;
- General ledger;
- Benefits accounting;
- Cash and other liquid assets management;
- Invoices;
- Property records;
- Sales tax administration; and
- Cost accumulation and reporting systems.

The Contractor's cost accounting system shall ensure that costs charged to the contract are in accordance with generally accepted accounting principles, DOE requirements, and good business practices.

The Contractor shall maintain an account structure that will allow consistent summarization of performance data by internal organizational unit, by direct and indirect operating and capital cost, by task, by project, by type of cost, and by WBS element.

Monthly actual cost data reflecting total contract costs assigned to WBS elements shall be reported to the Project Management and Control System for use in periodic performance reports. Other financial reports shall be provided as prescribed by the DOE.

5.2 Other Functions

5.2.1 Public Affairs/Community Relations

The Contractor shall assist the DOE in conducting programs for community-relations, education and media coverage in support of assigned tasks except for GJPO site activities which are the responsibility of the Facility Operations and Support Contractor. This includes establishing and maintaining communication channels to disseminate information to the public, maintaining public reading rooms, encouraging public and stakeholder involvement in the remedial process, and responding to public comment and inquiry. The Contractor shall comply with regulatory and emergency planning/response public affairs requirements. The Contractor shall track and analyze public issues related to project goals, and provide information necessary for effective planning and decision making. Public affairs activities will not overlap with those of the Facility Operations and Support Contractor.

5.2.2 Contracting

The Contractor shall establish a procurement system which is responsive to DOE programmatic requirements and milestones and is based on the Federal Acquisition Regulations, the Department of Energy Acquisition Regulations, and the best commercial business practices available. The contractor shall provide a subcontract management system to reflect and manage subcontracts in a cost effective manner. The contractor's acquisition policies shall reflect the department's diversity and small business emphasis.

5.2.3 Strategic Planning

The Contractor shall develop a strategic planning process that incorporates the vision and mission of the GJPO and defines how the Contractor will support the business of the GJPO, its customers and its programs. The plan shall include:

- An analysis of the current strengths, weaknesses, external opportunities for attracting work to GJPO, and the identification and development of solutions for improvements.

- Strategic goals based on the GJPO mission, and action plans and objectives for each goal identified.

- Diversity and total quality management objectives which are consistent with AL and HQ goals.

- Objectives for the safety and health of workers and protection of the environment which meet or exceed applicable environmental, safety and health regulations.

5.2.4 Records Management and Document Control

The Contractor shall utilize the Facility Operations and Support Contractor's records management and document control system for ultimate retention of project documents. The Contractor shall also maintain and update the Administrative Record for the Monticello Mill Site and Vicinity Properties NPL sites and any other sites assigned by the DOE.

6.0 REPORTING REQUIREMENTS

The Contractor shall prepare, submit, and publish financial, schedule, and technical performance plans and reports, and other deliverables as required by the Reporting Requirements Checklist in this contract or as prescribed by task orders negotiated under this contract.

7.0 GOVERNMENT FURNISHED PROPERTY

The Facility Operations and Support Contractor is charged with the primary responsibility for management and operations of the GJPO site and has specific responsibility for managing all Government Furnished Property (GFP) (equipment, real property, space allocation, and materials) of both on-site DOE Contractors and on and off-site subcontractors. In addition, specific property is assigned to the Facility Operations and Support Contractor for use in the performance of the contract.

The Technical Assistance and Remediation Contractor is assigned specific property for use in the performance of its contract and shall provide input to the Facility Operations and Support Contractor for required property management activities. The Technical Assistance and Remediation Contractor shall manage the GFP in a responsible and professional manner in accordance with this contract. The Contractor shall notify the Facility Operations and Support Contractor of equipment in need of maintenance, calibration, or repair.

The Technical Assistance and Remediation Contractor shall be required to identify annually any new equipment requirements and submit the list to the DOE for review and approval. The listing shall include justification, the cost of the equipment, and the delivery date needed to support assigned work. The listing shall normally be received during the annual budget cycle. The DOE, if funding is available, will authorize the Facility Operations and Support Contractor to purchase the equipment.

Circumstances may arise requiring the acquisition of new GFP outside the annual identification process. The Contractor shall develop a non-routine GFP acquisition process to accommodate those critical needs identified at times other than during input to the annual cycle.

Appendix A

LISTING OF ACRONYMS

ADS	Activity Data Sheets
AL	Albuquerque Operations Office
B&R	Budget & Reporting
CERCLA	Comprehensive Environmental Response, Compensation, and Liability Act

REPORTING REQUIREMENTS CHECKLIST

ɔSE

ɔcklist identifies and communicates additional reporting requirements which are not otherwise set forth in DOE contractual agreement. It included as part of the contractual agreements. The checklist will be completed for each contract or financial incentives agreement. If ry, special instructions may be appended to modify the checklist to assist it to specific situations.

RUCTIONS

. Enter the title of the project as indicated in the procurement request, contract, interagency agreement, initiating memorandum, or official award, as appropriate

. Enter the identification number of the procurement request, contract award, or financial incentives agreement, as appropriate

3. Enter the name and address of the participant

4 Check spaces to indicate plans and reports selected. For each reporting requirement selected, indicate the frequency of delivery using one of the frequency codes from Item 5. The addressees to whom reports will be sent and the total number of copies required will be referenced in an attached codec distribution list.

Note: Frequency codes represent specific reporting frequencies for each selected report. The frequencies are recommended in the solicitation and negotiated prior to award. The number of copies required and the addresses are similarly finalized prior to award.

Item 5. This item lists the possible frequency codes to be applied in the selection of reporting requirements.

Item 6. Attach special instructions as necessary. Check the appropriate box(es).

Item 7 Signature of person preparing checklist and the date prepared

Item 8. Signature of person reviewing the checklist and date reviewed

SUMMARY REPORT

hic presentation of integrated cost, labor, and schedule information for radio analysis and trend forecasting;

RUCTIONS

Enter the title, as it appears in the official document establishing the contractual agreement.

Enter the inclusive start and completion dates for the reporting period for this report.

Enter the contractual agreement identification number as it appears in the official establishing document.

Enter the name and address including ZIP code of the contractor, organization, or agency, as they appear in the award instrument.

Enter the official start date of the original contractual agreement.

Enter the official completion date as of the latest official modification to the contractual agreement.

Enter current fiscal year.

In the extreme left of the 15 blocks enter the first letter of the fiscal year month of agreement or award initiation. Enter successive months as required. For new fiscal year "Summary Report" submissions enter the months of the new fiscal year and the first three months of the subsequent fiscal year.

Enter an appropriate scale in dollars for the horizontal lines in the grid. On the grid formed by the dollar scale and the months of the year, plot planned cumulative cost (using a dashed line) for the time period shown in item 8. Plot actual cumulative cost using a solid line) for each month up to and including the month being reported with a dotted line extended from that point to indicate estimate of costs to be incurred. If applicable enter total obligation ceiling line at the top of the graphical representation. The total obligation ceiling is the total funds obligated by the Government plus the participant's cost share when applicable. Reflect changes in obligation ceiling without changing prior month's ceiling in subsequent fiscal year reports. Adjust the graphic scale as necessary to accommodate for cumulative reporting to include prior fiscal year data.

a Indicate unit of measure applied to cost status graph (such as hundreds, thousands, etc.).

b Enter the associated B&R number.

c Enter the date of the current approved cost plan.

d Enter total actual costs for all prior fiscal years.

e Enter total planned costs for all prior fiscal years (see latest approved "cost plan" item 6.

f Enter the current estimated cost for the subsequent reporting period.

g Enter total planned cost for each month shown in item 8.

h Enter total actual cost for each month (d)(1) in item 8 up to and including the month being reported.
Subtract the actual cost (9d) from the planned cost (9g) for each month up to and including the month being reported and enter the difference.
Enter the cumulative variance by reporting period. Show unfavorable variances in parentheses.

Item 10 Enter an appropriate scale in labor for the horizontal lines on the grid. On the grid formed by the labor (10a) and the months plot planned cumulative labor (using a dashed line) for the time period shown in item 8. Plot the actual cumulative labor (using a solid line) for each month up to and including the month being reported with a dotted line extended from that point to indicate estimated labor to be incurred if applicable enter the total labor ceiling line at the top of the graph. Representation. The total labor ceiling is the total labor funded by the Government plus the contractor's share when applicable. Reflect changes in labor ceiling line without changing prior month's ceiling in subsequent fiscal year reports. Adjust graphic scale as necessary to accommodate for cumulative reporting to include prior fiscal year data.

a Indicate unit of measure applied to labor status graph (exact, hundreds, thousands, etc.).

b Enter the date for the latest approved "Labor Plan".

c Enter total planned labor for all prior fiscal years.

d Enter total actual labor for all prior fiscal years.

e Enter current estimate of total labor required to complete the contract. This includes actual for prior years, the current fiscal year actuals to date plus the participant's best estimate of labor required to complete the remaining work on the contract.
Enter the total negotiated contract labor.

f Enter total planned labor for each month indicated in item 8.

g Enter total actual labor for each month up to and including the month being reported.
Subtract the actual labor (10d) from the planned labor (10g) and enter the difference. Show unfavorable variances in parentheses.
Enter the cumulative variance by month. Show unfavorable variances in parentheses.

Item 11. a through g — Enter event identifiers as established in contractual agreement. In the space to the right of each event plot milestone and activity data by month. Use charting information shown at the end of these instructions. In the column entitled "Comments" enter any pertinent additional information concerning milestone status (e.g., schedule revision, date scheduled for milestones completion if not possible to show in graph, etc.).

Item 12. Signature of responsible contractor agency, or organization project manager and date signed verifying the validity of the information furnished based on the participant's knowledge of the progress and status.

Charting information

SYMBOLS	EXAMPLES	SYMBOLS	EXAMPLE
Major event	A — Major event with an activity bar	Activity bar	Same as example A above except that here a time line is used in place of an activity bar
Major event on project critical path	B — Time now and work done	Time line	Original major event date and four approved changes (subsequent to this date)
Intermediate event: Deliverable, Supporting event, or decision point	C — Schedule revision not yet approved	Time now	Original major event date and two subsequent approved changes (one improvement to that date)
Intermediate event completed early or late	D — First change approved (slippage)	Continues beyond time frame shown	Intermediate event schedule deviation
Proposed schedule deviation (late or early) for a major event	E — Improvement (no contractual implemented)		
	F — First change approved (improvement)		
	G — Activity ahead of schedule		
	H — Activity behind schedule		
	Date and of time completion of intermediate events A and B respectively

MILESTONE SCHEDULE PLAN/STATUS REPORT

Data format to establish a baseline schedule and indicate performance status for each reporting element identified in the award instrument.

CTIONS

Appropriate box to indicate whether the form is being submitted as a plan or a report.

Enter the title as it appears in the official document estab- lishing the contractual agreement.

Enter the inclusive start and completion dates for the report- ing period when used as a report.

Enter the identification number as it appears in the official establishing document and append the latest modification number.

Enter the name and address of the contractor organization or agency as they appear in the contractual agreement.

Enter the official start date of the original contractual agreement.

Enter the official completion date, as of the latest official modification to the contractual agreement.

the element codes relating to the line items (end products or work breakdown structure elements reported in item 6.

Enter the same contractually specified reporting elements that are on the associated "Cost Plan" and "Labor Plan".

e items need only be entered on the first page of multipage reports.

Item 9. In the lower portion of the space for the item heading, enter the first letter of the month for the first report in the extreme left block. Enter successive months as required. Enter fiscal years in the upper portion of the heading space as appro- priate for months. Separate fiscal years by extending vertical line between the months of September and October. Enter schedule data below the fiscal year and month headings and to the right of each element listed in item 8. Use charting information shown at the end of these instructions.

Note: Only one major event may be shown on a single horizontal line.

: Intermediate events may be shown only with an activity bar or time line. These event symbols are placed above the bar or line and coded. A description of each should be provided in an attachment.

Item 10. Based on the participant's best judgment, enter an assess- ment of actual percentage completed toward meeting the objective of each reporting element listed in item 8. All schedule variances which exceed established contract thres- holds must be explained in the "Status Report".

Item 11. Enter signature of responsible contractor, agency, or organi- zation project manager and date signed verifying validity of the information furnished based upon the participant's knowledge of the contract's progress and status.

LABOR PLAN

SE

e plan to allocate direct labor to each reporting element required by the contractual agreement.

UCTIONS

Enter the title as it appears in the official document establishing the contractual agreement.

Enter the identification number as it appears in the official contractual agreement, including any modification number.

Enter the name and address of the participant, organization or agency, as they appear in the contractual agreement.

Enter date of this

Enter the official start date of the original contractual agreement.

Enter the official completion date at the latest official modification to the contractual agreement.

Enter the element codes relating to the line items, tasks products, or work breakdown structure elements reported in 8.

Enter the reporting elements that are specified in the contractual agreement (work statement tasks, work breakdown structure elements, organization units, labor categories, etc.).

. Enter cumulative planned labor for all prior fiscal years for each reporting category in item E. This information must be the same as that reported on the "Labor Management Report" (item 10d) at the end of the preceding fiscal year.

0. Enter cumulative actual labor for all prior fiscal years for each reporting category in item E. This information must be the same as that reported on the "Labor Management Report" (item 10c) at the end of the preceding fiscal year.

e items need only be entered on the first page of multipage rts.

Item 11. In the blocks heading each column, identify the reporting periods (months, quarters, etc.) specified in the contractual agreement. If months, enter in the extreme left block the first letter of the month for the first contract month, with successive months of the current fiscal year as required. If reporting periods are quarters, use 1st, 2nd, 3rd, and 4th and distribute evenly over the spaces available. Enter planned labor allocations for each period and total to the right for each reporting category listed in item 8.

Item 12. Enter fiscal year for each future fiscal year of the contractual agreement. Enter planned labor allocations by future fiscal years for each reporting element listed in item 8.

Item 13. For each reporting element listed in item 8, enter planned labor allocations for fiscal years remaining to complete the program and not included in items 11 or 12.

Item 14. Enter the total planned contract labor for each reporting element listed in item 8. Sum of items 9, 11, 12 and 13.

Item 15. Enter the total labor for each column in items 9, 10, 11, 12, and 13. Enter only on the final page of a multipage "Labor Plan."

Item 16. Enter the unit of measure for labor amounts shown above (for example, labor hours, hundreds of labor hours, thousands of labor hours, labor months).

Item 17. Signature of responsible contractor, agency, or organization project manager and date signed verifying the validity of the information furnished based upon the participant's knowledge of the contract.

LABOR MANAGEMENT REPORT

sic report of the status of actual and projected labor expenditures and their variances from the approved "Labor Plan" for a contractual nt.

UCTIONS

Enter the title as it appears in the official document establishing the contractual agreement.

Enter the inclusive start and completion dates for the reporting period for this report, if appropriate.*

Enter the contractual agreement identification number as it appears in the official establishing document and append the latest modification number.

Enter the name and address of the contractor, organization, or agency, as they appear in the contractual agreement.*

Enter the date of the current Labor Plan for this contractual agreement (see item 4 of "Labor Plan").

Enter the official start of the original contractual agreement.*

Enter the official completion date, as of the latest official modification to the contractual agreement.*

Enter the element codes relating to the contract line items, tasks, products, or work breakdown structure elements listed in item 9.

Enter the same contractually solicited reporting elements that are on the associated "Labor Plan."

10. All labor must be reported for each reporting element listed in item 9. Contractor-funded labor must be reported for each reporting element listed in item 9. Contractor-funded labor will be excluded only if directed in the contractual agreement. Enter items:

   a. The total actual labor expenditures incurred for the reporting period.
   b. The total planned labor expenditures for the reporting period, as stated in the current "Labor Plan."
   c. The cumulative total of all labor expenditures planned from the beginning of the period of performance to the end of the reporting period.

   c. The cumulative total of all labor expenditures [illegible] from the beginning of the period of performance to the end of the reporting period, as stated in the current "Labor Plan."

Item 11. Enter the participant's best estimate of the labor required to perform the remaining work. This estimate may differ from the "Labor Plan."

   a. The estimated labor expenditures for the subsequent reporting period.
   b. The estimated labor expenditures for the balance of the fiscal year (excluding the amount in 11a).
   c. For each reporting element listed in item 9, enter planned labor for fiscal years remaining to complete the program.
   d. For each reporting element listed in item 9, enter planned labor for fiscal years remaining to complete the program and not included in items 10c, 11a, b, and c.
   e. The total estimated labor expenditures funded by DOE for the completion of the contract effort. (Include the amounts in 10c. and 11a, b, c, and d.

Item 12. Enter the total contract labor for the reporting element as shown in item 14 of "Labor Plan."

Item 13. Subtract the total estimated labor (item 11d) from the total contract labor (item 12) and enter the difference. Show unfavorable variances in parentheses. If the variance exceeds the specified threshold, explain fully in the "Status Report."

Item 14. Enter the totals of all labor for each column for each reporting element. For multipage forms, enter totals on final page.

Item 15. Enter the appropriate unit of measure that relates to the units of measure in the "Labor Plan."

Item 16. Signature of responsible contractor, agency, or organization's project manager and date signed, verifying the validity of the information furnished based upon the participant's knowledge of the contract's progress status.

se items need only be completed on the first page of multipage orts.

SECTION J ATTACHMENT C

GOVERNMENT FURNISHED PROPERTY

SCOPE

This Attachment addresses the Government Furnished Property for use in performance of this contract. Existing government furnished equipment, building space, and facilities have been allocated as appropriate for use under this contract. For reference, items identified for use by the other prime contractor at the site are also included.

MANAGEMENT

The Facility Operating and Support (FOS) Contractor is charged with the primary responsibility for management and operations of the GJPO site and has specific responsibility for managing the Government Furnished Property (equipment, real property, space allocation, and materials) of both on site Contractors and on and off site Subcontractors. In addition, specific property is assigned to the FOS for use in the performance of that contract.

The Technical Assistance and Remediation (TAR) Contractor is assigned specific property for use in the performance of that contract and shall provide input to the FOS for required property management activities.

ASSIGNED USE

Property at the site has been assigned consistent with the Statement of Work contained in each contract as follows:

Appendix A is the list of equipment assigned for the performance of the Technical Assistance and Remediation Contract.

Appendix B is the list of equipment assigned for the performance of the Facility Operation and Support Contract.

Appendix C is the list of buildings assigned to the Facility Operation and Support Contract for management and operation.

Appendix D is a GJPO site map allotting site space for performance of each of the two contracts. The map legend element designated "Technical" identifies space for use by the Technical Assistance and Remediation Contract. The rest of the facility is operated and used by the Facility Operations and Support Contract.

EXISTING MATERIALS

The incumbent Contractor is required to inventory materials prior to termination of the existing contract. This inventory will be basis for transfer and acceptance of Government Furnished Materials to the Facility Operations and Support Contractor upon award. Government Furnished Materials are defined as property that may be incorporated into or

attached to a deliverable end item or that may be consumed or expended in performing a contract.

EXISTING SUBCONTRACTS

The Facility Operation and Support Contractor will assume management of site utility service agreements (excluding those listed below) and existing building lease agreements. The Technical Assistance and Remedial Action Contractor will assume management of remedial action subcontracts active at the time of award and agreements for offices and support services in conjunction with the Monticello site.

VEHICLES

The Offeror will lease vehicles from General Services Administration (GSA) as needed to support the performance of work under these solicitations.

EXISTING DOE AGREEMENTS

The Facility Operations and Support Contractor, as part of the site facility management and administration requirements, will provide support to DOE agreements for limited activities by the following tenants at the GJPO site:

Oak Ridge National Laboratory
General Services Administration
US. Army Reserve

The following existing agreements are transferred from the incumbent Contractor to management by DOE. The Facility Operations and Support Contractor, as part of the site facility management and administration requirements, will provide limited support for these DOE agreements. These agreements include:

VENDOR	P.O. NO.	SERVICE/PRODUCT	$ VALUE/YEAR
Denver & Rio Grande Railroad	36805	Parking Lot Lease	1,800
Denver & Rio Grande Railroad	35421	New Parking Lot & Walkways	564
Public Service Company	1206	Natural Gas Transmission	19,000
Tiger Natural Gas	51187	Natural Gas	60,000
Walker Field	37746	Calibration Pad Lease	19,000

EXISTING COMPUTER EQUIPMENT

Of the existing computer equipment, 99% of the desktop computers are IBM compatible and 1% Macintosh using WordPerfect, Lotus, Harvard Graphics, Visio, Microsoft Project, Primavera Sure Trak, and Paradox software packages. The existing network equipment are IBM compatible 486 or Pentium fileservers running under the Novell Netware 4.x operating system. The following multiuser systems also exist for scientific functions and corporate administrative processes. and run primarily Foxpro/Foxbase software.

Facility Operations and Support/Technical Assistance and Remedial Action

TECHNICAL ASSISTANCE AND REMEDIATION CONTRACTOR

KEY/CRITICAL PERSONNEL QUALIFICATIONS

A. KEY PERSONNEL

GENERAL MANAGER

DUTIES

The General Manager is responsible for planning, organizing, and directing work on engineering and construction projects in the areas of environmental restoration, waste management, decontamination and decommissioning, technology development, and support for other DOE offices. The individual has overall responsibility for Contractor personnel and shall be responsible for contract performance. The General Manager also ensures that the Contractor's organization produces products of high quality, implements continuous improvement actions, and protects the health and safety of the workers and public.

EDUCATION

Education should include a bachelor's degree in a technical (engineering or scientific) or management discipline with a Master's degree in a management area being desirable.

EXPERIENCE

Experience should include a history of progressive work-related experience in environmental restoration, waste management, and other similar types of engineering or construction projects with eight (8) years of relevant and directly applicable programmatic experience with complex, multi-faceted projects. Three (3) years of demonstrated ability to manage these programs at a second tier or higher management level and to direct an organization with a diverse mix of technical, management, and administrative functions. In addition, the Manager's experience must demonstrate the successful application of supervisory and communication skills while managing programs related to this position.

CONTRACT ADMINISTRATION MANAGER

DUTIES

The Contract Administration Manager is responsible for the administration and management of contract delivery orders for any environmental restoration, waste management, decontamination and decommissioning construction, engineering, or other necessary services, with respect to contractual matters. Duties include ensuring compliance with applicable Federal and DOE regulations and policy for procurement, as well as the contract terms and conditions; maintaining an adequate purchasing system, which includes overseeing procurement of Subcontractors; and interfacing with DOE contracts personnel regarding contractual matters.

The individual is responsible for assuring and maintaining the quality, efficiency, effectiveness, and comprehensiveness of contractual work activities. Work is in complex and sensitive areas requiring awareness of confidentiality and excellent interpersonal skills.

EDUCATION

Education should include a Bachelor's degree in the area of business or an appropriately related field.

EXPERIENCE

Experience should include a history of progressive work-related experience with five (5) years of direct experience in contract management. In addition, the Contract Manager's experience must demonstrate the successful application of supervisory and communication skills while managing programs related to this position.

MANAGER OF ADMINISTRATION

DUTIES

The Manager of Administration ensures that the areas of finance, accounting, budget, and project control systems function efficiently and meet all applicable DOE requirements. The incumbent shall ensure that systems for planning, budgeting, financial controls and accounting are managed in accordance with guidelines established by Cost Accounting Standards, Federal Acquisition Regulations, and DOE requirements. Also, the incumbent is responsible for ensuring that financial management systems are fully integrated with the project control system.

EDUCATION

Education should include a Bachelor's degree in business or a related field with a Master's degree in business desirable.

EXPERIENCE

Experience should include a history of progressive work-related experience in management systems with five (5) years of relevant and directly applicable management systems experience with complex multi-faceted projects. In addition, the experience must demonstrate the successful application of supervisory and general communication skills while managing programs related to this position.

COMPLIANCE MANAGER

DUTIES

The compliance manager is responsible for managing the Contractor's functional areas of environment, safety and health, quality assurance permits, and waste management and minimization. The compliance manager's duties include developing an organization that

emphasizes protection of the safety and health of both workers and the public by implementing the Contractor's health and safety program and plans; maintaining compliance with applicable laws, regulations, and requirements; and evaluating and strengthening the Contractor's compliance with those requirements.

The Compliance Manager shall provide the Contractor with expertise for OSHA, NEPA, TSCA, RCRA, CERCLA, SARA, UST, DOT, CAA, CWA, state and local regulations, and other environmental programs, compliance order, and permit issues in assigned programs. In addition, the Compliance Manager shall maintain up-to-date knowledge of policies, procedures, standards, and regulations pertaining to environmental, safety, and health issues and concerns to keep abreast of new developments and proposed regulations that apply to the Contractor.

EDUCATION

Education should include a Bachelor's degree in the physical sciences, engineering, environmental, safety, or health field with a Master's degree in one of these fields or the completion of at least 24 semester hours or comparable educational class work in the field of ES&H, Quality Assurance and/or Waste Management desirable.

EXPERIENCE

Experience should include a history of progressive work-related experience in compliance areas with five (5) years experience in managing related projects in the compliance field which demonstrates of a full understanding and capability of effectively applying the basic principles and concepts of compliance management. Additionally, the Compliance Manager's experience must demonstrate the successful application of supervisory and communication skills while managing programs related to this position.

ENGINEERING MANAGER

DUTIES

The Engineering Manager is responsible for all engineering activities in support of assigned environmental restoration, waste management, technology development and support for others projects. The individual shall provide an organization capable of providing engineering services for developing remediation designs, conducting characterization activities, and analyzing and preparing field changes within schedules and budgets. The Engineering Manager shall ensure engineering activities always seek to incorporate results-oriented innovations and expedited actions that shall save time and money. The individual is responsible for interfacing with the Construction Manager to ensure engineering designs properly incorporate construction concerns. The incumbent is also responsible for ensuring that the elements of the project plans and specifications can be implemented.

EDUCATION

Education should include a Bachelor's degree in engineering with a Master's degree in engineering, management, or a discipline directly related to environmental remediation desirable. Additionally the Engineering Manager must be a licensed professional engineer.

EXPERIENCE

Experience should include a history of progressive work-related experience in engineering related to environmental restoration, waste management, and other similar types of projects with five (5) years experience working with environmental restoration, waste management, or other similar types of environmental-related projects. In addition, experience must demonstrate the successful application of supervisory and communication skills while managing programs related to this position.

REMEDIAL ACTION MANAGER

DUTIES

The Remedial Action Manager is responsible for all construction activities in support of assigned environmental restoration, waste management, and other assigned projects. The individual shall provide an organization capable of providing construction management services which will ensure that the work is accomplished according to the plans and specifications developed by the Contractor's engineering organization. The Remedial Action Manager shall ensure that construction activities always seek to incorporate results-oriented innovations and expedited actions that will save time and money. The individual is responsible for interfacing with the Engineering Manager to ensure construction concerns are adequately addressed in engineering designs. The incumbent is also responsible for working closely with the Contractor's contracting organization during the procurement of construction subcontractors.

EDUCATION

Education should include a Bachelor's degree in civil engineering, construction management, or a related engineering field with a Master's degree in one of these fields, management, or a discipline directly related to environmental remediation desirable.

EXPERIENCE

Experience should include a history of progressive work-related experience in construction management related to environmental restoration, waste management, and other similar types of projects with five (5) years experience working with environmental restoration, waste management, or other similar types of environmental-related construction projects. In addition, experience must demonstrate the successful application of supervisory and communication skills while managing programs related to this position.

B. CRITICAL WORK AREA PERSONNEL

Critical Work Area Personnel should possess the following qualifications:

Lead Design Engineer - Engineering Degree, 5 years experience in developing remedial action designs for hazardous and/or radioactively contaminated sites.

Lead Field Assessment Physical Scientist - Chemistry/Geochemistry/Earth Sciences Degree, 5 years experience in the assessment and interpretation of characterization data of contaminated waste sites.

Groundwater Program Coordinator - Engineering/Physical Science Advanced Degree, 5 years experience in groundwater modeling, geochemistry, or geohydrology.

Lead Cost/Schedule Analyst - Degree, 5 years experience in areas such as operations research, planning technical projects, and cost scheduling/reporting/controls. Additionally experience in project controls with regard to cost and schedule system review activities from implementation through surveillance, including planning and performing reviews effectively within a multi-faceted team setting.

Environmental Program Coordinator - Engineering/Physical Science/Environmental Degree, 5 years experience in environmental and regulatory areas such as environmental health, NEPA, RCRA, CERCLA, Clean Water Act, National Emissions Standards for Hazardous Air Pollutants (NESHAPS), radiation standards, permitting, and environmental law.

Lead Safety Engineer - Engineering/Safety Degree, 5 years experience in construction or remedial action safety programs as well as OSHA safety regulations.

Lead Public Affairs Specialist - Degree, 3 years experience in technical and regulatory issues and media relations. Experience in dealing with Federal, State, and Tribal officials, other stakeholders and the news media. Experience in conducting public meetings on controversial topics.

PERFORMANCE-BASED FEE DETERMINATION PROCEDURE
GRAND JUNCTION PROJECTS OFFICE

This Performance-Based Fee Determination Procedure covers the process for administration of the Performance-Based Fee provisions of Contract No. DE-RP04-95AL87335 for the Grand Junction Project Office (GJPO), and provides the standardization necessary to ensure effective development, administration, and coordination of the evaluation process.

PURPOSE

This Performance-Based Fee Determination Procedure encompasses many recommendations of the Contract Reform Report for new Department of Energy (DOE) contracts to include cost-sharing arrangements and incentives to reduce costs while strictly enforcing performance criteria and measures. The Contractor is responsible for striving to attain the highest standards of excellence in executing responsibilities under the contract as measured against performance standards consistent with the best management practices available. The Contractor is expected to develop standards of excellence and to have a strong, on-going self-assessment program to measure progress against the standards. The Contractor will receive a favorable rating for identifying problems and for developing and implementing effective and economical corrective actions.

The Contract Reform Report suggests that the new "performance based management contracts" include well defined, objective performance criteria and measures for program activities, environmental, safety and health requirements, and financial management objectives. To the extent possible, DOE shall endeavor to assure that the majority of the performance criteria are objective, measurable, and verifiable (they are either achieved or they are not achieved). In addition, there may be a limited number of subjective criteria which are necessary for DOE in evaluating Contractor performance for areas which do not lend themselves to objective measurement.

This approach clearly defines DOE's message that the Contractor's performance is expected to be better than satisfactory; and also allows DOE to focus the Contractor's performance on DOE's strategic goals and mission.

FEE APPLICATION

The Cost-Plus-Award-Fee (CPAF) type of contract has been employed to provide an incentive, in the form of an available award fee, to encourage and reward the Contractor for increasing efficiency in the performance of the contract. A Performance Evaluation Plan shall be developed for each six month evaluation period and will be the basis for determining the amount of award fee to which the Contractor is entitled for the period.

This CPAF contract incorporates the concept of base fee and award fee. The base fee is an amount that is considered reasonable compensation for receiving a rating of "Satisfactory". A portion of the calculated annual base fee is included in each monthly progress payment per paragraph H.23 Payment of Base and Award Fee.

The award fee is additional fee available to reward excellence in performing specific areas designated by the Government for evaluation. Of the fee pool established annually, 2 % is established for base fee and 4 % for award fee. The award fee shall be determined by the rating established at the end of each six month evaluation period and

approved by the Fee Determination Official (FDO). No award fee shall be earned for Satisfactory performance, since this is the minimum level of performance expected of the Contractor selected to manage work under the Grand Junction Projects Office (GJPO). Reference Fee Schedule in Appendix A.

During the initial six-months of base period, Year One, this contract will be administered as a CPAF contract in accordance with the provisions of the contract. In addition, during the second evaluation period, and in all subsequent years, the Cost Reduction Proposals paragraph H.34 will also apply. This will allow the Contractor's management time to become familiar with the operations and projects at GJPO, establish a baseline of performance, develop innovative ideas, and an opportunity to prepare cost savings plans for presentation to DOE at the end of the first award fee period. Incentive proposals submitted by the Contractor must directly reduce the contract baseline. The Contractor shall share, on a limited basis, in the savings actually realized from implementation of these proposals.

ADMINISTRATION

The Fee Determination Official (FDO) responsible for the award fee process on this contract is the Manager of the DOE Albuquerque Operations Office (AL). The Award Fee Board (AFB) is composed of a Chairperson (the AL Deputy Manager), the Performance Area Managers (AL Assistant Managers and Division Directors), and other selected staff invited by the Chairperson of the AFB. The Primary responsibilities of the AFB are:

1. Finalize Development of Performance Evaluation Plans

   (a) Review draft plans presented by the GJPO Manager for the next rating period and assure that they are consistent with overall DOE AL goals; and
   (b) Recommend the plan to the FDO for approval.

2. Finalize Assessment and Contractor Performance Rating

   (a) Review the evaluation reports presented by the GJPO Manager regarding Contractor performance for the period;
   (b) Conduct independent, ongoing evaluations of the Contractor's performance;
   (c) Review Contractor's Self-Assessment Reports; and
   (d) Submit a report to the FDO covering the Board's findings regarding Contractor performance which contains a recommendation of fee earned for each evaluation period. The report to the FDO shall include all minority opinions or reports.

PERFORMANCE EVALUATION PLAN

A Performance Evaluation Plan shall be provided to the Contractor 30 calendar days prior to the start of the evaluation period. The Performance Evaluation Plan shall be developed within the framework of GJPO Performance Goals and support continued progress toward these goals. Reference the sample GJPO Performance Goals in Appendix B. The Plan shall contain the Performance Areas, the Performance Objectives, and the Performance Criteria that will be the focus of Contractor performance and DOE evaluation for the next evaluation period.

The Performance Areas are broad based criteria and define the total performance requirements of the contract. Weights are assigned to each Performance Area with the sum of the Weights totaling 100 percent. As an example, the current plan at GJPO has

three Performance Areas which are: General and Business Management (20%), Environmental, Safety and Health (40%), and Operations and Projects (40%).

The Performance Objectives are specific categories representing a group of activities or functions (managerial, administrative, operations) within a Performance Area in which a Contractor is required to perform.

The Performance Criteria (PC) are the lowest level of evaluation and outline important, critical, or time-sensitive areas of performance for each task. In determining PCs, consideration shall be given to Contractor past performance and contract future requirements. The goal is to obtain continuous improvement in the process and not simply consistency. The following guidelines shall be used in development of PCs:

1. The PCs must fall within the scope of work addressed by the approved task orders.
2. The PCs shall convey to the Contractor those areas requiring emphasis and increased management attention. They shall highlight important, critical, or time-sensitive areas of performance.
3. PCs shall be specific and objective, quantified by milestones and measures of performance.
4. PCs shall be written to the expected level of performance which equates to a mid-satisfactory rating.
5. PCs shall be consistent with overall site performance goals.

PERFORMANCE TASK MONITORS

Task Monitors shall be assigned to each task order for management and oversight. Task Monitors shall be responsible for development of draft performance criteria prior to the beginning of the rating period. The Contractor may provide input for consideration by DOE in the development of the Performance Evaluation Plan. Task Monitors shall be responsible for evaluation and assessment of the Contractor's activities during the rating period and documenting results at the end of the period. This includes reviewing the adequacy of deliverables, timeliness of submittals, control of costs, and assuring that Environmental, Safety, and Health activities comply with applicable safety and environmental practices, Quality Assurance procedures were followed, and other task order performance criteria were met.

Meetings shall be held with the Contractor, specifically before, and during each evaluation period to discuss the Contractor's performance relative to the task order.

Documentation shall be provided to the GJPO Manager with an evaluation and assessment of the Contractor's performance on the Performance Objectives and Criteria for the assigned task orders. This evaluation and assessment shall include an assessment of whether work required by the task order was accomplished, and an assessment of general cost and schedule progress, acknowledgment of performance that merits recognition, and specific statements characterizing any deficiencies identified in the execution of task orders.

The DOE Task Monitor shall recommend an initial rating of the Contractor's performance. In arriving at a performance rating, consideration shall be given to the Contractor's planning, organizing, control, staffing, cost , schedule, coordination and integration, compliance with all applicable laws, regulations, DOE Orders, DOE/State agreements, cost effectiveness, and execution. Execution includes all procedural, programmatic, and operational aspects of the activities which fall within each performance area.

GJPO MANAGER

The GJPO Manager provides a coordinating and integrating function for consolidation of inputs from AL Performance Area Managers and assigned Performance Task Monitors for development of the draft Performance Evaluation Plan prior to the beginning of the evaluation period and in development and presentation of the initial evaluation results to the Award Fee Board at the end of the evaluation period.

CONTRACTOR SELF-ASSESSMENT

By the tenth calendar day after the end of the evaluation period, the Contractor shall provide the AFB Chairperson and the DOE Manager of the Grand Junction Projects Office, a written self-assessment of their performance during the period. The self-assessment shall discuss major accomplishments or progress made in any functional area during the evaluation period and discuss the Contractor's assessment of their weaknesses and areas requiring improvement The self-assessment shall also discuss other accomplishments deemed worthy of consideration during the performance period that were not specifically addressed in the Performance Evaluation Plan. The self-assessment shall clearly measure performance against the DOE approved work scope, schedule, and budget for each Task.

MANAGEMENT OF KEY/CRITICAL WORK PERSONNEL

The performance award amount will be adjusted as a result of any impacts mandated by the Key/Critical Work Personnel clauses in H07. These adjustments will be a reduction to the award fee as indicated in H07.

FINAL CONTRACTOR RATING AND AWARD FEE

Within 60 calendar days after the end of the evaluation period, the FDO will forward an Award Fee Performance Evaluation Report to the Contractor, outlining a score and rating for the period and authorizing payment of the appropriate amount of Award Fee. The FDO may rely upon the recommendations provided by the Award Fee Board, information from the Performance Monitors on their assigned tasks, and the input from the GJPO Manager, as well as deliverables, milestones, cost and schedule information to determine the amount of award fee earned. The FDO award fee determination is final and is not subject to the Disputes clause of the contract.

DEFINITIONS

Significant and Notable are descriptors applied to both Achievements and Deficiencies and are used in communicating performance information to the contractor and may be considered by the FDO in arriving at a rating for the evaluation period.

Significant:	This term indicates a major event or sustained level of performance which, due to its importance, has a substantial positive or negative impact on the Contractors ability to carry out its mission.
Notable:	This term indicates an event or sustained level of performance which is of lesser importance than a "significant" event, but nonetheless deserves positive or negative recognition.
Observation:	Facts or findings noted by a monitor/evaluator which do not appear appropriate to classify as an achievement or deficiency.

RATING PLAN

The general guidelines to be used to evaluate the Contractor's performance are shown below. The Performance Task Monitors will use professional judgment in applying these guidelines and assigning a numerical and an adjectival rating to each Task assignment.

Adjectival Definition	Numerical Grade	Definition Performance Grade
Outstanding	96-100	**Performance substantially exceeds expected levels.** • Several significant or notable achievements exist. • No deficiencies were identified during the evaluation period.
Good	82-95	**Performance exceeds expected levels.** • Several significant or notable achievements exist. • Some notable deficiencies may exist. • No significant deficiencies exist.
Satisfactory	76-81	**Performance meets expected levels.** • Minimum standards are exceeded and "good management practices" are evident. • Notable achievements or notable deficiencies may exist. • Any significant achievements which exist are offset by significant or notable deficiencies.
Marginal	66-75	**Performance is less than expected.** • No significant achievements exist. • Some notable deficiencies exist; or • Any notable achievements which exist are more than offset by significant or notable deficiencies.
Unsatisfactory	65 or Below	**Performance is below minimum acceptable levels.** • Significant deficiencies causing adverse mission impacts exist. • Performance at this level may result in the FDO withholding all award fees for the period.

APPENDIX B
SAMPLE PERFORMANCE GOALS
TECHNICAL ASSISTANCE AND REMEDIATION CONTRACTOR

The following Grand Junction Projects Office goals and objectives shall be addressed in the development of the Performance Evaluation Plans. Detailed performance criteria established for the Performance Evaluation Plans shall be consistent with these site performance goals.

GOAL: Maintain an aggressive remediation program at Monticello, Utah in accordance with the existing Federal Facilities Compliance Agreement.

Objective: Complete cleanup of all Peripheral Properties and Vicinity Properties by 1997.

Objective: Complete the cleanup of Monticello Mill Site by 1998.

Objective: Complete delisting of the Monticello, Utah projects from the National Priority List by the year 2000.

GOAL: Maintain a highly skilled professional staff for all remediation projects.

Objective: Maintain an effective training program which will enhance and motivate the professional staff employed at GJPO.

GOAL: Complete the Uranium Mill Tailings Remedial Action Program (UMTRA) in a timely manner.

Objective: Aggressively pursue completion of all UMTRA properties by 1997 in accordance with the Colorado Department of Health/DOE Consent Agreement.

GOAL: Maintain an effective Public Relations/Community Affairs Program

Objective: Continue support of the Site Specific Advisory Board in Monticello, Utah.

Objective: Maintain an active stakeholder relations interface with the Federal, State, and Local elected officials, and various organizations and entities within the surrounding communities which facilitate cooperation and communication between DOE and the stakeholder.

GOAL: Aggressively pursue the establishment of a fully compliant UMTRA Groundwater Project.

Objective: Implement and maintain a dedicated professional staff for the UMTRA Groundwater Program. The staff shall be highly trained, fully developed, and cognizant of regulations within the assigned States.

GOAL: Complete and close out the existing GJPORAP Program.

Objective: Receive regulatory concurrence from the Colorado Department of Health for all close-out activities prior to the end of Fiscal Year 1998.

GOAL: Remove all existing contamination from the buildings on the GJPO Compound.

Objective: Conduct remediation on all of the remaining structures on the DOE Compound by the end of Fiscal Year 1997.

General Instructions

This report provides DOE with financial data on Government-furnished or contractor-acquired property in which title is vested with the government and facilitates the reporting of changes to property accounts, and the reconciliation of physical inventories to property accounts. Preparation of the report requires a breakdown of the total number of items and total dollar value by asset type code (columns 1 through 9 of the form). Please note the requirement for the name, title, telephone number and signature of the person responsible for the preparation of the report. Dollar amounts shown shall be rounded to the nearest dollar. The report is designed to account for all DOE-owned P&CE purchased by or furnished to your organization under DOE contracts awarded to your organization.

This report will be completed as of February 28 and August 31 of each year, and as of the final date of the contract. These completion dates apply only to this report. The reports will be submitted to the property administrator, and are due not later than 45 days after the end of the reporting period.

The original and two copies of this report should be sent to the property administrator, who in turn will provide copies to the contracting officer and to the servicing financial organization.

Negative reports are required.

Plant and Capital Equipment Definition

Plant and Capital Equipment includes land, land rights, depletable resources, improvements to land, buildings and structures, utilities, and equipment. The reporting criteria are as follows:

> *Plant* - Real property which includes land, buildings, related personal property, and other structures and facilities (Asset Codes 401 through 699 and 800). General Services Administration (GSA) regulations require the reporting of this property regardless of value.
>
> *Capital Equipment* - Personal property items (Asset Codes 710 through 799) with a unit acquisition cost of $5,000 or more, and a service life of more than two years per unit should be reported.

Generally, DOE Appropriation Acts differentiate between costs budgeted for plant and capital equipment and costs budgeted for operating expenses. Items meeting the P&CE criteria should be budgeted as such and reported on line 1a. Capital items purchased from operating funds should be reported on line 1b.

Instructions - Summary of Acquisitions and Dispositions by Type of Transactions

Acquisition

1. Purchases - The cost of equipment acquired by purchase includes net invoice cost less discount, plus transportation charges and installation costs.

   The cost of land and land rights includes the purchase price, other acquisition costs, and net costs of demolition of facilities acquired with the land.

   The cost of completed facilities purchased from non-Government sources includes the purchase price, other cost incident to the purchase, and the net cost incident to the purchase, and the net cost of converting the facilities to make them useful to DOE.

   Equipment acquired by lease may qualify as DOE-owned plant and capital equipment. Contact the DOE Contracting Officer for specific reporting guidance on all equipment acquired by lease.

   The cost of facilities constructed under contract includes all payments made to the construction contractor, the cost of items furnished by DOE and the payments made for architect-engineering contractor's services related to the construction work if not otherwise provided by DOE, the operating contractor, or the construction contractor.

2. Fabrications - Include equipment items fabricated by your shop, scientific personnel or subcontractors. Fabrications costed with Capital Equipment obligations (Program 35) that are incomplete should be identified separately from completed fabrications. Costs incurred for fabrication projects that are in progress at the end of the reporting period should be reported on lines 2b and 2c. For projects completed during a reporting period, the total project cost should be reported on line 2d.

3. No-Charge-Transfers from Other DOE Offices or Contractors - Record transferred P&CE at the original acquisition cost. All costs of normal packing, handling, etc., and any costs of removal, including dismantling of items transferred, shall be borne by the transferor. All costs of transportation shall be borne by the transferee. Where purchasing and warehousing activities are centralized with one DOE contractor at a given location to provide routinely for the needs of other DOE contractors at that location, a pro rata share of the cost of such activities shall be borne by the transferee. Under no circumstances will such costs be recorded by the transferee in an inventory account, nor will such costs be transferred for incidental transactions with a DOE contractor at another location.

4. No-Charge-Transfers from Other Federal Agencies - such transfers are treated in the same manner as transfers from another DOE organization as in 3 above.

5. Other - Include a brief explanation of the transaction such as physical inventory adjustments or any other additions not included in items 1 through 4 above.

6. Total Acquisitions - Total of lines 1 through 5

Dispositions

7. Sales - Includes P&CE sold as scrap or as a reuseable item. Cash collections from the sale of P&CE shall be handled as reductions to contractor's immediate cash requirements, and are to be credited to the operating activity or as salvage credits if credited to the P&CE budget activity. When the sale is to be made by the General Services Administration (GSA), no entries shall be made until the sale has been completed.

8. Trade-Ins - Includes P&CE traded-in for purchased P&CE which were included on line 1, Purchases.

9. No-Charge-Transfers to Other DOE Offices or Contractors - Remove transferred P&CE at the original acquisition cost. See line 3, No-Charge-Transfers from Other DOE Offices or Contractors for transfer of responsibilities.

10. No-Charge-Transfers to Other Federal Agencies - Such transfers are treated in the same manner as transfers to another DOE organization as in 9 above.

11. Other - Include a brief explanation of the transaction such as extraordinary obsolescence, physical inventory adjustment, transfer of title, etc., not included in 7 through 10 above. If property was lost, damaged or destroyed, give date relief of accountability was granted.

12. Total Dispositions - Total of lines 7 through 11.

Additional instructions for the management of Government property in the possession of offsite contractors are in FAR 45.5 and DEAR 945.5. Contracts issued prior to April 1, 1984, will continue to reference DOE-PMR 109-60.

BILLING INSTRUCTIONS FOR UNITED STATES DEPARTMENT OF ENERGY

a. These instructions are provided for the use by the contractor in the preparation and submission of vouchers or invoices requesting reimbursement for work performed on negotiated cost-type contracts. Reimbursement procedures related to negotiated cost-type contracts involve the preparation and submission by the contractor of adequately prepared claims to the government. The submission of vouchers as suggested herein will reduce correspondence and other causes for delay to a minimum and will thus assure prompt payment to the contractor.

b. In requesting reimbursement, contractors will use the government voucher Standard Form (SF) 1034, Public Voucher for Purchases and Services Other Than Personal, or an acceptable substitute which provides the same necessary information as described in these instructions.

c. The SF 1034 will be completed in accordance with the following numerical designations: (Reference Form SF 1034 in Appendix A)

(1) All spaces numbered (1) should be left blank.

(2) Date voucher prepared and voucher number.

(3) Contractor's name and mailing address and phone number..

(4) Contract number and date of contract.

(5) Where work assignments or task orders are involved in the billing, the number and date of the applicable task order will be shown in this space, otherwise leave blank.

(6) Identify the period billing covers (i.e., month of January or January-March, 19--).

(7) Contract number cited must be the same as the number in the contract document and in item 4 above.

(8) Show the dollar amount of this billing. The amount claimed must agree with amount reflected in the detailed summary statement.

(9) Place an "X" in the appropriate block for the type of payment for which reimbursement is required.

d. Each SF 1034 voucher and the accompanying backup (summary reports, support documents, and written certification) shall be submitted electronically to all individuals identified on the distribution list (to be determined), as the capabilities are available at DOE. Electronic distribution shall be done simultaneously to all individuals on the distribution list to expedite the payment process. (Exception: If DOE is not fully capable of receiving electronic billings, then the contractor must submit one original voucher with one copy of the

support documents and four copies of the voucher without the support documents to the Contracting Officer, until such time as electronic billings can be accepted by DOE).

The financial data that are included in the standard voucher package must be provided in a standard electronic file format (to be determined). This data includes:

(1) Invoice Number,

(2) Contract Identification Number (CID),

(3) Fund Type (FT),

(4) Budget and Reporting Code (B&R), and

(5) Supplementary Data Codes; Activity Data Sheets (ADS), Equipment Number(EQU), Construction Project Number (PRN), and Reimbursable Work Order Number (Order).

e. The Certification (see Appendix B) must be signed by an authorized official. The Certification must also be submitted electronically with the voucher package (see exception above in paragraph d).

f. Support documents for task orders and associated direct productive labor by labor category, labor overhead, subcontracts, travel, training, equipment, relocation, and supplies/services shall be provided for each SF 1034 voucher. (See Appendix C sample format for support documents). All support documents accompanying the SF 1034 voucher shall also be submitted electronically with the voucher package (see exception above in paragraph d).

g. The award fee, if scheduled, and base fee shall be paid by electronic funds transfer pursuant to the FAR Clause 52.216-7, Allowable Cost and Payment.

(Signature)	(Title)	(Date)

(Note: Attach one copy of each support document, as defined in Appendix C, to this billing).

APPENDIX C
SAMPLE FORMAT FOR SUPPORT DOCUMENTS

The purpose of the support documents is to allow the Department of Energy technical representative to relate the progress achieved by the contractor to the cost incurred and enhance his ability to manage the program. The support document should be presented in enough detail to meet these objectives.

Task Order Summary

A table shall be provided that summarizes the cost elements for all task orders. This summary provides the transition from the individual task order information to the total costs requested on the certification of payment.

Individual Task Order Recap

The individual task order recap sheet summarizes all the backup information into one sheet. It basically repeats the information contained on the contractor certification form, but contains only the information pertinent to that individual task. Backup documentation described below shall be attached to the individual task order recap. It shall be grouped, marked, or otherwise identified so that backup documents can be directly tied to the cost totals shown on the task plan order sheets and task order summary sheet.

Backup Documentation

Direct Productive Labor

(1) Listing by name and hours charged to this contract during the billed period; or

(2) Listing by labor category (i.e., senior research scientist, chemical engineer, technician, draftsman), and hours charged to this contract during the billed period.

Subcontracts - Remedial Action

(1) A copy of the invoice received from each subcontractor that includes subcontractor's name and address, a breakdown of the costs, the percent complete of each work element, and the amount requested for payment.

Travel

(1) A copy of the detailed travel expense report without copies of receipts, tickets, etc.; or

(2) A listing reflecting the name of the individual, destination, date of departure and return, purpose of trip, and total travel costs incurred.

Training

(1) A copy of the invoice for payment of the course registration and associated costs (excluding travel reported above), or

(2) A listing reflecting the name of the individual, purpose of training, location of training, and associated costs (excluding travel reported above).

Equipment

(1) A copy of the invoice received from the vendor with the DOE property tag number reflected; or

(2) Listing of capital and non-capital equipment, furniture, and computer hardware and software purchased to reflect name of vendor, description of item purchased, date purchased, cost, and DOE property tag number.

Relocation

(1) A copy of the detailed relocation expense report with copies of receipts for major expenses such as real estate, transportation of household goods, temporary quarters, etc.

Supplies/Services

(1) A copy of the invoice received from the vendor; or

(2) Listing of each order for supplies and services purchased to reflect name of vendor, description of item purchased, date purchased, and cost.

Other

(1) A copy of the invoice received from the vendor; or

(2) Listing of each order for other miscellaneous purchases to reflect name of vendor, description of item purchased, date purchased, and cost.

GUIDANCE FOR PREPARATION OF DIVERSITY PLAN

The purpose of this Guidance is to assist the Contractor in understanding the information being sought by the Department for each of the Diversity elements and where these issues may already be addressed in a contract package. To the extent these issues are already addressed in a contract, the Contractor need only summarize or cross reference the parts of the Plan directly developed elsewhere in the contract.

Work Force

Most federal Government procurement actions include provisions on Equal Opportunity and Affirmative Action. These provisions are found in the series of clauses at FAR 52.222 (48 CFR 52.222) and regulatory guidance is found at FAR Part 22 (48 CFR Part 22). The Contractor should discuss its policies and plans for implementation of these provisions in its operations. If the Contractor already has procedures in place, these should be discussed and copies of any policies provided.

Educational Outreach

The Contractor should outline or discuss any programs already provided, or which it intends to provide, which will provide employees an opportunity to improve their employment skills and opportunities. These programs may already be discussed in the offer submitted under a RFP or the Personnel Appendix of an executed contract and could include: educational assistance allowances, provisions for outside training programs either during or outside regular work hours, and executive training programs for non-executive employees. The Contractor should also discuss any plans to participate in any programs supporting Historically Black Colleges and Universities.

Employee training and educational opportunities may be a subject largely controlled by the unions at a site, particularly through bargaining agreements. If that is the case, it is not the Department's intent that the Contractor develop an independent structure for employee training and educational opportunities. In preparation of its Diversity Plan, the Contractor should outline the requirements already placed on it under existing bargaining agreements, discuss any proposals for changes to be raised at any future bargaining sessions, and discuss any educational or training programs which it operates, or will operate independently of those provided by the unions.

Stakeholder Involvement and Outreach

An offer submitted under a RFP or the Personnel Appendix of an executed contract may include a section already dealing with stakeholder involvement and outreach activities. Contractor stakeholder relations activities could include support for the following activities: support for science, mathematics and engineering education; support for stakeholder service organizations; assistance to Governmental and stakeholder service organizations for equal opportunity activities; and stakeholder assistance in connection with work force reduction plans. The Contractor may provide support to these activities through direct sponsorship or making individual employees available to work with the specific stakeholder activity. Depending upon the terms negotiated between the

Department and the Contractor, some of these costs may be reimbursable. The Contractor's Diversity Plan should discuss the Contractor's existing and planned activities prompting stakeholder involvement of its employees as well as the corporation.

Subcontracting

If the Contractor is participating, or plans to participate, in the Department's Mentor Protégé Program, this involvement, or planned involvement, should be summarized or discussed. Information concerning its subcontracting plans already developed and submitted by the Contractor does not need to be redeveloped or renegotiated by the Contractor.

Economic Development (Including Technology Transfer)

Many of the Department's contract actions include Technology Transfer provisions which may be found in the H Section, Special Contract Provisions, or among the patent and intellectual property clauses of Section I, Standard Clauses. Planning or activities developed under the Technology Transfer clause may apply to this element of the Contractor's Diversity Plan. Additionally, some of the subcontracting activities planned by the Contractor with small businesses or small disadvantaged businesses may be entered into for the purpose of assisting the economic development of or transferring technology to such a business. The Contractor's Diversity Plan should outline and discuss its planned activities promoting economic diversification of the local community.

REGISTER OF WAGE DETERMINATIONS UNDER
THE SERVICE CONTRACT ACT
By direction of the Secretary of Labor

Alan L. Moss
Director

Division of
Wage Determinations

U.S. DEPARTMENT OF LABOR
EMPLOYMENT STANDARDS ADMINISTRATION
WAGE AND HOUR DIVISION
WASHINGTON, D.C. 20210

Wage Determination No.: 95-0227

Date of Last Revision: 03/20/1995

State(s): Colorado

Area: COLORADO COUNTIES OF MESA.

** Fringe Benefits Required For All Occupations Included In This Wage Determination Follow The Occupational Listing **

OCCUPATION	MINIMUM HOURLY WAGE
Employed on contracts for management, engineering, and scientific services at Grand Junction:	

In accordance with Section 2(a) and 4(c) of the Service Contract Act, as amended employees employed by the contractor in performing the above services and covered by the collective bargaining agreement(s) between Chem-Nuclear Geotech, Inc. and Local Union No. 2-655, Oil Chemical and Atomic Workers International Union and Local Union No. 65, International Guards Union of America are to be paid wage rates and fringe benefits set forth in the bargaining agreement(s), effective July 5, 1993-July 15, 1996 and March 1, 1993-February 25, 1996, respectively.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of $4.25 per week (or $.85 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried

with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** NOTES APPLYING TO THIS WAGE DETERMINATION ****

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE (Standard Form 1444 (SF 1444))

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. (See Section 4.6 (C)(vi)) When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).

2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour decision to the contractor.

6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

NOTE:

In accordance with Section 4(c) of the Service Contract Act, as amended, the wage rates and fringe benefits set forth in this wage determination are based on a collective bargaining agreement(s) under which the incumbent contractor is operating. The wage determination sets forth the wage rates and fringe benefits provided by the collective bargaining agreement and applicable to performance on the service contract. However, failure to include any job classification, wage rate, or fringe benefit encompassed in the collective bargaining agreement does not relieve the successor contractor of the statutory requirements to comply as a minimum with the terms of the collective bargaining agreement insofar as wages and fringe benefits are concerned.

07130	Meat Cutter	$ 11.83
07250	Waiter/Waitress	$ 8.90

FURNITURE MAINTENANCE AND REPAIR:

09010	Electrostatic Spray Painter	$ 12.46
09040	Furniture Handler	$ 10.05
09070	Furniture Refinisher	$ 12.46
09100	Furniture Refinisher Helper	$ 10.05
09110	Furniture Repairer, Minor	$ 10.69
09130	Upholsterer	$ 12.46

GENERAL SERVICES AND SUPPORT:

11030	Cleaner, Vehicles	$ 8.31
11060	Elevator Operator	$ 8.31
11090	Gardener	$ 10.83
11121	Housekeeping Aide I	$ 8.31
11122	Housekeeping Aide II	$ 8.90
11150	Janitor	$ 8.31
11180	Laborer	$ 8.27
11210	Laborer, Grounds Maintenance	$ 8.90
11240	Maid or Houseman	$ 7.70
11270	Pest Controller	$ 11.61
11300	Refuse Collector	$ 8.31
11360	Window Cleaner	$ 8.90

HEALTH:

12010	Ambulance Driver	$ 10.83
12040	Emergency Medical Technician	$ 10.11
12070	Licensed Practical Nurse	$ 9.09
12100	Medical Assistant	$ 8.13
12130	Medical Laboratory Technician	$ 8.13
12160	Medical Record Clerk	$ 8.13
12190	Medical Record Technician	$ 11.26
12220	Nursing Assistant	$ 7.24
12250	Pharmacy Technician	$ 10.13
12280	Phlebotomist	$ 8.13
12311	Registered Nurse I	$ 11.26
12312	Registered Nurse II	$ 13.77
12313	Registered Nurse II, Specialist	$ 13.77
12314	Registered Nurse III	$ 16.66
12315	Registered Nurse III, Anesthetist	$ 16.66
12316	Registered Nurse IV	$ 19.97

INFORMATION AND ARTS:

13002	Audiovisual Librarian	$ 12.96
13011	Exhibits Specialist I	$ 10.46
13012	Exhibits Specialist II	$ 12.96
13013	Exhibits Specialist III	$ 15.85
13041	Illustrator I	$ 10.46
13042	Illustrator II	$ 12.96
13043	Illustrator III	$ 15.85
13050	Library Technician	$ 10.46
13071	Photographer I	$ 9.36
13072	Photographer II	$ 10.46
13073	Photographer III	$ 12.96
13074	Photographer IV	$ 15.85
13075	Photographer V	$ 18.46

NDRY, DRY CLEANING, PRESSING:

15010	Assembler	$ 5.19
15030	Counter Attendant	$ 5.19
15040	Dry Cleaner	$ 6.41
15070	Finisher, Flatwork, Machine	$ 5.19
15090	Presser, Hand	$ 5.19
15100	Presser, Machine, Dry Cleaning	$ 5.19
15130	Presser, Machine, Shirts	$ 5.19
15160	Presser, Machine, Wearing Apparel, Laundry	$ 5.19
15190	Sewing Machine Operator	$ 6.74
15220	Tailor	$ 7.12
15250	Washer, Machine	$ 5.64

MACHINE TOOL OPERATION AND REPAIR:

19010	Machine-tool Operator (Toolroom)	$ 12.46
19040	Tool and Die Maker	$ 13.91

MATERIALS HANDLING AND PACKING:

21010	Fuel Distribution System Operator	$ 10.64
21020	Material Coordinator	$ 11.22
21030	Material Expediter	$ 11.22
[illegible]040	Material Handling Laborer	$ 9.30
[illegible]071	Forklift Operator	$ 9.55
21100	Shipping/Receiving Clerk	$ 10.64
21130	Shipping Packer	$ 10.64
21150	Stock Clerk	$ 8.80
21210	Tools and Parts Attendant	$ 10.05
21400	Warehouse Specialist	$ 10.64

MECHANICS AND MAINTENANCE AND REPAIR:

23010	Aircraft Mechanic	$ 12.84
23040	Aircraft Mechanic Helper	$ 10.05
23060	Aircraft Servicer	$ 11.22
23070	Aircraft Worker	$ 11.77
23100	Appliance Mechanic	$ 12.46
23120	Bicycle Repairer	$ 10.55
23125	Cable Splicer	$ 12.84
23130	Carpenter, Maintenance	$ 12.46
23140	Carpet Layer	$ 11.77
23160	Electrician, Maintenance	$ 12.84
23181	Electronics Technician, Maintenance I	$ 9.98
23182	Electronics Technician, Maintenance II	$ 12.27
23183	Electronics Technician, Maintenance III	$ 14.84
23260	Fabric Worker	$ 10.69
23290	Fire Alarm System Mechanic	$ 12.84
[illegible]710	Fire Extinguisher Repairer	$ 11.22
40	Fuel Distribution System Mechanic	$ 12.84
23370	General Maintenance Worker	$ 11.77
23400	Heating, Refrigeration and Air Conditioning Mechanic	$ 12.84

23430	Heavy Equipment Mechanic	$ 12.84
23460	Instrument Mechanic	$ 12.84
23500	Locksmith	$ 12.46
23530	Machinery Maintenance Mechanic	$ 12.84
23550	Machinist, Maintenance	$ 12.84
23580	Maintenance Trades Helper	$ 10.36
23640	Millwright	$ 12.84
23700	Office Appliance Repairer	$ 12.46
23740	Painter, Aircraft	$ 12.46
23760	Painter, Maintenance	$ 14.46
23790	Pipefitter, Maintenance	$ 12.84
23800	Plumber, Maintenance	$ 14.46
23820	Pneudraulic Systems Mechanic	$ 12.84
23850	Rigger	$ 12.84
23870	Scale Mechanic	$ 11.77
23890	Sheet-metal Worker, Maintenance	$ 12.84
23910	Small Engine Mechanic	$ 11.77
23930	Telecommunications Mechanic I	$ 12.84
23940	Telecomunications Mechanic II	$ 13.55
23950	Telephone Lineman	$ 12.84
23960	Welder, Combination, Maintenance	$ 12.84
23965	Well Driller	$ 12.84
23970	Woodcraft Worker	$ 12.84
23980	Woodworker	$ 11.77

PERSONAL NEEDS:

24570	Child Care Attendant	$ 8.96
24600	Chore Aide	$ 7.70
24630	Homemaker	$ 12.41

PLANT AND SYSTEM OPERATION:

25010	Boiler Tender	$ 12.84
25040	Sewage Plant Operator	$ 12.46
25070	Stationary Engineer	$ 12.84
25190	Ventilation Equipment Tender	$ 10.05
25210	Water Treatment Plant Operator	$ 12.46

PROTECTIVE SERVICE:

27004	Alarm Monitor	$ 6.33
27010	Court Security Officer	$ 7.05
27040	Detention Officer	$ 7.05
27070	Firefighter	$ 7.05
27101	Guard I	$ 5.03
27102	Guard II	$ 6.33
27130	Police Officer	$ 7.05

TECHNICAL:

29020	Archeological Technician	$ 12.96
29030	Cartographic Technician	$ 12.96
29040	Civil Engineering Technician	$ 12.96
29061	Drafter I	$ 8.33
29062	Drafter II	$ 9.36
29063	Drafter III	$ 10.46
29064	Drafter IV	$ 12.96
29070	Embalmer	$ 15.85
29081	Engineering Technician I	$ 8.33

29082	Engineering Technician II	$ 9.36
29083	Engineering Technician III	$ 10.46
29084	Engineering Technician IV	$ 12.96
29085	Engineering Technician V	$ 15.85
29086	Engineering Technician VI	$ 19.17
29090	Environmental Technician	$ 12.96
29210	Laboratory Technician	$ 12.26
29240	Mathematical Technician	$ 12.96
29330	Mortician	$ 15.85
29390	Photooptics Technician	$ 12.96
29480	Technical Writer	$ 15.09
29620	Weather Observer, Senior 2/	$ 13.63
29621	Weather Observer, Combined 2/ Upper Air and Surface Programs	$ 12.26
29622	Weather Observer, Upper Air 2/	$ 12.26

TRANSPORTATION/MOBILE EQUIPMENT OPERATION:

31030	Bus Driver	$ 10.69
31100	Driver Messenger	$ 9.37
31200	Heavy Equipment Operator	$ 12.84
31290	Shuttle Bus Driver	$ 9.98
31300	Taxi Driver	$ 10.11
31361	Truckdriver, Light Truck	$ 9.98
31362	Truckdriver, Medium Truck	$ 10.69
31363	Truckdriver, Heavy Truck	$ 12.07
36364	Truckdriver, Tractor-Trailer	$ 12.62

MISCELLANEOUS:

99005	Aircraft Quality Control Inspector	$ 13.55
99020	Animal Caretaker	$ 9.50
99030	Cashier	$ 7.31
99040	Child Care Center Clerk	$ 11.16
99050	Desk Clerk	$ 8.96
99260	Instructor	$ 13.63
99300	Lifeguard	$ 7.98
99350	Park Attendant (Aide)	$ 10.02
99400	Photofinishing Worker	$ 7.98
99500	Recreation Specialist	$ 12.41
99510	Recycling Worker	$ 10.11
99610	Sales Clerk	$ 7.98
99630	Sports Official	$ 7.98
99658	Survey Party Chief	$ 10.83
99659	Surveying Technician	$ 10.02
99660	Surveying Aide	$ 7.31
99690	Swimming Pool Operator	$ 11.83
99720	Vending Machine Attendant	$ 10.11
99730	Vending Machine Repairer	$ 11.83
99740	Vending Machine Repairer Helper	$ 10.11

**** Fringe Benefits Required For All Occupations Included In This Wage Determination ****

HEALTH & WELFARE: $0.90 per hour or $36.00 per week or $156.00 per

month.

VACATION: Two weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 5 years; 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractor in the performance of similar work at the same Federal facility. (Reg. 4.173)

HOLIDAYS: Minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

1/

Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See 29 CFR 4.156)

2/

APPLICABLE TO WEATHER OBSERVERS ONLY - NIGHT PAY & SUNDAY PAY: If you work at night as a part of a regular tour of duty, you will earn a NIGHT DIFFERENTIAL and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employee (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of $4.25 per week (or $.85 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards

set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

** NOTES APPLYING TO THIS WAGE DETERMINATION **

Source of Occupational Titles and Descriptions:

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations," Fourth Edition, January 1993, as amended by First Supplement December 1993, unless otherwise indicated. This publication may be obtained from the Superintendent of Documents, at 202-783-3238, or by writing to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Copies of specific job descriptions may also be obtained from the appropriate contracting officer.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE (Standard Form 1444 (SF 1444))

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. (See Section 4.6 (C)(vi)) When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).

2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's

recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour decision to the contractor.

6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

Guidance for
Environment, Safety & Health Management Plan*

Within 60 days after the date of award of the contract, the contractor shall submit to the contracting officer for review and approval an Environment, Safety & Health (ES&H) Management Plan. Elements of this Plan may already have been submitted as part of contract (extension) negotiations, as terms in an offer in response to a request-for-proposal (RFP), or under requirements in a DOE Order or Directive. Other elements of the ES&H Management Plan may appear in related contract clauses or appendices included as part of the final contract and minimal additional planning or development may be required by the contractor in connection with preparing the Plan. To at least some degree, preparation of the Plan will be a matter of tying together and presenting in a cohesive form ES&H elements addressed elsewhere in the contract, presented in the RFP, or required by DOE Order or Directive. However, preparation of this contractor's attention on those issues and integrating ES&H planning and execution in the work. The Plan shall acknowledge and address the following:

ES&H Responsibilities of Key Personnel

The Plan shall confirm that the contractor explicitly holds the Program Manager for the Grand Junction (GJ) Site responsible for and accountable for satisfactory ES&H performance under the contract. Additionally, any other key personnel reporting directly to the Program Manger at the site on ES&H issues shall be held explicitly responsible and accountable for satisfactory ES&H performance within their purview. ES&H performance shall also be included in evaluations of personnel performance.

Integrated Planning

The Plan shall:

(a) be consistent with and further the purpose of the Department's Strategic Plan and goals relative to ES&H;

(b) demonstrate management commitment for bringing about actions to correct conditions impacting satisfactory ES&H performance;

(c) reflect the contractor's commitment to put in place all the elements of a comprehensive ES&H program according to a negotiated and definitive schedule for funded activities;

(d) provide for ES&H issue identification and risk-based resource allocation (i.e., ES&H Management Planning Process);

(e) provide a framework for contingency planning to ensure critical elements of the ES&H program are conducted in the event of shortfalls in funding;

(f) describe the mechanism for holding the contractor Chief executive Officer at the site accountable for ES&H performance;

(g) address the role of the parent corporation (if this situation is present) to support and ensure that the contractor is integrating and carrying out ES&H

responsibilities, when appropriate (particularly where a corporate performance guarantee is provided under the contract), and;

(h) describe provisions for recognizing equivalent training and/or reciprocity for training and flow down of ES&H training requirements to subcontractors.

Compliance with Safety and Health Standards

The Plan shall confirm the contractor's commitment to comply with applicable regulations including, but not limited to, those promulgated by the U.S. Department of Labor and appropriate safety and health standards. The Plan shall indicate the contractor's management position which will be the on-site designated representative responsible for resolving contractor and subcontractor safety and health issues.

Environmental Compliance

The Plan shall include provisions for an environmental protection program and describe the methods which will ensure that environmental requirements are considered in all phases of contract activities. The Plan shall indicate the contractor's management position what will be the on site designated representative responsible for all contractor and subcontractor environmental issues.

Worker Participation

The Plan shall describe the framework to be established by the contractor for worker participation on environment, safety and health issues in the development of work plans and procedures for completing work assignments and promoting an understanding of workplace hazards.

Work Planning

The Plan shall describe the system the contractor will use to ensure that tasks performed directly or indirectly by the contractor or subcontractors working on-site are preplanned to promote environmental protection and compliance, identification and analysis of safety and health hazards, and protection of workers and the public.

Evaluation and Corrective Action

Self-evaluation is required in certain provisions of this contract. The Plan shall describe how these self-evaluations will provide for an internal environmental, safety and health performance evaluation and corrective action system. The Plan shall describe how management will continually assess the adequacy and implementation of the ES&H program to assure continuous improvement and that deficiencies are corrected in a cost effective manner.

*NOTE: This Plan is the current DOE ES&H Management Plan that is described in the "DOE ES&H Management Plan Guidance Manual" augmented to include the provisions of this appendix.
